the Middle Ages website **Type Noun Constructions in Slavic, Germanic and Romance Languages** Wiltrud Mihatsch, Inga Hennecke, Anna Kisiel, Alena Kolyaseva, Kristin Davidse, Lieselotte Brems, 2023-04-27 This volume is the first dedicated to the comprehensive in depth analysis of constructions with nouns like type and sort It focuses on type noun constructions in Romance Germanic and Slavic languages integrating the different descriptive traditions that had been developed for each language family As a result a greater variety of type noun constructions is revealed than in the hitherto more fragmented literature But attention is also drawn to the cross linguistic similarity of the new pragmatic meanings such as ad hoc and approximative categorization hedging focus and filler uses and the new grammatical functions in NPs e g phoric uses clauses e g adverbial uses and complex sentences e g quotatives The volume offers survey chapters of type noun constructions in each language family as well as contributions focusing on specific aspects in one or two languages such as their grammar semantics and pragmatics diachronic development discursive and sociolinguistic variety These complementary methodologies elucidate the unique cross linguistic field of type noun constructions both descriptively and theoretically Hence this volume can also serve as a model for similar surveys in other functional domains **Contesting Orthodoxy in Medieval and Early Modern Europe** Louise Nyholm Kallestrup, Raisa Maria Toivo, 2017-02-04 This book breaks with three common scholarly barriers of periodization discipline and geography in its exploration of the related themes of heresy magic and witchcraft It sets aside constructed chronological boundaries and in doing so aims to achieve a clearer picture of what went before as well as what came after Thus the volume demonstrates continuity as well as change in the concepts and understandings of magic heresy and witchcraft In addition the geographical pattern of similarities and diversities suggests a comparative approach transcending confessional as well as national borders Throughout the medieval and early modern period the orthodoxy of the Christian Church was continuously contested The challenge of heterodoxy especially as expressed in various kinds of heresy magic and witchcraft was constantly present during the period 1200 1650 Neither contesters nor followers of orthodoxy were homogeneous groups or fractions They themselves and their ideas changed from one century to the next from region to region even from city to city but within a common framework of interpretation This collection of essays focuses on this complex Routledge Revivals: Medieval Scandinavia (1993) Phillip Pulsiano, Kirsten Wolf, 2017-07-05 First published in 1993 *Medieval Scandinavia* An Encyclopedia covers every aspect of the region during the Middle Ages including rulers and saints overviews of the countries religion education politics and law culture and material life history literature and art Written by a team of expert contributors the encyclopedia offers those who lack command of the various Scandinavian languages a basic tool for the study of Medieval Scandinavia from roughly the Migration Period to the Reformation With full page maps useful supplementary photos cross references and a comprehensive index this work will be a valuable and absorbing volume for students of the Norse sagas the Viking age and Old English history and literature and for anyone interested in the cultural and historical heritage of Scandinavia
