**The Burdens of Sister Margaret** Craig Harline, 2008-10-01 Based on a treasure trove of letters this fascinating book tells the history of a seventeenth century nun in a convent in Leuven and how her complaints of sexual harassment fears of demonic possession alliances among the other sisters against her led to her banishment from the convent on two occasions Highly acclaimed when it was first published as a revealing look at female religious life in early modern Europe the book is now available in an abridged paperback version with a new preface by the author Reviews of the clothbound edition A window to the past I loved just loved this book Carolyn See Washington Post The world Mr Harline uncovers is a fascinating one The story of Sister Margaret gives an extra dimension of humanity to a turning point in the history of ideas Sonia Gernes Wall Street Journal Better than fiction social history This is a glimpse into diaries letters hearts minds hatreds and hopes it will enthrall Christian Century Harline's graceful writing allows the women and men in this religious community to breathe gossip pray with tears The Burdens of Sister Margaret helps us see the familiar Reformation in a fresh way Kevin A Miller Christianity Today Microhistory at its best Larissa Taylor Renaissance Quarterly

**Feminine Sanctity and Spirituality in Medieval Wales** Jane Cartwright, 2008 Cartwright sheds light on the religious women of medieval Wales Drawing on a wide range of sources from saints' lives and native poetry to holy wells and visual evidence she explores feminine sanctity its meanings manifestations and related iconography in a specifically Welsh context

**Holy Matter** Sara Ritchey, 2014-03-29 A magnificent proliferation of new Christ-centered devotional practices including affective meditation imitative suffering crusade Eucharistic cults and miracles passion drama and liturgical performance reveals profound changes in the Western Christian temperament of the twelfth century and beyond This change has often been attributed by scholars to an increasing emphasis on God's embodiment in the incarnation and crucifixion of Christ In Holy Matter Sara Ritchey offers a fresh narrative explaining theological and devotional change by journeying beyond the human body to ask how religious men and women understood the effects of God's incarnation on the natural material world She

finds a remarkable willingness on the part of medieval Christians to embrace the material world its trees flowers vines its worms and wolves as a locus for divine encounter Early signs that perceptions of the material world were shifting can be seen in reformed communities of religious women in the twelfth century Rhineland Here Ritchey finds that in response to the constraints of gendered regulations and spiritual ideals women created new identities as virgins who like the mother of Christ impelled the world's re-creation their notion of the world's re-creation held that God created the world a second time when Christ was born In this second act of creation God was seen to be present in the physical world thus making matter holy Ritchey then traces the diffusion of this new religious doctrine beyond the Rhineland showing the profound impact it had on both women and men in professed religious life especially Franciscans in Italy and Carthusians in England Drawing on a wide range of sources including art liturgy prayer poetry meditative guides and treatises of spiritual instruction Holy Matter reveals an important transformation in late medieval devotional practice a shift from metaphor to material from gazing on images of a God made visible in the splendor of natural beauty to looking at the natural world itself and finding there God's presence and promise of salvation

**Women in Medieval Europe** Jennifer Ward, 2014-06-11 Women in Medieval Europe were expected to be submissive but such a broad picture ignores great areas of female experience Between the thirteenth and fifteenth centuries women are found in the workplace as well as the home and some women were numbered among the key rulers saints and mystics of the medieval world Opportunities and activities changed over time and by 1500 the world of work was becoming increasingly restricted for women Women of all social groups were primarily engaged with their families looking after husband and children and running the household Patterns of work varied geographically In the northern towns women engaged in a wide range of crafts with a small number becoming entrepreneurs Many of the poor made a living as servants and labourers Prostitution flourished in many medieval towns Some women turned to the religious life and here opportunities burgeoned in the thirteenth century The Middle Ages are not remote from the twenty first century the lives of medieval women evoke a response today The medieval mother faced similar problems to her modern counterpart The sheer variety of women's experience in the later Middle Ages is fully brought out in this book

**Women's Roles in the Middle Ages** Sandy Bardsley, 2007-06-30 Information about women in this truly fascinating period from 500 to 1500 is in great demand and has been a challenge for historians to uncover Bardsley has mined a wide range of primary sources from noblewomen's writing court rolls chivalric literature laws and legal documents to archeology and artwork This fresh survey provides readers with an excellent understanding of how women high and low fared in terms of religion work family law culture and politics and public life Even though medieval women were divided by social class religion age marital status place and period they were all subject to an overarching patriarchal structure and sometimes could transcend their inferior status Numerous examples of these exceptional women and their words are included Chapter 1 examines religion focusing on women's roles in the early Christian church the lives of nuns and other professional religious women such as anchoresses

and Beguines the participation of Christian laywomen and the experiences of Jewish and Islamic women in Western Europe The second chapter examines women's work looking in turn at the kinds of work performed by peasant women, townswomen and noblewomen Women's roles within the family form the subject of the third chapter This chapter follows women throughout the typical lifecycle from girl to widow examining the expectations and experiences of women at each stage Chapter 4 Women and the Law focuses on the ways in which laws both restricted and protected women It also considers the crimes with which women were most often charged and surveys laws regarding marriage and widowhood Women's roles in creative arts form the basis of the fifth chapter Women and Culture This chapter examines women's roles as artists, authors, composers and patrons as well as investigating the ways in which women were represented in works produced by men Finally chapter 6 discusses women's experiences in politics and public life While women as a group were typically banned from holding positions of public authority some found ways to get around this stricture while others were able to exercise power behind the scenes The final chapter thus encapsulates a major theme of this book the interplay between broader patriarchal forces that limited women's status and autonomy and the role of individuals who were able to overcome or circumvent such forces Medieval women were as a group subordinate to their husbands and fathers but certain women under certain circumstances evaded subordination

