# Eric Weil A Fresh Look At Philosophy

**William Kluback**

## **Eric Weil A Fresh Look At Philosophy:**

Eric Weil William Kluback,1987 Presents a summary of the philosophical views of French thinker Eric Weil The major innovation of Weil s discourse is to embody absolute knowledge in the discourse of such categories as truth discussion object self God condition consciousness intelligence personality the absolute the unmediated particular the finite action meaning and wisdom

**Action, Meaning, and Argument in Eric Weil's Logic of Philosophy** Sequoya Yiaueki,2023-04-12 This volume investigates Eric Weil s innovative conceptualization of the place of violence in the philosophical tradition with a focus on violence s relationship to language and to discourse Weil presents violence as the central philosophical problem According to this reading the western philosophical tradition commonly conceptualizes violence as an expression of error or as a consequence of the weakness of will However by doing so it misses something essential about the role that violence plays in our conceptual development as well as the place violence holds in our discursive practices The author draws comparisons between Weil s work and that of Robert Brandom Brandom s inferentialism creates a sophisticated program at the junction of pragmatics and semantics philosophy of language logic and philosophy of mind The monograph builds on these insights in order to show how an inferentialist reading of Eric Weil is fruitful for both Weilian studies and for inferentialism This volume will notably be of interest to scholars in philosophy argumentation theory and communication studies

**Questions and Questioning** Michel Meyer,2011-10-13 No detailed description available for Questions and Questioning

**The Philosophical Review** ,1987 *The Journal of Philosophy* ,1988 **Looking at the Sun: New Writings in Modern Personalism** Simon Smith,Anna Castriota,2018-01-15 Every kind of exploration is touched in some way by a philosophy of persons touched and often vitally enhanced This collection sets out to mine this rich seam of influence bringing together authors keen to strike new developments and applications Together they have put their philosophy of persons to work in fields as wide ranging as the moral and the metaphysical the practical and the political the cultural and the cosmological In doing so they have drawn on and illustrated the depth and breadth of modern Personalist thought demonstrating its crucial relevance to debates across the entire philosophical spectrum Whether they are familiar with the Personalist tradition or no readers from every corner of the philosophical world will find much here to challenge and stimulate them Most importantly they will find a new and badly needed philosophical perspective

**Subject Guide to Books in Print** ,1993 Philosophizing ad Infinitum Marcel Conche,2014-05-08 One of France s preeminent historians of philosophy Marcel Conche has written and translated more than thirty five books and is recognized for his groundbreaking and authoritative work in Greek philosophy as well as on Montaigne In *Philosophizing ad Infinitum* one of his most remarkable and daring books Conche articulates a unique and powerful understanding of nature inclusive of humanity as infinite in time and space ever self renewing eternal and beyond complete understanding or control In today s world the notion of infinity is at the core of the crisis humanity faces understanding nature For the last two hundred years economies

have been running at full speed fueled by the implicit belief that natural resources are infinite however it is clear that they are not and that humanity needs to radically rethink the foundations of environmental and economic systems Conche seeks to begin this rethinking illustrating along the way insightful and sometimes unorthodox ideas about Plato Aristotle Epicurus Montaigne Nietzsche Bergson and others *Mind*, 1987 Includes papers of the Aristotelian Society 1896 1900 *Ultimate Reality and Meaning*, 1986

**Ética, política, razão e religião** Antonio José Romera Valverde, Francisco Valdério, Helder Buenos Aires de Carvalho, Judikael Castelo Branco, Luís Manuel A. V. Bernardo, 2024-08-30 O livro trata política, razão e religião como uma expressão do reconhecimento do valor e da importância da atuação do filósofo professor editor e tradutor Marcelo Perine de sua trajetória intelectual e de vida em prol da cultura filosófica brasileira além do ser humano valioso e responsivo que sempre foi no trato diário com colegas estudantes e amigos Os textos aqui reunidos tratam da sua atuação profissional no contexto da filosofia no Brasil e discutem autores e temas que fizeram e fazem parte da sua trajetória intelectual há também textos escritos a partir de temáticas não vinculadas à sua escrita filosófica mas com o intuito de celebrar a sua presença filosófica e pessoal como ator importante no cenário brasileiro da pós-graduação stricto sensu em filosofia

