Eros Breaking Free:

Eros Breaking Free Anne Bathurst Gilson, 1995 In this landmark study of Christian attitudes toward love and sexuality ethicist Anne Gilson carefully examines how twentieth century theologians and mainline churches have interpreted eros erotic love and desire Contending that these pernicious interpretations have resulted in violence and injustice against women Gilson clearly demonstrates how recent feminist scholarship offers a fruitful resource for the church to better understand and engender the true meaning and purpose of Christian love Page 4 of cover

Erotic Attunement Cristina L. H. Traina, 2011-12-01 Heightened awareness of the problem of sexual abuse has led to deep anxiety over adults touching children in nearly any context Though our society has moved toward increasingly strict enforcement of this taboo studies have shown that young children need regular human contact and the benefits of breastfeeding have been widely extolled Exploring the complicated history of love desire gender sexuality parenthood and inequality *Erotic Attunement* probes the disquieting issue of how we can draw a clear line between natural affection toward children and perverse exploitation of them Cristina L H Traina demonstrates that we cannot determine what is wrong about sexual abuse without first understanding what is good about appropriate sensual affection Pondering topics such as the importance of touch in nurturing children the psychology of abuse and victimhood and recent ideologies of motherhood she argues that we must expand our philosophical and theological language of physical love and make a distinction between sexual love and erotic love Taking on theological and ethical arguments over the question of sexuality between unequals she arrives at the provocative conclusion that it can be destructive to completely bar eroticism from these relationships

She Flies On Carter Heyward, 2017-04 Simultaneously theological spiritual moral political social autobiographical First person narrative of one who was at the forefront at a significant time in church and secular history *Acts of Faith, Acts of Love* Dugan McGinley, 2006-04-19 McGinley uses the autobiographies of Gay men to explore the overlap between their religious and sexual identities *The Sexual Organization of the City* Edward O. Laumann, Stephen Ellingson, Jenna Mahay, Anthony Paik, 2005-11-21 We think of the city as a place where anything goes Take the sensational fantasies and lurid antics of single women on *Sex in the City* or young men on *Queer as Folk* and you might imagine the city as some kind of sexual playground a place where you can have any kind of sex you want with whomever you like anytime or anywhere you choose But in *The Sexual Organization of the City* Edward Laumann and company argue that this idea is a myth Drawing on extensive surveys and interviews with Chicago adults they show that the city is to the contrary a place where sexual choices and options are constrained From Wicker Park and Boys Town to the South Side and Pilsen they observe that sexual behavior and partnering are significantly limited by such factors as which neighborhood you live in your ethnicity what your sexual preference might be or the circle of friends to which you belong In other words the social and institutional networks that city dwellers occupy potentially limit their sexual options by making different types of sexual activities relationships or meeting places less

accessible To explain this idea of sex in the city the editors of this work develop a theory of sexual marketplaces the places where people look for sexual partners They then use this theory to consider a variety of questions about sexuality Why do sexual partnerships rarely cross racial and ethnic lines even in neighborhoods where relatively few same ethnicity partners are available Why do gay men and lesbians have few public meeting spots in some neighborhoods but a wide variety in others Why are African Americans less likely to marry than whites Does having a lot of friends make you less likely to get a sexually transmitted disease And why do public health campaigns promoting safe sex seem to change the behaviors of some but not others Considering vital questions such as these and shedding new light on the city of Chicago this work will profoundly recast our ideas about human sexual behavior

The Erotic in Sports Allen Guttman,1996 In *The Erotic in Sports* Allen Guttman illuminates a topic commonly hidden in the shadows drawing upon literature art modern mass media and traditional historical sources to describe and comment upon its importance across nearly three millennia of Western history Investigating aesthetic ideals that romanticize the lithe agile fencer at one historical moment and the massively muscled football player at another surveying ancient legends and products of pop culture Guttman's groundbreaking work uncovers a vast array of evidence that cultures across the ages have celebrated glorified censured and denied the erotic aspects of sports

