Erotic World Of Peter De Rome:

The Erotic World of Peter de Rome Peter De Rome, 1984 **Coming Together** Ryan Powell, 2019-07-15 In *Coming Together* Ryan Powell captures the social and political vitality of the first wave of movies made by for and about male desiring men in the United States between World War II and the 1980s From the underground films of Kenneth Anger and the Gay Girls Riding Club to the gay liberation era hardcore films and domestic dramas of Joe Gage and James Bidgood Powell illuminates how central filmmaking and exhibition were to gay socializing and worldmaking Unearthing scores of films and a trove of film related ephemera *Coming Together* persuasively unsettles popular histories that center Stonewall as a ground zero for gay liberation and visibility Powell asks how this generation of movie making which defiantly challenged legal and cultural norms around sexuality and gender provided and may still provide meaningful models for living *Men at War* Luke Turner, 2023-04-27 As the Second World War moves beyond living memory and its last veterans leave us we are in danger of losing our opportunity to understand the reality behind the conflict s myths machines and iconography From filmmakers writers artists and ordinary people including his own family members Luke Turner assembles a broad cast of characters to bring this much mythologised conflict to life There are conscientious objectors a bisexual Commando a transgender RAF pilot and those who simply did what they could to survive and return home to a complicated peace By exploring a wartime experience that embraces sex lust and the body as much as tactics and weaponry Turner argues that the only way we can really understand the Second World War is to get to grips with the complexity of the lives and identities of those who fought and endured it **Now You See It** Richard Dyer, 2013-11-05 Revised for this second edition *Now You See It* Richard Dyer s groundbreaking study of films by and about lesbians and gay men now includes an outline of developments in queer cinema since 1990 Placing the book within lesbian and gay film history Dyer examines familiar titles such as *Girls in Uniform* *Un Chant D Amour* and *Word is Out* in their lesbian gay context as well as bringing to light many other forgotten but remarkable films Each film is examined in detail in relation to both film type and tradition and the sexual subculture in which it was made Now featuring a brand new introduction by Julianne Pidduck this will be an excellent aid to cinema and film studies courses **Hotbeds of Licentiousness** Benjamin Halligan, 2022-05-13 *Hotbeds of Licentiousness* is the first substantial critical engagement with British pornography on film across the 1970s including the *Summer of Love* the rise and fall of the Permissive Society the arrival of Margaret Thatcher and beyond By focusing on a series of colorful filmmakers whose work while omnipresent during the 1970s now remains critically ignored author Benjamin Halligan discusses pornography in terms of lifestyle aspirations and opportunities which point to radical changes in British society In this way pornography is approached as a crucial optic with which to consider recent cultural and social history *Films and Filming*, 1985 **The Ultimate Guide to Lesbian & Gay Film and Video** Jenni Olson, 1996 Since 1977 the San Francisco International Lesbian Gay Film Festival has been at the forefront of lesbian and gay film culture THE ULTIMATE GUIDE

Making Christians Denise Kimber Buell,2020-11-10 How did second century Christians vie with each other in seeking to produce an authoritative discourse of Christian identity In this innovative book Denise Buell argues that many early Christians deployed the metaphors of procreation and kinship in the struggle over claims to represent the truth of Christian interpretation practice and doctrine In particular she examines the intriguing works of the influential theologian Clement of Alexandria ca 150 210 c e for whom cultural assumptions about procreation and kinship played an important role in defining which Christians have the proper authority to teach and which kinds of knowledge are authentic Buell argues that metaphors of procreation and kinship can serve to make power differentials appear natural She shows that early Christian authors recognized this and often turned to such metaphors to mark their own positions as legitimate and marginalize others as false Attention to the functions of this language offers a way out of the trap of reconstructing the development of early Christianity along the axes of heresy and orthodoxy while not denying that early Christians employed this binary Ultimately Buell argues strategic use of kinship language encouraged conformity over diversity and had a long lasting effect both on Christian thought and on the historiography of early Christianity A perceptive and closely argued contribution to early Christian studies Making Christians also branches out to the areas of kinship studies and the social construction of gender **Dictionary of World Biography** Barry Jones,2018-05-02 Barry Jones Dictionary of World Biography weaves historical facts with perspective on the subjects and the influence they had on theirs and on modern times Gain a unique insight into the life and times of important identities cultural icons and controversial characters
