 Richard Wagner, sa vie et ses oeuvres Houston Stewart Chamberlain,1900 Berlioz and His World Francesca Brittan,Sarah Hibberd,2024-08-05 A collection of essays and short object lessons on the composer Hector Berlioz published in collaboration with the Bard Music Festival Hector Berlioz 1803 1869 has long been a difficult figure to place and interpret Famously in Richard Wagner s estimation he hovered as a transient marvelous exception a composer woefully and willfully isolated In the assessment of German composer Ferdinand Hiller he was a fleeting comet who does not belong in our musical solar system the likes of whom would never be seen again For his contemporaries as for later critics Berlioz was simply too strange and too noisy too loud too German too literary too cavalier with genre and form and too difficult to analyze He was in

many ways a composer without a world Berlioz and His World takes a deep dive into the composer's complex legacy tracing lines between his musical and literary output and the scientific sociological technological and political influences that shaped him Comprising nine essays covering key facets of Berlioz's contribution and six short object lessons meant as conversation starters the book reveals Berlioz as a richly intersectional figure His very difficulty his tendency to straddle the worlds of composer conductor and critic is revealed as a strength inviting new lines of cross disciplinary inquiry and a fresh look at his European and American reception The Paris Opera: An Encyclopedia of Operas, Ballets, Composers, and Performers Spire Pitou,1983-12-28 This encyclopaedia of operas ballets composers and performers begins with an introductory essay which aims to provide an appropriate overview and a necessary framework within which the detailed entries may be placed It emphasizes entries for works including operas diverse lyric compositions and ballets and biographical sketches including composers librettists performers directors choreographers and administrators The volume also contains extended synopses of unusual and obscure operas as well as a repertory list of works dating from 1671 to 1715 in the appendix **Subject Index of the Modern Works Added to the British Museum Library** British Museum. Department of Printed Books,1927

The New Grove Dictionary of Music and Musicians: Martin y Coll to Monn Stanley Sadie,2001 Interpreting the Musical Past Katharine Ellis,2005-09-22 This study of the French early music revival gives us a vivid sense of how music's cultural meanings were contested in the nineteenth century It surveys the main patterns of revivalist activity while also providing in depth studies of repertories stretching from Adam de la Halle to Rameau **A Catalogue of Music and Books on Music** Kenneth Mummary (Firm),1973 **Le Guide Musical** ,1897
