## **Eroticism And Ancient And Medieval Greek Poetry:**

Eroticism in Ancient and Medieval Greek Poetry John Petropoulos,2003-10-31 This text discusses the features of ancient Greek poetry particularly amatory poetry that can be attributed to the influence of popular song and conversely looks at how higher poetry affected lower genres in antiquity and medieval times      **Eroticism in Ancient and Medieval Greek Poetry** John Petropoulos,2003-10-31 This text discusses the features of ancient Greek poetry particularly amatory poetry that can be attributed to the influence of popular song and conversely looks at how higher poetry affected lower genres in antiquity and medieval times      ,      **A Cultural History of Marriage in Antiquity** Karen Klaiber Hersch,2021-11-18 Marriage across cultures is often defined as a union between consenting adults that lasts for the life of the partners But is marriage a blessing or curse Does marriage represent the union of two hearts or was it a necessary evil Did matrimony bring a person a helpmeet for life or was it a societally approved state entered into to improve one s social standing and produce legitimate heirs The authors of this volume show that the peoples of the ancient Mediterranean were divided on all of these questions and reveal ancient Greek and Roman opinions on marriage that were as varied and complex as they are today Readers will discover in this book that ancients juggled multiple ideas that to the modern eye may appear to be contradictory Thus for example Greek and Roman wives were expected to come to their grooms spotless virgins while Greek and Roman husbands could enjoy multiple partnerships outside the marital union Guided by our experts we take an extensive journey through time and space encountering evidence from such sources as diverse as Hammurabic law codes Egyptian papyri Greek epic and tragedy Roman inscriptions and writings on the lives of early Christians Applying innovative approaches and diverse methodologies the authors of this volume reveal the tension and reconciliation between representations of marriage in antiquity and its lived reality A Cultural History of Marriage in Antiquity presents an overview of the period with essays on Courtship and Ritual Religion State and Law Kinship and Social Networks the Family Economy Love and Sex the Breaking of Vows and Representations of Marriage      **Classical Authors: 500 BCE to 1100 CE** Britannica Educational Publishing,2013-06-01 Since ancient times storytelling has been a valued art form that enables traditions beliefs and lessons to be transmitted from one generation to the next Epics such as Homer s Odyssey and Virgil s Aeneid and tales such as those contained in the collected The Thousand and One Nights offer modern day readers a glimpse into various countries and cultures as well as different eras The individuals and works profiled in this absorbing volume have withstood the test of time remaining culturally significant and influencing authors and readers alike for centuries      *Eros and the Christ* David E. Fredrickson,2013-06-01 The self emptying of Christ kenosis in Philippians 2 has long been the focus of attention by Christian theologians and interpreters of Paul s Christology David E Fredrickson sheds dramatic new light on familiar texts by discussing the centuries old language of love and longing in Greek and Roman epistolary literature showing that a physics of desire was related to notions of power and dominance Paul s kenotic Christology challenged not only received notions of the

power of the gods but of the very nature of love itself as a component of human society      **The Byzantine Warrior Hero** Chrysovalantis Kyriacou, 2020-12-16 Chrysovalantis Kyriacou examines how memories of the pre Christian past Christian militarism power struggles and ethnoreligious encounters have left their long term imprint on Cypriot culture One of the most impressive examples of this phenomenon is the preservation and transformative adaptation of Byzantine heroic themes motifs and symbols in Cypriot folk songs By combining a variety of written sources and archaeological material in his interdisciplinary examination the author reconstructs the image of the Byzantine warrior hero in the songs recovering the mentalities of overshadowed social protagonists and stressing the role of subaltern communities as active agents in the shaping of history      Longus: Daphnis and Chloe ,      **Homeric Contexts** Franco Montanari, Antonios Rengakos, Christos C. Tsagalis, 2012-04-26 This volume aims at offering a critical reassessment of the progress made in Homeric research in recent years focussing on its two main trends Neanalysis and Oral Theory Interpreting Homer in the 21st century asks for a holistic approach that allows us to reconsider some of our methodological tools and preconceptions concerning what we call Homeric poetry The neoanalytical and oral booms which have to a large extent influenced the way we see Homer today may be re evaluated if we are willing to endorse a more flexible approach to certain scholarly taboos pertaining to these two schools of interpretation Song traditions formula performance multiformity on the one hand and Motivforschung Epic Cycle on the other may not be so incompatible as we often tend to think      **Mixed Feelings and Vexed Passions** F. Scott Spencer, 2017-10-05 A ground breaking collection exploring the rich array of emotions in biblical literature An international team of Hebrew Bible and New Testament scholars offers incisive case studies of passions displayed by divine and human figures in the biblical texts ranging from joy happiness and trust to grief hate and disgust Essays address how biblical characters feelings affect their relationship with God one another and the world and how these feelings mix together for good or ill for flourishing or vexation Deeply engaged with both ancient and modern contexts including the burgeoning interdisciplinary study of emotion in the humanities and sciences these essays break down the artificial divide between reason and passion cognition and emotion thought and feeling in biblical study Features Case studies drawn from multiple genres across the Bible narrative prophets poetry wisdom Gospels and letters Helpful select bibliographies of interdisciplinary resources at the end of each essay Critical balance between theory and practice and between method and close textual analysis Distinctive ancient Hebrew and Greek uses of emotional terms and concepts compared with each other and with evolving understandings in Western culture      **Erôs in Ancient Greece** Ed Sanders, Chiara Thumiger, Christopher Carey, N. J. Lowe, 2013-01-31 This volume brings together 18 articles which examine eros as an emotion in ancient Greek culture Taking into account all important thinking about the nature of eros from the 8th century BCE to the 3rd century CE it covers a very broad range of sources and theoretical approaches both in the chronological and the generic sense      *An Obscure Portrait* Mati Meyer, 2007-12-31 Recent discussions on Byzantine art have been dominated by the question of

