**Eight Longer Poems** David R. Slavitt, 1990 David R Slavitt brings together eight poems that deal largely with the mind's relation to history personal history and the history of myth and of empires In addressing these two seemingly independent modes of thinking and remembering Slavitt reveals that they are in fact closely related and that they are both part of our poetic consciousness [The Sources of Scott's Eight Long Poems](#) Rose Marie Grady, 1934 *British Poetry of the Long Nineteenth Century* Beverley Park Rilett, 2017-04-29 This anthology surveys Britain's golden years of poetry the long nineteenth century College students are introduced to the most frequently studied poems of eighteen poets each afforded roughly equal space Neither too condensed nor too comprehensive this 436 page collection is designed specifically for six to eight weeks of poetry study in a British literature course [The Middle English Verse Love Epistle](#) Martin Camargo, 2013-10-10 No detailed description available for The Middle English Verse Love Epistle *Rethinking the North American Long Poem* Ridvan Askin, Julius Greve, 2024-12-15 For centuries critics poets poet scholars and philosophers have either openly proclaimed or tacitly assumed the long poem as the highest expression of literary ambition and excellence *Rethinking the North American Long Poem* focuses on the North American variant of this notorious form notorious because of its often forbidding and difficult character particularly with respect to the dialectics of content and form aesthetics and politics matter and genre In nine essays and a contextual introduction the editors and contributors scrutinize seminal long poems by North American writers including Walt Whitman's *Song of Myself* Ezra Pound's *The Cantos* Muriel Rukeyser's *The Book of the Dead* and Charles Olson's *The Maximus Poems* They also explore recent efforts that have redefined or reopened the case of the long poem including Rachel Blau DuPlessis's *Drafts* M. Poetic Metaphors Carina Rasse, 2022-06-15 Poetry pushes metaphor to the limit Consider how many different dynamic and interconnected dimensions e.g. text rhyme rhythm sound and many more a poem has and how they all play a role in the ways metaphorical meaning is constructed There is probably no other genre that relies so much on the creator's ability to get his or her message across while at the same time leaving enough room for the interpreters to find out for themselves what a poem means to them what emotions and feelings it evokes and which experiences it conveys This book uses interviews questionnaires and think aloud protocols to investigate the meanings and functions of metaphors from a poet's perspective and to explore how readers interpret and engage with this poetry Besides the theoretical contribution to the field of metaphor studies this monograph presents numerous practical implications for a systematic exploration of metaphors in contemporary poetry and beyond

*Shakespeare and the Versification of English Drama, 1561-1642* Marina Tarlinskaja, 2016-12-05 Surveying the development and varieties of blank verse in the English playhouses this book is a natural history of iambic pentameter in English The main aim of the book is to analyze the evolution of Renaissance dramatic poetry Shakespeare is the central figure of the research but his predecessors contemporaries and followers are also important Shakespeare the author argues can be fully understood and appreciated only against the background of the whole period Tarlinskaja surveys English plays by Elizabethan Jacobean and Caroline

playwrights from Norton and Sackville's *Gorboduc* to Sirley's *The Cardinal*. Her analysis takes in such topics as what poets treated as a syllable in the 16th-17th century metrical verse, the particulars of stressing in iambic pentameter texts, word boundary and syntactic segmentation of verse lines, their morphological and syntactic composition, syllabic accentual and syntactic features of line endings, and the way Elizabethan poets learned to use verse form to enhance meaning. She uses statistics to explore the attribution of questionable Elizabethan and Jacobean plays and to examine several still enigmatic texts and collaborations. Among these are the poem *A Lover's Complaint*, the anonymous tragedy *Arden of Faversham*, the challenging Sir Thomas More, the later Jacobean comedy *The Spanish Gypsy*, as well as a number of Shakespeare's co-authored plays. Her analysis of versification offers new ways to think about the dating of plays, attribution of anonymous texts, and how collaborators divided their task in co-authored dramas.

#### Poems of Francis Thompson

Francis Thompson, 2002-07-04 During the research for her biography of Francis Thompson *Between Heaven and Charing Cross*, it became clear to Brigid Boardman that a new edition of his poetry was essential for a full recognition of the range and variety of his work. He remains best known for his great poem *The Hound of Heaven*, but his work as a whole has never been properly presented. All previous editions include the many alterations and deletions that were made to Thompson's work posthumously by Wilfrid Meynell for the edition of 1913. Meynell's aim was to present the poetry in a strictly orthodox Catholic light in a period when fears about Modernism influenced the Church's understanding of literature. These anxieties have not served the poetry well. Thompson's aim was to be the poet of the return to God, and his work expresses the divine presence that he believed permeated all aspects of life. This edition finally restores an important English poet to the readers that he so deserves.