**Women as Scribes** Alison I. Beach, 2004-04-29 Professor Beach's book on female scribes in twelfth century Bavaria a full length study of the role of women copyists in the Middle Ages is underpinned by the notion that the scriptorium was central to the intellectual revival of the Middle Ages and that women played a role in this renaissance The author examines the exceptional quantity of evidence of female scribal activity in three different religious communities pointing out the various ways in which the women worked alone with other women and even alongside men to produce books for monastic libraries and discussing why their work should have been made visible whereas that of other female scribes remains invisible Beach's focus on manuscript production and the religious, intellectual, social and economic factors which shaped that production enables her to draw wide ranging conclusions of interest not only to palaeographers but also to those interested in reading, literacy, religion and gender history

The Writings of Medieval Women Marcelle Thiebaux, 2019-05-23 Published in 1994 The period surveyed in this anthology extends from the eve of Christianity's triumph in the third century to the new age of expansion in the fifteenth century an age marked by the advent of printing, pressed the European discovery of the Caribbean islands which Columbus called the Indies, the relentless stripping of medieval altars by Church reformists and perhaps a diminution of female autonomy

The Writings of Medieval Women Marcelle Theibaux, 2013-06-17 Royal and saintly women are well represented here with the welcome addition of women from the Mediterranean arc Garland has done a solid job of presenting this book Arthuriana The Anthology gives a fine sense of the great range of women's writing in the Middle Ages Medium Aevum

*Negotiating Community and Difference in Medieval Europe* Katherine Allen Smith, Scott Wells, 2009 This collection builds on the foundational work of

Penelope D Johnson John Boswell's most influential student outside queer studies on integration and segregation in medieval Christianity It documents the multiple strategies by which medieval people constructed identities and in the process wove the boundaries of inclusion and exclusion among various individuals and groups The collection adopts an interdisciplinary approach encompassing historical art historical and literary perspectives to explore the definition of personal and communal spaces within medieval texts the complex negotiation of the relationship between devotee and saint in both the early and the later Middle Ages the forming of partnerships symbolic economic devotional etc between men and women across medieval Europe's considerable gender divide and the ostracism of individuals and groups through various means including imprisonment violence and their identification with pollution Contributors include Diane Peters Auslander Constance Hoffman Berman Elizabeth A R Brown Alexandra Cuffel Anne M Schuchman Jane Tibbetts Schulenburg Katherine Allen Smith Kathryn A Smith Christina Roukis Stern Susan Valentine Susan Wade and Scott Wells

**Inventing Sempringham** Katharine Sykes, 2011 This book explores the origins of the role of the Master or head of the order of Sempringham the only monastic order to be founded in medieval England from the foundation of the order to the final drafting of its legislation in the 1230s The book demonstrates that many previous assumptions about the early development of this important role are flawed most notably the standard portrait of Gilbert of Sempringham founder of the order as a stereotypical charismatic leader big on ideas but short on the capacity to provide his followers with effective leadership Series Vita regularis Ordnungen und Deutungen religiösen Lebens im Mittelalter Abhandlungen Vol 46

**The Two Cities** Malcolm Barber, 2004-08-02 First published to wide critical acclaim in 1992 The Two Cities has become an essential text for students of medieval history For the second edition the author has thoroughly revised each chapter bringing the material up to date and taking the historiography of the past decade into account The Two Cities covers a colourful period from the schism between the eastern and western churches to the death of Dante It encompasses key topics such as the Crusades the expansionist force of the Normans major developments in the way kings emperors and Popes exercised their powers a great flourishing of art and architecture the foundation of the very first universities Running through it all is the defining characteristic of the high Middle Ages the delicate relationship between the spiritual and secular worlds the two cities of the title This survey provides all the facts and background information that students need and is defined into straightforward thematic chapters It makes extensive use of primary sources and makes new trends in research accessible to students Its fresh approach gives students the most rounded lively and integrated view of the high Middle Ages available

**Nobility and Annihilation in Marguerite Porete's Mirror of Simple Souls** Joanne Maguire Robinson, 2012-02-01 This first book length study of Marguerite Porete's important mystical text The Mirror of Simple Souls examines Porete's esoteric and optimistic doctrine of annihilation the complete transformative union of the soul into God in its philosophical and historical contexts Porete was burned at the stake as a relapsed heretic in 1310 Her theological treatise survived the flames but it

circulated anonymously or under male pseudonyms until 1946 and her message endures as testament to a distinctive form of medieval spirituality Robinson begins by focusing on traditional speculations regarding the origin nature limitations and destiny of humankind She then examines Porete s work in its more immediate historical and literary contexts focusing on the ways in which Porete conceptualizes and expresses her radical doctrine of annihilation through contemporary metaphors of lineage and nobility
