youth culture and radical politics to build a subculture that included dances and parties as well as picket lines and sit down strikes while forging a vision for social change In documenting AFFFHW members and the Kensington community McConnell Sidorick shows how labor federations like the Congress of Industrial Organizations and government programs like the New Deal did not spring from the heads of union leaders or policy experts but were instead nurtured by grassroots social movements across America

Everyday Silence and the Holocaust Irene Levin, 2024-07-31 *Everyday Silence and the Holocaust* examines Irene Levin's experiences of her family's unspoken history of the Holocaust and the silence that surrounded their war experiences as non topics A central example of what C Wright Mills considered the core of sociology the intersection of biography and history the book covers the process by which the author came to understand that notes found in her mother's apartment following her death were not unimportant scribbles but in fact contained elements of her mother's biographical narrative recording her parents escape from occupied Norway to unoccupied Sweden in late 1942 From the mid 1990s when society began to open up about the atrocities committed against the Jews so too did the author find that her mother and the wider Jewish population ceased to be silent about their war experiences and began to talk Charting the process by which the author traced the family's broader history this book explores the use of silence whether in the family or in society more widely as a powerful analytic tool and examines how these silences can intertwine This book provides insight into social processes often viewed through a macro historical lens by way of analysis of the life of an ordinary Jewish woman as a survivor An engaging grounded study of the biographical method in sociology and the role played by silence this book will appeal to readers with an interest in the Holocaust and World War II as well as in social scientific research methods It will be of use to both undergraduate and postgraduate scholars in the fields of history social science psychology philosophy and the history of ideas The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

First Films of the Holocaust Jeremy Hicks, 2019-12-03 Most early Western perceptions of the Holocaust were based on newsreels filmed during the Allied liberation of Germany in 1945 Little however was reported of the initial wave of material from Soviet filmmakers who were in fact the first to document these horrors In *First Films of the Holocaust* Jeremy Hicks presents a pioneering study of Soviet contributions to the growing public awareness of the horrors of Nazi rule Even before the war the Soviet film *Professor Mamlock* which premiered in the United States in 1938 and coincided with the Kristallnacht pogrom helped reinforce anti Nazi sentiment Yet Soviet films were often dismissed or even banned in the West as Communist propaganda Ironically in the brief 1939-1941 period of Nazi and Soviet alliance such films were also banned in the Soviet Union only to be reclaimed after the Nazi attack on the Soviet Union in 1941 and suppressed yet again during the Cold War Jeremy Hicks recovers much of

the major film work in Soviet depictions of the Holocaust and views them within their political context both locally and internationally Overwhelmingly wartime films were skewed to depict Soviet resistance Red funerals and calls for vengeance rather than the singling out of Jewish victims by the Nazis Almost no personal testimony of victims or synchronous sound was recorded furthering the disconnection of the viewer to the victims Hicks examines correspondence scripts reviews and compares edited with unedited film to unearth the deliberately hidden Jewish aspects of Soviet depictions of the German invasion and occupation To Hicks it s in the silences gaps and ellipses that the films speak most clearly Additionally he details the reasons why Soviet Holocaust films have been subsequently erased from collective memory in the West and the Soviet Union their graphic horror their use as propaganda tools and the postwar rise of the Red Scare in the United States and anti Semitic campaigns in the Soviet Union *Legal Executions by the United States Military* R. Michael Wilson,2022-06-06 During the two decades following entry into World War II nearly 30 million men and women served in or worked for the United States military Tens of thousands faced a general court martial under the Articles of War which prescribed either life in prison or death for crimes of murder rape or desertion Only 160 men were sentenced to death and executed 159 for murder or rape or a combination of the two and one for desertion The manner of death was by firing squad or by hanging These dishonored servicemen were buried in various locations around the world Later nearly all were moved to grave sites in military cemeteries segregated from those who died honorably This book tells the stories of the men their crimes and their executions **Sales, Revenues and Income of Privately-owned Class A and Class B Electric Utilities in the United States** United States.
