Erotic Art In Pompeii The Secret Collection Of The National Museum Of Naples:

Eros in Pompeii Michael Grant,1982 Law and the Image Costas Douzinas,Lynda Nead,1999-08 Discussing the diverse relationships between law and the artistic image this book includes coverage of the history of the relationship between art and law and the ways in which the visual is made subject to the force of the law A Disabled Apostle Isaac T. Soon,2025-05-19 Speculation around the health of Paul the Apostle has been present since soon after his death Recently scholars have understood Paul to be disabled but have been wary of isolating precisely what his disabilities may have been or whether they are important for understanding his writings This book is the first full length study of Paul the Apostle and disability Using insights from contemporary disability studies Isaac Soon analyses features of Paul s body in his ancient Mediterranean context to understand the ways in which his body was disabled Focusing on three such ancient disabilities demonization circumcision and short stature this book draws on a rich variety of ancient evidence from textual sources and epigraphy to ancient visual culture to analyze ancient bodily ideals and the negative cultural effects such deviant persons generated The book also examines Paul s use of his own disabilities in his letters and shows how disability is not subsidiary to his thought but a central aspect of it This book also provides scholars with a new method for uncovering previously unrecognized disabilities in the ancient world Last of all it critiques the latent ableism in much New Testament scholarship which assumes that the figures of the early Jesus movement were able bodied Dying to Be Men L. Stephanie Cobb,2008-09-04 At once brave and athletic virtuous and modest female martyrs in the second and third centuries were depicted as self possessed gladiators who at the same time exhibited the quintessentially womanly qualities of modesty fertility and beauty L Stephanie Cobb explores the double embodiment of male and female gender ideals in these figures connecting them to Greco Roman virtues and the construction of Christian group identities Both male and female martyrs conducted their battles in the amphitheater a masculine environment that enabled the divine combatants to showcase their strength virility and volition These Christian martyr accounts also illustrated masculinity through the language of justice resistance to persuasion and more subtly but most effectively the juxtaposition of unmanly individuals usually slaves the old or the young with those at the height of male maturity and accomplishment such as the governor or the proconsul Imbuing female martyrs with the same strengths as their male counterparts served a vital function in Christian communities Faced with the possibility of persecution Christians sought to inspire both men and women to be braver than pagan and Jewish men Yet within the community itself traditional gender roles had to be maintained and despite the call to be manly Christian women were expected to remain womanly in relation to the men of their faith Complicating our understanding of the social freedoms enjoyed by early Christian women Cobb s investigation reveals the dual function of gendered language in martyr texts and its importance in laying claim to social power **The Routledge Handbook of Classics and Queer Theory** Ella Haselswerdt,Sara H. Lindheim,Kirk Ormand,2023-09-29 New directions in queer theory continue to trouble the boundaries of

both queerness and the classical leading to an explosion of new work in the vast and increasingly uncharted intersection between these disciplines which this interdisciplinary volume seeks to explore This handbook convenes an international group of experts who work on the classical world and queer theory The discipline of Classics has been involved with and implicated in queer theory from the start By placing front and center the rejection of heteronormativity queer theory has provided Classics with a powerful tool for analyzing non normative sexual and gender relations in the ancient West while Classics offers queer theory ancient material such as literature visual arts and social practices that challenges a wide range of modern normative categories The collection demonstrates the vitality of this particular moment in queer classical studies featuring an expansive array of methodologies applied to the interdisciplinary field of Classics Embracing the indeterminacy that lies at the core of queer studies the essays in this volume are organized not by chronology or genre but rather by overlapping categories under the following rubrics queer subjectivities queer times and places queer kinships queer receptions and ancient pasts queer futures The Routledge Handbook of Classics and Queer Theory offers an invaluable collection for anyone working on queer theory especially as it applies to premodern periods it will also be of interest to scholars engaging with the history of sexuality both in the ancient world and more broadly **Beware the Evil Eye,**

4-Volume Set John H. Elliott, 2017-09-20 In the Sermon on the Mount Jesus of Nazareth makes reference to one of the oldest beliefs in the ancient world the malignity of an Evil Eye The Holy Scriptures in their original languages contain no less than twenty four references to the Evil Eye although this is obscured by most modern Bible translations John H Elliott s *Beware the Evil Eye* describes this belief and associated practices its history its voluminous appearances in ancient cultures and the extensive research devoted to it over the centuries in order to unravel this enigma for readers who have never heard of the Evil Eye and its presence in the Bible The four volumes cover the ancient world from Sumer to the Middle Ages

Propertius, Greek Myth, and Virgil Peter J. Heslin, 2018-07-04 This volume offers a strikingly innovative account of Propertius relationship with Virgil positing a keen rivalry between two of the greatest poets of Latin literature contemporaries within the circle of Maecenas It begins by examining all of the references to Greek mythology in Propertius first book these passages emerge as strongly intertextual in nature providing a way for the poet to situate himself with respect to his predecessors both Greek and Roman More specifically myth is also the medium of a sustained polemic with Virgil s *Eclogues* published only a few years earlier Virgil s response can be traced in the *Georgics* and subsequently in his second and third books Propertius continued to use mythology and its relationship to contemporary events as a vehicle for literary polemic This volume argues that their competition can be seen as exemplifying a revised model for how the poets within Maecenas circle interacted and engaged with each other s work a model based on rivalry rather than ideological adhesion or subversion while also painting a revealing picture of how Virgil was viewed by a contemporary in the days before his death had canonized his work as an instant classic In particular its novel interpretation offers us a new understanding of

