

Ernest Hemingway The Man His Work

Justin Wintle

Ernest Hemingway The Man His Work:

Ernest Hemingway John Kerwin Michael McCaffery, 1956 **Ernest Hemingway: the Man and His Work** John K. M. McCaffery, 1969 The Metamorphosis of Nick Adams Gentry Thomason, 2025-07-14 Nick Adams was Ernest Hemingway's first major literary protagonist. In some twenty stories and two vignettes Hemingway created a character that was in many respects a product of his own youth. In their published order those stories tell the story of Nick Adams as he develops in a world very like to real one. The character's metamorphosis is a series of encounters with the harsh and pleasurable realities of life. Nick Adams grows and moves in a realistic world where events take place in fortuitous if not gratuitous fashion. Together his experiences suggest a figure of man in the modern age. Hemingway's mode of writing with his character was characterological. Nick's development traces from the feeling reacting subject he is in the early stories to the perceiver and doer he is in the later stories. While Hemingway doesn't create a continuous chronology age wise for his character he frequently shifted the narrative point of view to Nick thereby implying his continued characterological growth. The senses of renewal and acquisition of a complex consciousness in Nick disclose Hemingway's energetic mode of writing. Hemingway wrote the Nick Adams stories over a ten year period. His fashioning of Nick Adams follows a concave emotive curve. The world and the experiences of Nick Adams are coordinates of Hemingway's realism which engages a network of motifs images and symbols. The themes of loss and death are juxtaposed in the later stories with elements of irony satire and comedy. Hemingway's use of image and technique reveal a complex vision of man and world that is intricately woven throughout the stories. The overarching ethos of the Nick Adams stories is one of dying and rebirth. Hemingway's Theaters of Masculinity Thomas Strychacz, 2003-11-11 In this provocative book Thomas Strychacz pursues an entirely new approach to the question of masculinity in Ernest Hemingway's work. He begins with a close reading of Hemingway's famous story *The Short Happy Life of Francis Macomber* and continues through the story cycle. In *Our Time* the short story *The Undefeated* the novels *The Sun Also Rises* *A Farewell to Arms* *For Whom the Bell Tolls* and *The Old Man and the Sea* and the nonfiction books *Death in the Afternoon* and *Green Hills of Africa*. Challenging the traditional wisdom that Hemingway fashions a quintessentially masculine style and promotes an ideal of stoic independent manhood Strychacz argues that Hemingway's fiction poses masculinity as a theatrical performance. Masculinity emerges from a series of complex negotiations between male characters readers and cultural codes of manhood. Hemingway's masculine style should be seen as deeply rhetorical inviting the audience to think of masculinity as a contention to be debated rather than a fact that demands acquiescence. Drawing on feminism gender studies and the New Men's Studies this book casts brilliant interpretive light on Hemingway's artistry. It contributes significantly to the larger cultural discussions about the nature of masculinity while offering an analysis and critique of masculinity in Hemingway's work that greatly extends recent scholarly debates about masculine modernism. It raises the compelling question: What is modernism if masculinity is exposed as more problematic and elusive than previously?

