Equal Opportunity Theory Dennis E. Mithaug, 1996-05-21 A comprehensive and detailed explanation of the equal opportunity principle that influences social policy today is provided in this book Dennis E Mithaug addresses the discrepancy between the right and the experience of self determination and explains our collective responsibility for assuring fair prospects for self determination for all The logical philosophical and psychological basis for equal opportunity theory is presented as is the social and judicial background Finally the optimal prospects principle is examined Equal Opportunity Theory Dennis E. Mithaug, 1996-05-21 Equal Opportunity Theory is a clear and comprehensive examination of the idea of self determination both the right to self determination as well as its expression in our society Author Dennis E Mithaug examines society s collective responsibility for assuring fair prospects of self determination for all people This inclusive volume also describes how social policies derived from the theory of equal opportunity actually impact those with the least likely prospects for self determination throughout their lives the poor the disabled and people of color Author Dennis E Mithaug first presents the logical philosophical and psychological basis for equal opportunity theory and then presents its social and judicial background From this foundation he shows how the optimal prospects principle derived from the theory decreases the discrepancy between the right and the experience of self determination for children and adults with significant physical mental social and economic disadvantages Although the main thrust is theoretical evidence in support of the theory is based upon a combination of empirical historical and logical sources Addressing one of the hottest current topics in American society and public policy today Equal Opportunity Theory s timeliness will make it of great interest to students and professionals in the fields of sociology psychology and political science In Equal Opportunity Theory Dennis E Mithaug writes about the discrepancy between the right to self determination and the expression of that right a problem that is salient to most Americans with disabilities and others who are less well situated in our society This discrepancy manifests itself in what may be the most handicapping aspect of having a disability being poor or being a member of a minority group that experiences frequent discrimination the lack of control over one s life Equal Opportunity Theory provides a thoughtful interdisciplinary treatment of the complex issues related to this problem The book provides an important differentiation of the impact of individual capacity and opportunity theory as a means to resolve the discrepancy between the right to and experience of self determination for individuals whose personal social and economic circumstances are beyond their control It also provides a valuable contribution to the debate concerning how best to empower and enable all individuals to live self determined lives Michael L Wehmeyer The Arc National Headquarters Empowerment Evaluation David M. Fetterman, Shakeh J. Kaftarian, Abraham Wandersman, 1996 Empowerment evaluation a method for using evaluation concepts techniques and findings to foster improvement and self determination is the focus of this book After an examination of the method as it has been adopted in academic and foundation settings the book looks at the various contexts in which

empowerment evaluation is conducted ranging from resistant environments to responsive environments Critical concerns in empowerment evaluation such as the role of empowerment theory and multiple levels of empowerment from individual to societal are then discussed The book also provides tools and technical assistance needed to conduct empowerment evaluation The concluding section of the book serves to strengthen the links between empow      *The Ethics of Human Resources and Industrial Relations* John W. Hull, 2021-11-01 This volume contains all of the presidential addresses given before the American Society for Value Inquiry since its first meeting in 1970 Contributions are by Richard Brandt Virgil Aldrich John W Davis the late Robert S Hartman James B Wilbur the late William H Werkmeister Robert E Carter the late William T Blackstone Gene James Eva Hauel Cadwallader Richard T Hull Norman Bowie Stephen White Burton Leiser Abraham Edel Sidney Axinn Robert Ginsberg Patricia Werhane Lisa M Newton Thomas Magnell Sander Lee John M Abbarno Ruth Miller Lucier and Tom Regan

Autobiographical sketches by all of the living contributors and one recently deceased biographical statements of the remainder together with photographic portraits of all the contributors make this volume a unique record of value inquiry during the past quarter century indicates previously unpublished or unpublished in the present form indicates substantial new material has been added The addresses cover diverse topics from broad general ones to value inquiry into literature bioethics and public policy to philosophy of mind to critical studies of other philosophers work defenses of philosophy and of applied ethics individual role and cultural relativism of values The American Society for Value Inquiry is nearing its 25th anniversary Its leadership is elected annually often with a vice president becoming president elect then president then past president a structure that serves to insure a measure of continuity Its members are drawn to the society not by a particularly credo or ideology or philosophical position but by a common interest in questions of value ranging from abstract meta value inquiry to disciplinary and trans disciplinary value inquiry For those who share this range of passions the volume will preserve collect organize and in a number of cases recover material in danger of being lost to them The Presidential Address is a unique genre resembling in some ways a sermon Indeed preparing a presidential address before a philosophical society is often an exercise in developing an exhortation to members to take up a neglected topic to embrace as important a particular viewpoint it may as well be a cautionary to avoid a particular error It is often a dramatic moment as a last act of the presidency having observed closely the trends and winds blowing through the discipline the speaker is afforded the opportunity to hold forth on a topic at once intensely personal and believed to be of wide interest While some societies publish presidential addresses in newsletters or informal proceedings and occasionally in professional bulletins or journals rarely have a substantial bloc of a society s presidential addresses been collected and published under one cover Too often the presidential address is delivered discussed by those present perhaps summarized in a paragraph in a newsletter to members and filed as a fond memory of a moment of honor in the papers of the author sometimes to be forgotten lost discarded or otherwise removed from availability to scholars of the history of philosophy This volume inaugurates a series aiming at preserving presidential and other major addresses before philosophical societies It seeks to be a historical record not only of the address but also of the reflections and recollections of the author It seeks to preserve as a part of the historical record a photograph of the author And with the personal character of an autobiographical statement it seeks to humanize and render lively and real the professi

*Partial Truths and Our Common Future* Donald A. Crosby, 2018-08-20 In this book Donald A Crosby defends the idea that all claims to truth are at best partial Recognizing this he argues is a necessary safeguard against arrogance close mindedness and potentially violent reactions to differences of outlook and practice Crosby demonstrates how partial truths are inevitably at work in conversations and debates about religion science morality economics ecology and social and political progress He then focuses on the concept in the discipline of philosophy looking at

a number of distinctions that are taken to be strictly binary those between fact and value continuity and novelty rationalism and empiricism mind and body and good and evil and demonstrates how in all of these cases each on its own can offer only an incomplete picture Partial Truths and Our Common Future invites ongoing dialogue with others for the sake of mutual enlargements of understanding rather than mere civility and provides incentive for continuing open minded and shared inquiries into the important issues of life      *Instrumental Social Justice in Higher Education* Leah P.
