Hammett, 2002 Reframing Spiritual Formation takes seriously the realities of an increasingly secular pluralistic and spiritually thirsty population base most churches face with fear yet are called to reach and disciple Hammett provides succinct overviews of the challenges and opportunities these realities bring to the doors of churches and their leaders His primary focus is on facilitative questions and practical ideas for discipling the church and the unchurched who are seeking grounding and meaning in this rapidly changing world

Narrative

Research in Ministry Carl E. Savage, Dr William Presnell, 2008 We are in a real sense our stories Who we are what we think and how we act are all shaped by the many large and small stories that make up the discourse embedded in our multi sensory social experience It is this postmodern understanding of identity and reality that has prompted the authors to fashion a new way of thinking about doing research in faith communities today particularly through a Doctor of Ministry program It is our belief that in order for faith communities to define themselves and to know what to do in ministry they must first understand the multiple stories which intersect with a given ministry situation in their specific context *Creative Church Leadership* John Adair, John Nelson, 2004 Following Management and Ministry and Leading Managing Ministering this third MODEM handbook explores an issue at the very heart of the Church how can an ancient institution with so many encumbrances remain a living sign of the Kingdom of God **Ancient-Future Evangelism** Robert E. Webber, 2003-11 Feel like the church is a mile wide but only an inch deep Robert Webber offers the remedy by translating evangelism wisdom from the past into the future Encyclopedia of Protestantism Hans J. Hillerbrand, 2004-08-02 This Encyclopedia is the definitive reference to the history and beliefs that continue to exert a profound influence on Western thought *A Mosaic of Believers* Gerardo Marti, 2009-10-26 Mosaic in southern California is one of the largest and most innovative multiethnic congregations in America Gerardo Marti shows us how this unusual church has achieved multiethnicity not by targeting specific groups but by providing multiple havens of inclusion that play down ethnic differences He reveals a congregation aiming to reconstruct evangelical theology personal identity member involvement and church governance to create an institution with greater relevance to the social reality of a new generation *The Case of the Missing Person* R. Earle Rabb, 2009-01-01 A famous person is missing The human Jesus of Nazareth is missing from the creeds of the church missing from most of the New Testament and hidden within the four New Testament gospels It will take an exciting piece of detective work to find him and upon finding him there will be a big surprise He may not turn out to be the person the reader expects to find Finding Jesus of Nazareth can transform churches communities and individuals in unexpected ways Many people today are being drawn to the original message of Jesus apart from the image of Jesus proclaimed by the traditional church There is a hunger for the values Jesus proclaimed and practiced This book will help everyone religious or not discover the human Jesus and his original vision of new communities of equity social justice and shared resources as well as discover what that means in our modern world *The Shape of Zion* Michael I. N. Dash, Christine D. Chapman, 2007-10-01 The Shape of Zion is a practical and functional resource that provides a public profile of the organizational backbone of black congregations within the United Methodist Church and the Presbyterian Church USA and historically black congregations including African Methodist Episcopal African Methodist Episcopal Zion Christian Methodist Episcopal Church of God in Christ National Baptist Convention of America National Baptist Convention USA Inc Progressive National Baptist Convention Research for this resource was initiated to enhance the capability of religious denominations in the use of congregational studies It will provide

pastoral leadership with principles and guidance allowing congregations to compare themselves to other faith groups and congregations Questions for reflection decision and action are also included **The Sacraments** Joseph Martos, 2009-08-01 What are the sacraments really For centuries the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects What precisely are those effects and how are they produced Traditional theology used Greek philosophy to understand the sacraments and how they work But is there no other way to understand them In fact there are a number of ways and this book invites you to look at the sacraments through a variety of lenses psychology sociology anthropology history theology morality and spirituality As the introduction to this volume challenges If you read this book and especially if you engage in the interactive study to which it invites you your understanding of sacraments will be changed forever To help personalize your investigation the author has created a web site with thought provoking questions that encourage you to interact with the ideas being proposed in this volume To engage these topics more deeply see [www TheSacraments org](http://www.TheSacraments.org) **The Pastor As Church Leader and Educator** Herbert W. Byrne, 2006-10 **Multiplying Churches in Japanese Soil** John Wm. Mehn, 2017-10-18 Hope and Strategy for Multiplying Churches in Japan s Unreached Fields Since the beginning of missionary efforts in Japan in the sixteenth century the Japanese church has experienced periods of quiet flourishing and periods of intense persecution Arguably however it has never managed to take root as a truly indigenous church despite great effort toward that aim In *Multiplying Churches in Japanese Soil* John Mehn asks the question Why What factors have contributed to the Japanese remaining largely unreached Mehn examines the current state of affairs and then with some careful analysis and case study delves into effective models and leadership for planting churches in Japan that not only grow but are also equipped to reproduce and multiply Within these pages discover mission strategy kingdom perspective and hope for the church in Japanese soil *The Equipping Pastor* R. Paul Stevens, Phil Collins, 1993-03-01 The authors draw on their combined experience to create an exciting model of congregational leadership that understands congregations as relational systems Learn how relational processes can liberate members for ministry and mission in the world and release pastors for appropriate leadership **Churchianity** , Author Ronald Seaman is writing *Churchianity* as a solemn and compelling critique of the organized Christian Church He highlights and explains the primary cause of most of the spiritual apathy which have characterized local churches since the Fourth Century The root cause involves a fundamental change in church pastoral ministry which the author believes has produced disastrous spiritual results through the centuries The author portrays the young Christian Church in its first three centuries as prospering spiritually in spite of severe persecution These early believers met informally in homes as to nurture and disciple each other and enthusiastically evangelized everyone they met Understandably Satan was not happy To frustrate and checkmate this spiritual vitality the Devil devised a clever strategy He took advantage of church leaders willful disobedience of Biblical teaching Read *Churchianity* and become acquainted with Satan s strategy and its success in transforming the

vigor and enthusiasm of the Early Christian into the tragedy and sadness of spectator Christianity and consider and evaluate the author's solution for restoring lay biblical pastoral ministry in local churches When the Saints Go Marching Out!
