Charles S. Peirce

Erfahrung Und Wirklichkeit Als Zeichenprozeb Charles S Peirces Entwurf Einer Spekultativen Grammatik Des Seins:

Erfahrung und Wirklichkeit als Zeichenprozess Helmut Pape, 1989 Charles S. Peirce, 1839–1914 Gérard Deledalle, 1990-01-01 This work is the intellectual biography of the greatest of American philosophers Peirce was not only a pioneer in logic and the creator of a philosophical movement pragmatism he also proposed a phenomenological theory quite different from that of Husserl but equal in profundity and long before Saussure and in a totally different spirit a semiotic theory whose present interest owes nothing to passing fashion and everything to its fecundity Throughout his life Peirce wrote continually about sign and phenomenon or phaneron Consequently his writings must be studied chronologically if they are not to appear incomprehensible or contradictory One of the merits of this book is to clarify Peirce s thought by analysing its development chronologically We follow the evolution of Peirce s thought from his critique of Kantian logic and Cartesianism Chap I Leaving the Cave 1851 1870 to his discovery of modern logic and pragmatism Chap II The Eclipse of the Sun 1870 1887 and finally to a semiotic founded on a phenomenology the base of which is the logic of relations and the crowning point scientific metaphysics Chap III The Sun Set Free 1887 1914 The book includes a detailed chronology a general bibliography and an index Charles S. Peirce and the Linguistic Sign David A. Pharies, 1985-01-01 This monograph is about the semiotics of lexical signs and is of particular interest for historical linguists in particular those interested in etymology Specialists in linguistic change have long noticed that certain classes of words seem to be in part exempt from regular patterns of sound change or perhaps more likely to undergo unusual analogical shifts The problem is far worse for the etymologist since the lexicon of every language contains some hundreds of semiotically problematic vocables which must if the etymological dictionaries are ever to be completed be explained somehow Always been struck by the sheer capriciousness of etymologies in which some sort of unusual form meaning relations are involved the author with the help of C S Peirce provides answers to crucial questions in his search to make sense of those capricious etymologies **Charles Sanders Peirce in His Own Words** Torkild Thellefsen, Bent Sorensen, 2014-08-25 In 2014 Peirce will have been dead for one hundred years The book will celebrate this extraordinary prolific thinker and the relevance of his idea for semiotics communication and cognitive studies More importantly however it will provide a major statement of the current status of Peirce s work within semiotics The volume will be a contribution to both semiotics and Peirce studies **Charles S. Peirce. Selected Writings on Semiotics, 1894-1912** Francesco Bellucci, 2020-06-22 Charles S Peirce 1839 1914 is widely recognized as America s greatest philosopher the originator of pragmatism and one of the founders of modern mathematical logic He was also a pioneer in the field of semiotics the general theory of signs and many have regarded him as the father of the contemporary form of the discipline The volume is a specialized selection of unpublished writings spanning almost twenty years 1894 1913 that are essential to understand Peirce s views about signs their classification and the relations between

semiotics and logical inquiry It comprises twenty two selections a historico critical introduction and an apparatus of editorial annotations The selections are prepared following the methods of scholarly editing of philosophical texts The book will be of interest to graduate students and researchers working in areas such as Peirce studies the history of American philosophy and pragmatism logic and history of logic the history of analytic philosophy philosophy of language semiotics and language sciences

Semiotic and Significs Charles Sanders Peirce, Lady Victoria Welby, 1977 The Philosophy of Charles Sanders Peirce, 1956

Writings of Charles S. Peirce: Volume 5, 1884-1896 Charles S. Peirce, 1993-12-22 Highly recommended Choice an important event for the world of philosophy For the first time we have available in an intelligible form the writings of one of the greatest philosophers of the past hundred years The Times Literary Supplement Volume 5 of this landmark edition covers an important transition in Peirce's life marked by a rekindled enthusiasm for speculative philosophy The writings include essays relating to his all embracing theory of categories as well as papers on logic and mathematics

Charles S. Peirce on Norms & Ideals Vincent G. Potter, 1967 Revision of the author's thesis Yale University which was issued under title Peirce's ontological pragmatism Bibliography p 215 219
