Freedman Enid Marx Percy Horton Peggy Angus and Helen Binyon The story of this beloved artist is also a biography of the group of fellow creators with whom he associated men and women who inspired challenged and influenced one another from their student days up through the Second World War Drawing on extensive research Andy Friend considers the predecessors in the English watercolor and wood engraving tradition that influenced the group s art and demonstrates the significance of women artists whose place within this interwar era network has often been neglected Published to coincide with the seventy fifth anniversary of Ravilious s death Ravilious Co accompanies an exhibition of the same name touring throughout England in 2017

No more giants Jessica Kelly,2023-01-24 Architecture is more than buildings and architects It also involves photographers writers advertisers and broadcasters as well as the people who finance and live in the buildings Using the career of the critic J M Richards as a lens this book takes a new perspective on modern architecture Richards served as editor of *The Architectural Review* from 1937 to 1971 during which time he consistently argued that modernism was integrally linked to vernacular architecture not through style but through the principle of being an anonymous expression of a time and public spirit Exploring the continuities in Richards s ideas throughout his career disrupts the existing canon of architectural history which has focused on abrupt changes linked to individual pioneers encouraging us to think again about who is studied in architectural history and how they are researched

*The Idea of North* Peter Davidson,2005-04-15 While a compass might tell us which direction we are going there is really only one direction to which it ever points north North is the ultimate point of orientation but it is also a celebrated destination for the adventurous the curious the solitary and the foolhardy In this fascinating book updated in this accessible pocket edition Peter Davidson explores the concept of north through its many manifestations in painting legend and literature Arctic bound Davidson takes the reader on a journey from the heart of society to the most far flung outposts of human geography packing in our rucksacks a treasure trove of stories and artworks from the Icelandic Sagas to Nabokov s snowy kingdom of Zembla from Hans Christian Andersen s forbidding Snow Queen to the works of artists such as Eric Ravilious Ian Hamilton Finlay and Andy Goldsworthy He celebrates the different ways our artists and writers have illuminated our relationship with the earth s most dangerous and austere terrain Through Davidson s astonishing but inviting erudition we ultimately come to see north as a permanent goal frozen forever on a horizon we never seem to quite reach
