Disrupting Anti-Black Racism in Early Childhood

Settings Kerry-Ann Escayg, Beverly Jean-Daniel, 2025-09-18 This edited volume draws from a special issue published in the Journal of Curriculum Teaching Learning and Leadership to explore children's perceptions, experiences, and handling of anti-racism approaches in the contexts of teaching, learning, and parenting. Often marginalized and overlooked in the renewed vigor for racial justice is the lived experience of young Black children with a critical focus on the unique ways anti-Black racism theorizing can shed light on innovative pedagogies and other practices aimed at improving their quality of life and early years experiences. By drawing on a diverse body of theoretical scholarship including anti-racism and critical anti-Black racism, the authors not only bring much needed perspectives on racism in relation to young children's daily lives but also discuss teaching and parenting practices as sites in which young children can ultimately adopt anti-racist beliefs, recognize their agency, and develop as global citizens committed to justice and racial equity. This text, one which builds on and expands the special issue, anchors Black epistemologies, focuses on the unique experiences Black children encounter in their larger social contexts, as well as ECE settings, and provides institutional and pedagogical strategies that center and amplify Black humanity and agency. With a balance of conceptual and empirical chapters, the book provides a timely and interdisciplinary theoretical and methodological analysis of children and race. It will appeal to scholars and researchers working in fields across Early Childhood Education and Child Development concerned with issues of Diversity, Equity, and Social Justice.

Don't Label Me Irshad Manji, 2025-06-25 Don't Label Me should be labeled as genius. It's an amazing book. Chris Rock, a unique conversation about diversity, bigotry, and our common humanity by the New York Times bestselling author Oprah Chutzpah award winner and founder of the Moral Courage Project. In these United States, discord has hit emergency levels. Civility isn't the reason to repair our caustic chasms. Diversity is. Don't Label Me shows that America's founding genius is diversity of thought. Which is why social justice activists won't win by labeling those who disagree with them. At a time when minorities are fast becoming the majority, a truly new America requires a new way to tribe out. Enter Irshad Manji and her dog Lily. Raised to believe that dogs are evil, Manji overcame her fear of the other to adopt Lily. She got more than she bargained for. Defying her labels as an old blind dog, Lily engages Manji in a taboo-busting conversation about identity, power, and politics. They're feisty. They're funny. And in working through their challenges to one another, they reveal how to open the hearts of opponents for the sake of enduring progress. Readers who crave concrete tips will be delighted. Studded with insights from epigenetics and epistemology, layered with the lessons of Bruce Lee, Ben Franklin, and Audre Lorde, punctuated with stories about Manji's own experiences as a refugee from Africa, a Muslim immigrant to the U.S., and a professor of moral courage, Don't Label Me makes diversity great again.

Race and Colorism in Education Carla Monroe, 2016-12-08 As one of the first scholarly books to focus on colorism in education, this volume considers how connections between race and color

Colormute Mica Pollock,2009-04-11 This book considers in unprecedented detail one of the most confounding questions in American racial practice when to speak about people in racial terms Viewing race talk through the lens of a California high school and district Colormute draws on three years of ethnographic research on everyday race labeling in education Based on the author s experiences as a teacher as well as an anthropologist it discusses the role race plays in everyday and policy talk about such familiar topics as discipline achievement curriculum reform and educational inequality Pollock illustrates the wide variations in the way speakers use race labels Sometimes people use them without thinking twice at other moments they avoid them at all costs or use them only in the description of particular situations While a major concern of everyday race talk in schools is that racial descriptions will be inaccurate or inappropriate Pollock demonstrates that anxiously suppressing race words being what she terms colormute can also cause educators to reproduce the very racial inequities they abhor The book assists readers in cultivating a greater understanding of the pitfalls and possibilities of everyday race talk and clarifies previously murky discussions of colorblindness By bridging the gap between theory and practice Colormute will be enormously helpful in fostering ongoing conversations about dismantling racial inequality in America
