*Théodore Rousseau and the Rise of the Modern Art Market* Simon Kelly, 2021-03-25 The 19th century in France witnessed the emergence of the structures of the modern art market that remain until this day This book examines the relationship between the avant garde Barbizon landscape painter Théodore Rousseau 1812-1867 and this market exploring the constellation of patrons art dealers and critics who surrounded the artist It argues for the pioneering role of Rousseau his patrons and his public in the origins of the modern art market and in so doing shifts attention away from the more traditional focus on the novel careers of the Impressionists and their supporters Drawing on extensive archival research the book provides new insight into the role of the modern artist as professional It provides a new understanding of the complex iconographical and formal choices within Rousseau's work rediscovering the original radical charge that once surrounded the artist's work and led to extensive and peculiarly modern tensions with the market place [Art Libraries Journal](#), 1999

*Art in an Age of Civil Struggle, 1848-1871* Albert Boime, 2008-09-15 From the European revolutions of 1848 through the Italian independence movement the American Civil War and the French Commune the era Albert Boime explores in this fourth volume of his epic series was in a word transformative The period which gave rise to such luminaries as Karl Marx and Charles Darwin was also characterized by civic upheaval quantum leaps in science and technology and the increasing secularization of intellectual pursuits and ordinary life In a sweeping narrative that adds critical depth to a key epoch in modern art's history *Art in an Age of Civil Struggle* shows how this turbulent social environment served as an incubator for the mid nineteenth century's most important artists and writers Tracing the various movements of realism through the major metropolitan centers of Europe and America Boime strikingly evokes the milieu that shaped the lives and works of Gustave Courbet Édouard Manet Émile Zola Honoré Daumier Walt Whitman Abraham Lincoln and the earliest photographers among countless others In doing so he spearheads a powerful new way of reassessing how art emerges from the welter of cultural and political events and the artist's struggle to interpret his surroundings Boime supports this multifaceted approach with a wealth of illustrations and written sources that demonstrate the intimate links between visual culture and social change Culminating at the transition to impressionism *Art in an Age of Civil Struggle* makes historical sense of a movement that paved the way for avant garde aesthetics and more broadly of how a particular style emerges at a particular moment

**Ernest Meissonier** Constance Cain Hungerford, Jean-Louis Ernest Meissonier, 1999 This study documents the career of mainstream nineteenth century artist Ernst Meissonier [The Judgment of Paris](#) Ross King, 2009-05-26 With a novelist's skill and the insight of an historian bestselling author Ross King recalls a seminal period when Paris was the artistic center of the world and the rivalry between Meissonier and Manet *The Judgment of Paris* chronicles the dramatic decade between two famous exhibitions the scandalous Salon des Refusés in 1863 and the first Impressionist showing in 1874 set against the rise and dramatic fall of Napoleon III and the Second Empire after the Franco-Prussian War A tale of many artists it revolves

around the lives of two described as the two poles of art Ernest Meissonier the most famous and successful painter of the 19th century hailed for his precision and devotion to history and Edouard Manet reviled in his time who nonetheless heralded the most radical change in the history of art since the Renaissance Out of the fascinating story of their parallel lives illuminated by their legendary supporters and critics Zola Delacroix Courbet Baudelaire Whistler Monet Hugo Degas and many more Ross King shows that their contest was not just about Art it was about competing visions of a rapidly changing world

**Beyond the Easel** Gloria Lynn Groom, Nicholas Watkins, Jennifer Paoletti, Thérèse Barruel, Metropolitan Museum of Art (New York, N.Y.), 2001-01-01 The Contributions of Artists Pierre Bonnard Edouard Vuillard Maurice Denis and Ker Xavier Roussel to the French avant garde of the 1890s as members of the Nabis are widely recognized What is less known about these artists careers is their extraordinary work in decorative painting work on a large or unusual scale for private interiors This illustrated book focuses on the many decorative works carried out by the four artists between 1890 and 1930 During these years they moved beyond the narrow parameters of easel painting and applied their wholly untraditional aesthetic of decoration to a wide range of works for domestic interiors from wall size ensembles to folding screens The cosmopolitan group of patrons who made this work possible ranged from the avant garde circle of La Revue Blanche to prominent members of the French establishment An examination of their role and tastes is another fascinating feature of this publication The book and accompanying exhibition reunite paintings that have long been dispersed introducing contemporary viewers to a group of bold and evocative works which had a wide ranging though little recognized influence on modern art As the book s authors argue the aesthetic embodied by these works indeed helped set the stage for the large non narrative paintings by artists as diverse as Rothko and Lichtenstein that came to dominate the avant garde after World War II