suspected Ernest Hemingway's The Old Man and the Sea Harold Bloom, 2008 Hemingway's last work published during his lifetime remains one of his most popular and best known. A man's symbolic quest to land the catch of a lifetime engages classic themes of the human struggle against nature as well as explores the intersection of expectation and desire. **Death in Ernest Hemingway's The Old Man and the Sea** Dedria Bryfonski, 2014-03-12 Published in 1952 *The Old Man and the Sea* is Hemingway's last major work of fiction and is widely revered for its compelling use of death and legacy. This concise volume explores Hemingway's life and influences, takes a look at key ideas related to death in the novel including notions of the killing, hunting, and aging, and provides a selection of contemporary perspectives on death. Essayists include Lillian Ross, A. E. Hotchner, Carlos Baker, Wolfgang Iltis, and Dolores T. Puterbaugh. *Hemingway's Neglected Short Fiction* Susan F. Beegel, 1992 Some 25 Hemingway scholars critique Hemingway's works from the early apprentice fiction of 1919 stories Hemingway wrote. *The Critics and Hemingway, 1924-2014* Laurence W. Mazzeno, 2015 Traces Hemingway's critical fortunes over the ninety years of his prominence, telling us something about what we value in literature and why scholarly reputations rise and fall. Hemingway burst on the literary scene in the 1920s with spare, penetrating short stories and brilliant novels. Soon he was held as a standard for modern writers. Meanwhile, he used his celebrity to create a persona like the stoic macho heroes of his fiction. After a decline during the 1930s and 1940s, he came roaring back with *The Old Man and the Sea* in 1952. Two years later he received the Nobel Prize. While his popularity waxed and waned during his lifetime, Hemingway's reputation among scholars remained strong as long as traditional scholarship dominated. New approaches beginning in the 1960s brought a sea change, however, finding grave fault with his work and making him a figure ripe for vilification. Yet during this time, scholarship on him continued to appear. His works still sell well, and several are staples on high school and college syllabi. A new scholarly edition of his letters is drawing prominent attention, and there is a resurgence in scholarly attention to and approbation for his work. *Tracing Hemingway's critical fortunes* tells us something about what we value in literature and why reputations rise and fall as scholars find new ways to examine and interpret creative work. Laurence W. Mazzeno is President Emeritus of Alvernia University. Among other books, he has written volumes on Austen, Dickens, Tennyson, Updike, and Matthew Arnold for Camden House's *Literary Criticism in Perspective* series. The Impossible Craft Scott Donaldson, 2015-02-23 In *The Impossible Craft*, Scott Donaldson explores the rocky territory of literary biography, the most difficult that biographers try to navigate. Writers are accustomed to controlling the narrative and notoriously opposed to allowing intruders on their turf. They make bonfires of their papers, encourage others to destroy correspondence, write their own autobiographies, and appoint family or friends to protect their reputations as official biographers. Thomas Hardy went so far as to compose his own life story to be published after his death, while falsely assigning authorship to his widow. After a brief background sketch of the history of biography from Greco-Roman times to the present, Donaldson recounts his experiences in writing biographies of a broad range of twentieth-century American writers. Ernest Hemingway, F. Scott

Fitzgerald John Cheever Archibald MacLeish Edwin Arlington Robinson Winfield Townley Scott and Charlie Fenton Donaldson provides readers with a highly readable insiders introduction to literary biography He suggests how to conduct interviews and what not to do during the process He offers sound advice about how closely biographers should identify with their subjects He examines the ethical obligations of the biographer who must aim for the truth without unduly or unnecessarily causing discomfort or worse to survivors He shows us why and how misinformation comes into existence and tends to persist over time He describes the mythical ideal biographer an imaginary creature of universal intelligence and myriad talents beyond the reach of any single human being And he suggests how its very impossibility makes the goal of writing a biography that captures the personality of an author a challenge well worth pursuing *Makers of Modern Culture* Justin Wintle, 2002 This volume provides lively and clearly written expositions of those figures who have done most to shape our views in the period since 1914 Music cinema drama art fiction poetry and philosophy are just some of the fields covered **The Hidden God** Cleanth Brooks, 1963-01-01 The clarity of style for which Mr Brooks has long been noted is displayed to advantage in this newest book of his criticism Originally delivered as lectures at a faculty conference of people interested in theology the critical studies have special importance for all readers who would like a fresh perspective on five distinguished literary figures whose Christian commitment has been regarded as nonexistent or nebulous Mr Brooks believes that whatever a writer has to say about mankind Christianity or culture in general is most significantly explained through his achievements as an artist and for that reason the critic here deals with the characteristic literary work of each author rather than with his theology or philosophy *Literary Journalism in the Twentieth Century* Norman Sims, 2008-11-04 This wide ranging collection of critical essays on literary journalism addresses the shifting border between fiction and non fiction literature and journalism Literary Journalism in the Twentieth Century addresses general and historical issues explores questions of authorial intent and the status of the territory between literature and journalism and offers a case study of Mary McCarthy s 1953 piece Artists in Uniform a classic of literary journalism Sims offers a thought provoking study of the nature of perception and the truth as well as issues facing journalism today Ernest Hemingway, the Man and His Work. Edited by John K.M. McCaffery, 1951 Kurt Vonnegut and the American Novel Robert T. Tally Jr., 2011-08-11 The novels of Kurt Vonnegut depict a profoundly absurd and distinctly postmodern world But in this critical study Robert Tally argues that Vonnegut himself is actually a modernist who is less interested in indulging in the free play of signifiers than in attempting to construct a model that could encompass the American experience at the end of the twentieth century As a modernist wrestling with a postmodern condition Vonnegut makes use of diverse and sometimes eccentric narrative techniques such as metafiction collage and temporal slippages to project a comprehensive vision of life in the United States Vonnegut s novels thus become experiments in making sense of the radical transformations of self and society during that curious unstable period called perhaps ironically the American Century An untimely figure Vonnegut develops a postmodern iconography of

