**In the Wake of Disaster** Ayesha Siddiqi, 2019-05-09 What is the state's responsibility to its people in the aftermath of a natural hazard based disaster? The book sets out to address this seemingly simple question after large scale floods devastated Pakistan in 2010 and then again in 2011. Along the way it delves into rich detail about people's everyday encounters with the state in Pakistan, uncovers postcolonial discourses on rights of citizenship and dispels mainstream understanding of Islamist groups as presenting an alternative development paradigm to the state. Based on detailed ethnographic fieldwork *In the Wake of the Disaster* forces the reader to look beyond narratives of Pakistan as the perennial failing state, falling victim to an imminent Islamist takeover. The book shifts the conversation from hysteria and sensationalism surrounding Pakistan to the everyday. In doing so it transforms our understanding of contemporary disasters.

**Critical Concepts in Queer Studies and Education** Nelson M. Rodriguez, Wayne J. Martino, Jennifer C. Ingrey, Edward Brockenbrough, 2016-08-30 This book advances a broad constellation of critical concepts situated within the field of queer studies and education. Collectively the concepts take up a cross section of scholarship that speaks to various political, epistemological, theoretical, methodological, and pedagogical concerns. Given the ongoing global centrality of sociocultural and political developments related to the topic of LGBTQ in the twenty-first century, the concepts in this volume and the issues raised by each contributor will have wide international appeal among researchers, scholars, educators, students, and activists working at the intersection of queer studies and education.

*Comparative Federalism* Francesco Palermo, Karl Kössler, 2017-10-05 This is the first comprehensive book that explores the subject of federalism from the perspective of comparative constitutional law, whilst simultaneously placing a strong emphasis on how federal systems work in practice. This focus is reflected in the book's two most innovative elements. First, it analyses from a comparative point of view how government levels exercise their powers and interact in several highly topical policy areas like social welfare, environmental protection, or migrant integration. Second, the book incorporates case law boxes discussing seminal judgments from federal systems worldwide and thus demonstrates the practical impact of constitutional jurisprudence on policymakers and citizens alike. This is simply the best analysis of contemporary federalism currently available. It is comprehensive in its coverage, thorough in its analysis, and persuasive in its conclusions. Every student of federalism, from novice to expert, will find benefit from this volume. Professor G. Alan Tarr, Rutgers University. Wading through the thicket of the multiple forms that the federal idea has taken in the contemporary world, this remarkably comprehensive treatise, backed by case law, fills a long-awaited gap in the literature on comparative federalism. It combines a mastery of the literature on federal theory with a critical understanding of how it plays out in practice. Outstanding in the breadth of its scope, this magisterial survey will serve as a work of reference for generations of scholars who seek to understand how federalism works in developed as well as developing countries. Professor Balveer Arora, Jawaharlal Nehru University, New Delhi. This book is an extraordinarily handy

work of reference on the diverse federal type systems of the world It handles both shared principles and differences of perspective structure or practice with confidence and ease It will become a standard work for scholars and practitioners working in the field Professor Cheryl Saunders The University of Melbourne This is a remarkable book for its sheer breadth of scope combining detail of practice with analysis of federal principles and for its fresh look at federalism With great erudition drawing on world scholarship and the practice of federalism across the globe Palermo and Kessler magnificently traverse from the ancient roots of federalism to the contemporary debates on ethno cultural dimensions and participatory democracy The book sets a new benchmark for the study of comparative federalism providing new insights that are bound to influence practice in an era where federal arrangements are expected to deliver answers to key governance and societal challenges Professor Nico Steytler University of the Western Cape

**New State Formations in Education Policy** Laura Engel, 2009-01-01 New State Formations in Education Policy Reflections from Spain explores globalization shifting state spaces and education in relation to a diverse set of processes including democratization decentralization and Europeanization The book offers a unique perspective on education policy formation in the modern nation state in which education policy makers have to take into account and negotiate not only pressures related to devolution and regionalization but also policy ideas emanating from the developing European agenda and notions circulating within the global space In this way education policy concepts are not only formed in relation to national regional dynamics but are influenced more broadly by a complex set of supranational and global considerations While the book focuses on Spain this study reflects the growing influence of globalization on national systems of education The book therefore will be of interest to those engaged in studies of globalization and education and those with an interest in the contemporary political cultural and educational context of Europe

**A New Kind of Containment**, 2009-01-01 This book addresses containment as it relates to interlocking discourses around the War on Terror as a global effort and its link to race and sexuality within the United States The project emerged from the recognition that the events of 11 September 2001 prompted new efforts at containment with both domestic and international implications *APAIS 1994: Australian public affairs information service*, **The Chicago Legal News**, 1893 *News-bulletin*, 1929 *Congressional Record* United States.
