Erotic Cuisine:

Erotic Cuisine Marilyn Ekdahl Ravicz, 2000 The idea that gastronomy and sex are related is not new It s been expressed through art literature early science in locker rooms beauty salons and on the street Some examples of these expressions are included as context for the aphrodisiac recipes which follow For millennia cooks have prepared dishes enriched with ingredients they judged to be sensually invigorating and this tradition continues today Some approaches are humorous while others are doubting and satirical Yet others are ponderously medical This book is none of the above It offers an anthropological approach to the spicy life of love and food which includes cross cultural historical and current views It is the kind of natural history which consists of culinary history and recipes in equal measure After all the mind which is perhaps the most potent aphrodisiac should be cultivated in equal measure to the body which is physically stirred by erotic passion

The Pleasures and Horrors of Eating Marion Gymnich, 2010-09-15 Browsing through books and TV channels we find people pre occupied with eating cooking and competing with chefs Eating and food in today s media have become a form of entertainment and art A survey of literary history and culture shows to what extent eating used to be closely related to all areas of human life to religion eroticism and even to death In this volume early modern ideas of feasting banqueting and culinary pleasures are juxtaposed with post 18th and 19th century concepts in which the intake of food is increasingly subjected to moral theological and economic reservations In a wide range of essays various images rhetorics and poetics of plenty are not only contrasted with the horrors of gluttony they are also seen in the context of modern phenomena such as the anorexic body or the

gourmandizing b te humaine It is this vexing binary approach to eating and food which this volume traces within a wide chronological framework and which is at the core not only of literature art and film but also of a flourishing popular culture

Crazy Feasts Marilyn Ekdahl Ravicz,2016-12-21 CRAZY FEASTS is a culinary history cookbook that includes descriptions of ten banquets that were quite crazy or bizarre in several senses Each feast is preceded by a short description of the location and historical setting in order to give a background for the dishes served as well as for the particular kind of craziness involved The feasts vary in historical depth from the Roman Empire period to the first decades of the twenty first century The locations include cities from Rome to other European capitals as well as Mexico City when it was called Tenochtitlan as the Spanish conquistadores entered it in the early sixteenth century Each feast described was either an actual historical incident or is an imagined banquet that could well have occurred given the culture and habits of the time Each feast described is followed by recipes garnered from that culture and historical period CRAZY FEASTS is a salute to human folly and the happy circumstances of glorious banquets meant to stimulate your sense of fun and folly should you decide to create a crazy feast of your own

Cortadito Enrique Fernández,2018-11-15 The Miami Herald food columnist explores the culinary traditions of Cuba and their strange new life in America in this memoir of an exiled gourmand In the sprawling Cortadito Enrique Fern ndez explores contemporary Cuban cuisine through personal memories of growing up on the pre revolutionary island In his sensual journey through the origin and evolution of Cuban food staples Fern ndez wonders what shapes flavor is it the soil or the community whether at home or abroad As an exile he affirms I will continue to sample the crumbs that fall from Cuba s table and be thankful and resentful at the same time

Cooking, Eating, Thinking Deane W.

Curtin, Lisa M. Heldke, 1992-08-22 Philosophy has often been criticized for privileging the abstract this volume attempts to remedy that situation Focusing on one of the most concrete of human concerns food the editors argue for the existence of a philosophy of food The collection provides various approaches to the subject matter offering new readings of a number of texts religious philosophical anthropological culinary poetic and economic Included are readings ranging from Plato's Phaedo and Verses of Sen No Rikyu to Peter Singer's Becoming a Vegetarian and Jean Francois Revel's Culture and Cuisine This reader will have particular appeal for philosophers working in social theory feminist theory and environmental ethics and for those working on alternative approaches to such traditional subject areas as epistemology aesthetics and metaphysics

Oxford Symposium on Food and Cookery 1991 Harlan Walker, 1992 **The Sex Life of Food** Bunny