**Politisches Denken. Jahrbuch 1998** "Deutscher Gesellschaft zur Erforschung der Politischen Bildung", 2016-12-13

**Kant's Critique of Aesthetic Judgment in the 20th Century** Stefano Marino, Pietro Terzi, 2020-11-09 Kant's Critique of Judgment represents one of the most important texts in modern philosophy However while its importance for 19th century philosophy has been widely acknowledged scholars have often overlooked its far reaching influence on 20th century thought This book aims to account for the various interpretations of Kant's notion of aesthetic judgment formulated in the last century The book approaches the subject matter from both a historical and a theoretical point of view and in relation to different cultural contexts also exploring in an unprecedented way its influence on some very up to date philosophical developments and trends It represents the first choral and comprehensive study on this missing piece in the history of modern and contemporary philosophy capable of cutting in a unique way across different traditions movements and geographical areas All main themes of Kant's aesthetics are investigated in this book while at the same time showing how they have been interpreted in very different ways in the 20th century With contributions by Alessandro Bertinetto Patrice Canivez Dario Cecchi Diarmuid Costello Nicola Emery Serena Felio Ginter Figal Tom Huhn Hans Peter Krüger Thomas W. Leddy Stefano Marino Claudio Paolucci Anne Sauvagnargues Dennis J. Schmidt Arno Schübbach Scott R. Stroud Thomas Teufel and Pietro Terzi

*Humanistic Geography (RLE Social & Cultural Geography)* David Ley, Marwyn S. Samuels, 2014-01-23 Humanistic geography now has an established position in the intellectual development of contemporary geography However there has so far been little attempt to draw together the humanistic approach in one broad statement This book by the leading figures in the field provides a platform for the exposition of humanistic geography in all its aspects

*Routledge Library Editions: Social & Cultural Geography* Various Authors, 2022-07-30 Re-issuing books originally published between 1969 and 1990 this

set of 15 volumes gives a 20 year perspective on the development of the discipline of social geography The books emphasize the increasingly important contribution of geographical theory to the understanding of social change values economic and political organization and ethical imperatives The volumes are authored by well known international geographers and discuss the philosophy and sociology of geography as well as key themes such as the geography of health crime space They also examine the cross over of geography with other disciplines such as literature and history **Karl Jaspers** ,2022-04-19

*Knowing and History* Michael S. Roth,2019-06-30 *Knowing and History* charts the development of Hegelian philosophy of history in France from the 1930s through the postwar period and critically assesses its significance for an understanding of our cultural present and of the possibilities for making meaning out of change over time Michael Roth provides detailed analyses of the works of three of the most important Hegelian thinkers Jean Hyppolite Alexandre Kojve and Eric Weil These philosophers turned to history as the source of truths and criteria of judgment they forged connections between history and knowing as a means of confronting key modern philosophical problems and of engaging their contemporary political concerns By the 1950s however they had withdrawn from the historical in search of a more secure hopeful subject for reflection According to Roth the French Hegelians work illuminates the power and limitations of the philosophical approach to history Further he finds in the development of their philosophies one of the crucial transformations in modern intellectual history the shift from a concern with questions of significance to a concern with questions of use or function He seeks to explicate the contemporary retreat from questions of significance by situating our cultural moment in relation to its intellectual antecedents In an Afterword devoted to French post structuralism the author discusses Hegel's replacement by Nietzsche as the locus of philosophical authority in France in the 1960s and examines how this shift informs the work of Michel Foucault Roth argues that the use of Nietzsche against a dialectical philosophy of history contributes to a serious disjunction between philosophical reflection and political judgment Relevant to a wide variety of disciplines *Knowing and History* will appeal to those specializing in intellectual history and political theory as well as philosophers of history critical theorists and students of modern French thought and culture Re-reading Levinas Robert Bernasconi,Simon Critchley,1991-05-22 This book presents 13 essays by commentators on the work of Levinas and features two previously untranslated essays by Levinas and Derrida *Philosophical Explanations* Robert Nozick,1981 Nozick develops new views on philosophy's central topics and weaves them into a unified perspective He ranges widely over philosophy's fundamental concerns the identity of the self knowledge and skepticism free will the question of why there is something rather than nothing the foundations of ethics the meaning of life **Heidegger in France** Dominique Janicaud,2015-10-19 Dominique Janicaud claimed that every French intellectual movement from existentialism to psychoanalysis was influenced by Martin Heidegger This translation of Janicaud's landmark work *Heidegger en France* details Heidegger's reception in philosophy and other humanistic and social science disciplines Interviews with key French thinkers such as Fran oise Dastur Jacques Derrida liane Escoubas Jean Greisch

Philippe Lacoue Labarthe Jean Luc Marion and Jean Luc Nancy are included and provide further reflection on Heidegger's relationship to French philosophy An intellectual undertaking of authoritative scope this work furnishes a thorough history of the French reception of Heidegger's thought

Getting the books **Eric Weil A Fresh Look At Philosophy** now is not type of inspiring means. You could not and no-one else going considering books buildup or library or borrowing from your connections to admission them. This is an utterly simple means to specifically get guide by on-line.