Gay and Lesbian Theologies Elizabeth Stuart,2017-09-08 Gay and lesbian theology has been one of the most distinctive voices to have emerged in Christian theology in the last 30 years It has placed lesbian and gay experience at the heart of the theological process Elizabeth Stuart one of the most prominent theologians in this field presents the first critical survey of gay and lesbian theology arguing that its emergence was nothing short of miraculous Gay and lesbian theologians managed to take a dominant Christian discourse which rendered them sinful sick and harmful to the common good and transform it into a theology which argued that a person's sexuality provided the point of contact between God and themselves Stuart argues that miraculous though this was gay and lesbian theology has revealed itself to be bankrupt incapable of providing universally convincing reasons for the inclusion of lesbian and gay people and their relationships in the Church and unable to deal with the defining experience of lesbian and gay communities in the late twentieth century AIDS Stuart concludes that lesbian and gay people and their opponents in the Church have too easily bought into modern constructions of sexual identity and cut themselves off from a Christian tradition which is far more queer in that it refuses to accept the stability of gender and sexual desire Stuart argues that the only way out of the current deadlock on the issue of homosexuality in the Churches is for both sides to embrace this ancient queer tradition a Christian tradition which teaches that in the end gender and sexual identities have no ultimate importance

Divine Communion Jay Emerson

Johnson,2013-10-01 Food sex and God these intertwine at the heart of Christian faith and practice This book invites Christian communities to reflect theologically and spiritually on the desire for God and the desire for sexual intimacy as the same fundamental desire for communion This is likewise God s own desire to be in communion with us which Christians celebrate whenever we share a simple meal of bread and wine at the Eucharistic table The longing for intimacy and its disruptions echo throughout our political contestations economic systems racial and ethnic conflicts and ecological crises In no small measure the vitality of Christian witness to the Gospel in the twenty first century depends on exploring the depths of desire itself in the ancient hope for Divine Communion made new Kierkegaard's Influence on Theology: Anglophone and Scandinavian Protestant theology Jon Bartley Stewart, Tome II is dedicated to tracing Kierkegaard s influence in Anglophone and Scandinavian Protestant religious thought In Britain before World War I the few literati who were familiar with his work tended to assimilate Kierkegaard to the heroic individualism of Ibsen and Nietzsche In the United States knowledge of Kierkegaard was introduced by Scandinavian immigrants who brought with them a picture of the Dane as much more sympathetic to traditional Christianity The interpretation of Kierkegaard in Britain and America during the early and mid twentieth century generally reflected the sensibilities of the particular theological interpreter Anglican theologians tended to find Kierkegaard to be one sided in his critique of reason and culture while theologians hailing from the Reformed tradition often saw him as an insightful harbinger of neo orthodoxy The second part of Tome II is dedicated to the Kierkegaard reception in Scandinavian theology featuring articles on Norwegian and Swedish theologians influenced by Kierkegaard

Soft Shepherd or Almighty Pastor Annemie Dillen,2015-03-26 In *Soft Shepherd or Almighty Pastor* contributors seek to go beyond the taboo on power within pastoral contexts They not only discuss fundamental theological and philosophical questions about power but also develop ways to prevent power abuse in pastoral context Power is considered as omnipresent and is analyzed in its positive and negative aspects Not only the classical associations of power over or domination are discussed in relation to ecclesial and pastoral situations but also forms of power linked to **Gathering Those Driven Away** Wendy Farley,2011-09-12 This book is a powerful expression of Jesus Christ given in the midst of the brokenness and hostilities of this world as experienced by those who are marginalized and persecuted in contemporary society Drawing on broader sources in the Christian tradition Farley maintains the power of Jesus of Nazareth as the expression of the Divine Eros in Wisdom to break powers of sin and provide a vision of life which is an alternative Empire to present ways and where love reigns as norm **Psyche and Eros** Samuel Aaron Tannenbaum,Herbert Silberer,Edouard Claparède,Charles Baudouin,1920 *Romantic Love and Sexual Behavior* Victor C. de Munck,1998-04-16 Westerners believe that love makes life worth living that sex is a natural desire different in kind from love and that only cynics reduce our love life to a calculation of economic or genetic factors In this volume essays explore these and other assumptions about the relationship between romantic love and sex This represents the first interdisciplinary social science study of love and sex Contributors ask

