The Celtic Golden Dawn John Michael Greer, 2025-05-23 A century ago Celtic groups descending from the famed Hermetic Order of the Golden Dawn pioneered a fascinating form of ceremonial magic invoking Pagan Celtic powers instead of relying on the more commonly used Judeo Christian names and symbols Those groups disappeared many decades ago and their teachings were lost But today their legacy has been reborn Respected occult author and Grand Archdruid John Michael Greer has re created a complete magical system based on the Celtic Golden Dawn traditions This new book provides students with a complete curriculum of Druidical magic and occult wisdom including training in ceremonial magic meditation pathworking divination geomancy and herbal alchemy allowing self initiation into the three degrees of Ovate Bard and Druid Structured to resemble a long lost correspondence course The Celtic Golden Dawn presents a series of knowledge lectures meditations and rituals leading to mastery of the most important magical techniques

The Way of the Four Elements John Michael Greer, 2024-04-30 A one year course for students of the occult to expand their horizons through the study of fire air water and earth Based on an ancient understanding of the cycles of nature John Michael Greer invites students of occult to continue their training with the study of the four elements The four elements are one of the foremost themes of Western occult tradition and have been used across history as a basic template for the process of initiation and seasonal ritual The pattern of study assigns each element to one of the four seasons of the year spring summer autumn winter based upon traditional associations The lessons are intended to be worked through in sync with each season and there is no fixed starting point so students can begin with any of the four elements by following

whichever season begins next Each chapter includes both the theory and practice of an elemental education such as symbols and teachings relating to the elements suggestions for further reading exercises for awakening the etheric senses and astral clairvoyance The Way of the Four Elements is the quintessential next step for students of the occult to continue developing and honing the skills essential for a magical education