Crumpacker, 2007-04-01 The sex life of food doesn't mean that the strawberries have fallen in love with the oatmeal It's a look at food and sex and how they go together in our daily lives much more often than we realize There are so many ways that hunger and desire act on each other and so many things that can influence our preferences Not only are people moved by the taste texture and the shapes of the food they eat but even the names of some dishes can kindle hunger of both kinds in some As the author writes Sometimes cooking is foreplay eating is making love and doing the dishes is the morning after The many things Bunny Crumpacker shares with the readers of her fascinating book almost could have inspired her to write a novel sending Adam and Eve with their apple traveling through history as the icons of our passions Instead she has gone far beyond the obvious to bring us unexpected and tantalizing knowledge of how much and in how many surprising ways we assuage our hunger for both food and sex and how where there's one there is often the other The result is a continued delight There's history and humor obvious connections and truly amazing ones The author enlightens us on a myriad of topics including food in fairy tales what politicians eat comfort food and manners at the table But enough There's too much to say Turn the pages and let Bunny Crumpacker introduce you to The Sex Life of Food **Lustful Appetites** Rachel Hope

Cleves, 2024-11-18 We take the edible trappings of flirtation for granted chocolate covered strawberries and romance oysters on the half shell and desire the eggplant emoji and a suggestive wink But why does it feel so natural for us to link food and sexual pleasure Rachel Hope Cleves explores the long association between indulging in good food and an appetite for naughty sex from the development of the Parisian restaurant as a place for men to meet with prostitutes and mistresses to the role of sexual outlaws like bohemians new women lesbians and gay men in creating epicurean culture in Britain and the United States Taking readers on a gastronomic journey from Paris and London to New York Chicago and San Francisco Lustful Appetites reveals how this preoccupation changed the ways we eat and the ways we are intimate while also creating stigmas that persist well into our own twenty first century **The Global Japanese Restaurant** James Farrer, 2023 With more than 120 000 Japanese restaurants around the world Japanese cuisine has become truly global Through the transnational culinary mobilities of migrant entrepreneurs workers ideas and capital Japanese cuisine spread and adapted to

international tastes But this expansion is also entangled in culinary politics ranging from authenticity claims and status competition among restaurateurs and consumers to societal racism immigration policies and soft power politics that have shaped the transmission and transformation of Japanese cuisine Such politics has involved appropriation oppression but also cooperation across ethnic lines Ultimately the restaurant is a continually reinvented imaginary of Japan represented in concrete form to consumers by restaurateurs cooks and servers of varied nationalities and ethnicities who act as cultural intermediaries The *Global Japanese Restaurant Mobilities Imaginaries and Politics* uses an innovative global perspective and rich ethnographic data on six continents to fashion a comprehensive account of the creation and reception of the global Japanese restaurant in the modern world Drawing heavily on untapped primary sources in multiple languages this book centers on the stories of Japanese migrants in the first half of the twentieth century and then on non Japanese chefs and restaurateurs from Asia Africa Europe Australasia and the Americas whose mobilities since the mid 1900s who have been reshaping and spreading Japanese cuisine The narrative covers a century and a half of transnational mobilities global imaginaries and culinary politics at different scales It shifts the spotlight of Japanese culinary globalization from the West to refocus the story on Japan s East Asian neighbors and highlights the growing role of non Japanese actors chefs restaurateurs suppliers corporations service staff since the 1980s These essays explore restaurants as social spaces creating a readable and compelling history that makes original contributions to Japan studies food studies and global studies The transdisciplinary framework will be a pioneering model for combining fieldwork and archival research to analyze the complexities of culinary globalization

Gender and Food in Transnational East Asias Eric Ping Hung Li,Chikako Nagayama,Jooyeon Rhee,2021-10-12 Gender and Food in Transnational East Asias illustrates how the production and consumption of food impacts the changing social positions of individuals and their relationships with their families the state and their work as well as shapes their gender sexual ethnic and national identities The transnational movement of food and people between East Asia and the rest of the world is increasingly visible forming various forces behind the cultural and political constructions of gender politics among and beyond Asian diasporas It argues that a critical engagement with practices and representations of food from gender perspectives can enhance our understanding of the society and culture of transnational East Asia