Propertius one of the foundational figures in Western love poetry and how his frequent references to other poets especially Gallus and Ennius take on new meanings when interpreted as responses to Virgil's changing career

Classical Myth and Psychoanalysis Vanda Zajko, Ellen O'Gorman, 2013-06-27 Since Freud published the Interpretation of Dreams in 1900 and utilized Sophocles Oedipus Rex to work through his developing ideas about the psychosexual development of children it has been virtually impossible to think about psychoanalysis without reference to classical myth Myth has the capacity to transcend the context of any particular retelling continuing to transform our understanding of the present Throughout the twentieth century experts on the ancient world have turned to the insights of psychoanalytic criticism to supplement and inform their readings of classical myth and literature This volume examines the interrelationship of classical myth and psychoanalysis from the generation before Freud to the present day engaging with debates about the role of classical myth in modernity the importance of psychoanalytic ideas for cultural critique and its ongoing relevance to ways of conceiving the self The chapters trace the historical roots of terms in everyday usage such as narcissism and the phallic symbol in the reception of Classical Greece and cover a variety of both classical and psychoanalytic texts

Classical Culture and Modern Masculinity Daniel Orrells, 2011-06-09 For nineteenth century thinkers in Germany and Britain who looked to Greece as the acme of past civilization the Greeks' enjoyment of pederasty presented a problem Daniel Orrells's study explores the way in which this awkward issue was negotiated

Duck Victoria de Rijke, 2008-12-15 The squat noisy duck occupies a prominent role in the human cultural imagination as evidenced by everything from the rubber duck of childhood baths to insurance commercials With Duck Victoria de Rijke explores the universality of this quacking bird through the course of human culture and history From the Eider duck to the Brazilian teal to the familiar mallard duck species are richly diverse and de Rijke offers a comprehensive overview of their evolutionary history She explores the numerous roles that the duck plays in literature art and religion including the Hebrew belief that ducks represent immortality and the Finnish myth that the universe was hatched from a duck's egg The author also highlights the significant role humor has always played in human imaginings of duck life such as the Topographia Hibernica a twelfth century tome contending that ducks originated as growths on tree trunks washed up on a beach But the book does not neglect the bird's role in everyday life as well from food dishes to jokes to beloved animated characters such as Daffy Duck and Donald Duck Duck is an entertaining account of a bird whose distinctive silhouette is known the world over

The Lost World of Pompeii Colin Amery, Brian Curran, 2002 Richly illustrated with historical images and new images of the site by acclaimed photographer Chris Caldicott The Lost World of Pompeii tells the fascinating story of the ghosts of a bygone era raised from the ashes

BOOK JACKET

Exploring Gender Diversity in the Ancient World Allison Surtees, 2020-02-03 Explores how binary gender and behaviours of gender were actively challenged in classical antiquity Provides a focus on gender on its own terms and outside the context of sex and sexuality Offers an interdisciplinary approach appealing to Classicists Ancient Historians and Archaeologists as well as

audiences working outside the ancient world in Gender Studies Transgender Studies LGBTQ Studies Anthropology and Women's Studies Covers a broad time period 6th c BCE 3rd c CE and addresses both textual evidence and material culture vases sculpture wall painting Provides history of gender identities and behaviours previously ignored or suppressed by disciplinary practices Gender identity and expression in ancient cultures are questioned in these 15 essays in light of our new understandings of sex and gender Using contemporary theory and methodologies this book opens up a new history of gender diversity from the ancient world to our own encouraging us to reconsider those very understandings of sex and gender identity New analyses of ancient Greek and Roman culture that reveal a history of gender diverse individuals that has not been recognised until recently Taking an interdisciplinary approach these essays will appeal to classicists ancient historians archaeologists as well as those working in gender studies transgender studies LGBTQ studies anthropology and women's studies

The Last Days of Pompeii Victoria C. Gardner Coates, Kenneth D. S. Lapatin, Jon L. Seydl, Cleveland Museum of Art, Musée national des beaux-arts du Québec, 2012 Destroyed yet paradoxically preserved by the eruption of Mount Vesuvius in a d 79 Pompeii and other nearby sites are usually considered places where we can most directly experience the daily lives of ancient Romans This book explores Pompeii as a modern obsession in which the Vesuvian sites function as mirrors of the present It is a fascinating survey of the modern obsession with the destruction of Pompeii as seen through the eyes of artists Destroyed yet paradoxically preserved by the eruption of Mount Vesuvius in a d 79 Pompeii and other nearby sites are usually considered places where we can most directly experience the daily lives of ancient Romans Rather than present these sites as windows to the past *The Last Days of Pompeii* explores Pompeii as a modern obsession in which the Vesuvian sites function as mirrors of the present Through cultural appropriation and projection outstanding visual and literary artists of the last three centuries have made the ancient catastrophe their own expressing contemporary concerns in diverse media from paintings prints and sculpture to theatrical performances photography and film This lavishly illustrated volume featuring the works of artists such as Fragonard Kaufmann Duchamp Dali and Warhol surveys the legacy of Pompeii in the modern imagination

Apotropaia and Phylakteria: Confronting Evil in Ancient Greece Maria G. Spathi, Maria Chidiroglou, Jenny Wallensten, 2024-05-02 The belief in the existence of evil forces was part of ancient everyday life and a phenomenon deeply embedded in popular thought of the Greek world Stemming from a conference held in Athens in June 2021 this volume addresses the apotropaia and phylakteria from different perspectives via literary sources archaeological material and iconography
