Psychopathy Within Eve Maram, 2016-04-29 Psychopathy Within offers a new way of conceptualizing and defining

psychopathy that is a convergence of the author's divergent professional experiences as a forensic psychologist and a Jungian oriented psychotherapist and her personal life experiences over decades as a Jungian student and analyst. When her father died the story of his life and their relationship ignited her curiosity about the meaning of psychopathy enriching and amplifying what she already felt she knew from a wide range of experiences study and observations. The result is an invitation to explore this charged topic psychopathy with a new perspective that holds the potential for growth and healing. At the heart of the story is the power of eros the devastating ramifications of its absence and the tremendous healing energy of its presence. Eve Maram's *Psychopathy Within* brings a cogent synthesis of Jungian and forensic perspectives uniquely presented both clinically and from personal experience. A well researched approach to psychopathy is followed by a vision for potential healing providing hope and useful advice and making this a valuable resource not only for clinicians but anyone confronted with a psychopathic situation. Robert Hinshaw This book is an expression of the Feminine principle of Eros Guiding us through the labyrinths of the human heart in its experience of psychopathy an experience described qualitatively by Dr Eve Maram as a sense of something deep within that is missing and that exists in a dormant continuum with all of us. Dr Maram draws on her experiences as a forensic psychologist a Jungian therapist and most centrally a daughter to a father who suffered from psychopathy to challenge the strict separation of us and them in diagnostic criteria and in relationship. Beyond the yearnings to make logical sense of psychopathy she eloquently expresses the ways in which Eros or the Feminine Principle is often missing or devalued in both professional work and in personal life. Authentic not sentimental engagingly written and filled with personal story Dr Maram's genuine feeling and her capacity to communicate it is what makes this book a gem and a much needed contribution to accepting and healing the dark and cold frozen dimensions of ourselves. By going consciously into dark experiences of psychopathy with love appreciation for symbol compassion and a touch of humor Dr Maram shows us the gold the possibility of authentic life that lies hidden in what seems most unacceptable and most destructive to ourselves and others. Thomas Elsner J D M A Jungian Analyst *Enemy, Cripple, Beggar* Erel Shalit, 2009-05 In *Shadows in the Hero's Path the Enemy the Cripple and the Beggar* Erel Shalit provides new thoughts and views on the concepts of Hero and Shadow. From a Jungian perspective this forthcoming Fisher King Press publication will elaborate on mythological and psychological images. Myths and fairy tales explored include Perseus and Andersen's *The Cripple*. You'll also enjoy the psychological deciphering of Biblical stories such as Amalek The Wicked Warrior Samson The Impoverished Sun and Jacob the Divine Adversary. With the recent discovery of *The Gospel of Judas* Dr Shalit also delves into the symbolic relationship between Jesus and Judas Iscariot to illustrate the hero function's inevitable need of a shadow. Clinical material concerning a case of a powerful erotic counter transference is also an integral part of this deeply insightful body of work.

com Jovens em Conflito com a Lei Fundamentada na Psicologia Analítica Ezequiel Nogueira Braga, 2022-08-23 Este livro corresponde minha dissertação de mestrado em psicologia clínica realizada na Pontifícia Universidade Católica de São Paulo em 2019. Optei por não modificar o texto original no modelo acadêmico que foi redigido e apenas tornar o texto mais agradável ao leitor, especialmente para aqueles interessados na compreensão psicológica e possibilidades de intervenções relativas à violência juvenil e para profissionais que precisam atuar com adolescentes e jovens que frequentemente praticam atos violentos. Este trabalho nasce das experiências provocantes e desafiadoras de minha atuação no sistema socioeducativo do Distrito Federal e pela busca de embasamento teórico e prático para intervenções com adolescentes em contato com a lei. Ao longo do livro apresento o caminho de construção da intervenção em grupo a partir da revisão de literatura feita e os pressupostos teóricos da psicologia analítica. A oficina, um estudo piloto realizado a partir da narrativa de situações de violência que não foram vividas diretamente pelos participantes, mas que os marcaram de alguma forma. O trabalho do coordenador é de oferecer estímulos de referência ao grupo, assim como o de conferir a possibilidade de se imaginar possibilidades criativas a partir da proposta de tornar as histórias consideradas reais como se fossem uma ficção, portanto, ficcionar. É a partir do processo de imaginar que se adentra o aspecto estritamente psicológico da oficina, qual seja, a busca por estimular o processamento da consciência moral e o reconhecimento de fantasias agressivas, muitas vezes tornadas literais pelos jovens. Foi realizado estudo de caso com enfoque qualitativo com quatro jovens de 18 a 20 anos que cumpriam medida socioeducativa de semiliberdade, dois dos quais completaram todo o processo de intervenção. Para avaliar a oficina foi feita uma análise temática e aplicação de escala que fornecem dados que demonstram a trama da violência vivida pelos jovens individualmente e coletivamente, trama essa entrelaçada por um nó de determinismo da violência que reetido durante o livro, assim como os caminhos possíveis de estímulo de consciência moral e espaço de confiança e de amparo para jovens envolvidos em situações de violência. *Ansiedade Cultural* Rafael Lopez Pedraza, 2025-02-19 O livro trata de temas fundamentais para a psicologia e o autoconhecimento que têm a ver com aspectos distantes e obscuros da natureza e já foram abordados por mim de forma superficial. Assim, o autor sempre liga o sintoma manifesto de um arquétipo procurando as suas raízes. Vai fundo, matriz, não psicologiza, fala através das imagens, rondando as extraindo delas o que é importante para gerar o movimento da psique sem dar respostas prontas. *Spring*, 2007