and answer questions such as Is love just sex idealized or is it a transcendent and divine emotion Is love a cultural construct that is shared by members of the same culture or is it a matter of personal taste What keeps promiscuous people from using condoms even when they know they are at risk Are black professional men so rare that their conceptions of love and sex differ from those of white professional men Are brutal sexual fantasies an exclusively male domain and are they always excluded from love fantasies among normal adolescents Is divorce a culturally induced response to evolutionary reproductive strategies that compel individuals to maximize their genetic legacy Are marriages or relationships less satisfying or stable when an actual mate falls short of the fantasy of the ideal mate Is there a universal core to love and sex that is camouflaged by other cultural norms such as modesty and sexual segregation Is rape perceived as more acceptable when the rapist says he was motivated by love What do cult movements and romantic love have in common As they attempt to answer these and other questions the authors extend our understanding of the variety of ways that love and sex are conceptualized connected or separated

Pro Ecclesia, 1999 Constructing the Erotic Barbara J. Blodgett, 2002 Barbara J Blodgett proposes a practical sexual ethic for adolescent girls based on a discourse of vulnerability and trust rather than one of erotic liberation Her work directly challenges feminist theologies of the erotic which seek to establish the erotic as unquestionably freeing and empowering Blodgett declares that inconsistent worlds of meaning surround girls moral deliberation about sexual activity despite their sincere yearning for guidance This ground breaking book Critiques feminist theologies of the erotic Draws upon actual narratives of adolescent girls about sexuality and romance Uses a psychoanalytic theory for Christian ethics Points the way to an alternative model of sexual ethics in theological ethics while factoring in the stark realities of gender power and culture Blodgett suggests relationships are either stabilized by the exercise of trust or friendly distrust

Men's Bodies, Men's Gods Bjorn Krondorfer, 1996-01-01 Men s Bodies Men s Gods explores the intersection of body religion and culture from the specific perspective of male identities How are male bodies constructed in different historical periods and contexts How do race ethnicity and sexual preference impact on the intersection of male bodies and religious identity Does Christianity provide models to cope with the aging and ailing male body Does it provide models for intimacy between men and women Between men and men And how do men reflect the carnal dimensions of power abuse and justice

Unconventional Wisdom June Boyce-Tillman, 2016-04-08 Early Christianity saw women in positions of authority and a fluid theology that included feminine figures in the notion of the Divine However for centuries a male trinity has dominated theology with the characteristics of triumphalism clarity order eternity and unity *Unconventional Wisdom* examines the attempt within the last half of the twentieth century to unearth the hidden theological tradition of feminine Wisdom The book presents the work of influential theorists notably Foucault Belenky and Dorothy Smith The recovery of the feminine in the divine is linked with the rediscovery of subjugated value systems and what this might mean for ecclesiology

Art, Origins, Otherness William Desmond, 2012-02-01 Though our time is often said to be post religious and post metaphysical many

continue to seek some encounter with otherness and transcendence in art This book deals diversely with the issues of art origins and otherness both in themselves and in philosophical engagements with the works of Plato Kant Hegel Schopenhauer Nietzsche and Heidegger Addressing themes such as eros and mania genius and the sublime transcendence and the saving power of art William Desmond tries to make sense of the paradox that too much has been asked of art that now almost nothing is asked of it He argues that there is more to be said philosophically of art and claims that art has the power to open up mindfulness beyond objectifying knowledge as well as beyond thinking that claims to be entirely self determining

God, Desire, and a Theology of Human Sexuality David H. Jensen, 2013-01-01 This work of constructive theology examines human sexuality in light of Christian faith and doctrine Jensen moves beyond the hot button social debates about sexual orientation and sexual practices to look for healing The seven chapters consider Scripture and sex the connections between the triune covenantal God and human sexuality Christ s incarnation and resurrection as affirming the beauty of flesh eschatology and sexual identity the ramifications of the Lord s Supper for human sexuality vocation and Christian callings to marriage celibacy and singleness and sexual ethics