American civilization while simultaneously acknowledging the impossibility of a truly comprehensive representation

Saturday Review of Literature, 1926 **Allen Tate and His Work** Radcliffe Squires, 1972-01-01 **Voices of Valor: Conversations with Legends** MD Sharr, 101-01-01

Voices of Valor Conversations with Legends is a creatively imagined collection of fictional interviews with some of history's most iconic figures from Yuri Gagarin and Nelson Mandela to Leonardo da Vinci and Marie Curie. Blending historical accuracy with artistic storytelling, the book explores the thoughts, motivations, and legacies of these extraordinary individuals. Each dialogue offers insight into their challenges, values, and triumphs, presenting them not just as historical figures but as timeless voices that speak to the present. Designed to inspire and educate readers across generations, the book serves as both a tribute to human resilience and a call to action. It emphasizes leadership, innovation, justice, and the power of imagination, encouraging reflection and personal growth. Ideal for students, educators, and history lovers, Voices of Valor brings the past to life through engaging, thought-provoking conversations that remind us of our shared humanity and the enduring impact of visionary lives.

Congressional Record United States. Congress, 1964 **The Biography Book** Daniel S. Burt, 2001-02-28

From Marilyn to Mussolini, people captivate people. A.E.'s Biography, best-selling autobiographies and biographical novels, testify to the popularity of the genre. But where does one begin? Collected here are descriptions and evaluations of over 10,000 biographical works, including books of fact and fiction, biographies for young readers, and documentaries and movies, all based on the lives of over 500 historical figures, from scientists and writers to political and military leaders to artists and musicians. Each entry includes a brief profile, autobiographical and primary sources, and recommended works. Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title, helping readers to find the best biographical material available on hundreds of fascinating individuals.

An Artist in the Rigging William B. Dillingham, 2008-08-01

An Artist in the Rigging is a study of Herman Melville's early novels: Typee, Omoo, Mardi, Redburn, and White-Jacket. The author considers these fictions from the standpoint of thematic relationship rather than of chronological development. He shows that while the five hero-narrators are separate and distinct entities, they have much in common and can be seen as representing different facets of an emergent composite hero: from the sensitive and restless young man who leaves home to search hungrily for experience to the wanderer immersed in a deep probing of himself and his world. The hero's thirst for psychological independence, what comes to be his overriding ambition, is never satisfied, and destruction becomes inevitable, culminating in a paradoxical apotheosis in which the narrator-hero achieves this independence but only at the expense of his humanity. Dillingham persuasively demonstrates the interrelated qualities of these five novels, and in so doing, he shows that the young Melville was a far greater literary artist than he gave himself credit for being. This fiction constitutes a powerful achievement in richness of texture, range of effect, and depth of characterization, as An Artist in the Rigging makes clear.