representing realia Among these however the way works of art reflect the daily life of women have not received much space or attention The present book studies various images representing women s status and her performative tasks and their significance from the fourth century to the fall of the Empire through analysis of archaeological evidence and works of art It addresses a wide range of questions some pertaining both to pictorial traditions and to their late antique antecedents others peculiar to changing and evolving Byzantine culture and mentality The first chapter deals with the imagery of childbearing starting with conception and concluding with the care given to the new born and the mother The second chapter investigates motherhood imagery breastfeeding child care and child mother intimacy and the portrayal of women as caretakers and managers of the household preparing food bringing water carding and weaving or working side by side with their husbands The third chapter is dedicated to representations of women holding positions outside the house midwives maidservants wet nurses and mourners Images of women engaged in disreputable occupations dancers musicians prostitutes and courtesans complete this chapter The fourth chapter discusses images of women portrayed in the metaphorical margins looking out from the gynaikon the women s apartments or at their private toilette it also deals with representations of women who stray from the societal mainstream concubines adulteresses women consenting to sexual acts or being coerced into them considered symbolically as belonging to the margins of society The book concludes with a discussion of the degree to which the visual material reliably reflects reality and changing attitudes toward women between Late Antiquity and late Byzantium and further to what extent it reveals embedded perceptions and conceptions of women constructed by canonic regulations and imperial law popular beliefs and accepted customs The book aims to lift a veil from known and less known works of art and to present the rarely described picture of the daily life of women in Byzantine art over a very wide chronological span of time in an effort to expand our knowledge of women in Byzantium and their realia

### **Longus: Daphnis and Chloe**

Longus,2019-07-18 Longus Daphnis and Chloe is arguably our finest surviving Greek novel Written under the Roman Empire and engaging with romantic pastoral and rhetorical themes the story and characterisation have captured the imaginations of artists over the centuries Despite a growing interest in ancient novels over the past half century this is the first full commentary to address Longus linguistic texture and its implications for his literary aspirations as well as his narrative skills and intertextuality with earlier Greek writers The commentary provides a detailed analysis of Longus Greek and its relation to other Greek prose and poetry of the second century AD and earlier and emphasises the construction and style of the original text drawing out key points for clarification and discussion A wide ranging introduction ensures that this book will be an indispensable guide for teachers and students of all levels who are looking to engage with Longus writing

### **Lament**

Ann Suter,2008-02-05 This collection of essays offers the first ever comparative approach to ancient Mediterranean and Near Eastern traditions of lament Beginning with the Sumerian and Hittite traditions the volume moves on to exam Bronze Age iconographic representations of lamentation Homeric lament depictions of lament in Greek tragedy and parodic comedy and

finally lament in ancient Rome Contributors include such noted scholars as Richard Martin Ian Rutherford and Alison Keith

**Man and the Word** Himerius, 2007-10-30 This fully annotated volume offers the first English translation of the orations of Himerius of Athens a prominent teacher of rhetoric in the fourth century A D Man and the Word contains 79 surviving orations and fragments of orations in the grand tradition of imperial Greek rhetoric The speeches a rich source on the intellectual life of late antiquity capture the flavor of student life in Athens illuminate relations in the educated community and illustrate the ongoing civic role of the sophist This volume includes speeches given by Himerius in various cities as he traveled east to join the emperor Julian customary declamations on imaginary topics and a noteworthy monody on the death of his son Extensive introductory notes and annotations place these translations in their literary and historical contexts

**Reading Michael Psellos** Charles Barber, David Jenkins, 2006-06-01 The papers of this volume originated in a workshop held at the University of Notre Dame in February 2004 to discuss the variety of ways one might read Michael Psellos 1018 after 1081 One of most original figures of Byzantine intellectual history Psellos was a polymath whose range extended from rhetoric and philosophy to law and medicine While his history of his own times the *Chronographia* is one of the best known works of Byzantine literature very little else of his large body of work has been translated It is the intention of this volume to encourage a wider awareness of Psellos many interests by offering readings of his original texts from a variety of scholarly perspectives

*FrC 14 Theopompos* Matthew C. Farmer, 2022-05-16 Theopompos was one of the leading comic playwrights of late fifth and early fourth century Athens competing actively with the great Aristophanes and winning several victories This volume presents the first complete translation and commentary on his surviving fragments He participated in important trends during the transition from Old to Middle Comedy including tragic and epic parody and an interest in the figure of the hetaira among other gems his fragments include the oldest extant reference to the philosopher Plato The Promise of

Not-Knowing David E. Fredrickson, 2022-04-12 David E Fredrickson asks a key question for interpreters of the New Testament in the twenty first century Do established ways of reading the New Testament need to be challenged and new ones explored His answer is yes but he takes care not to dismiss readers experiences in the previous two millennia He values the readings of the past even as he contests the insights of scholars preachers monks nuns skeptics the devout the disinterested the keenly interested and all the rest who have tried to make sense of the earliest Christian writings Fredrickson does not want to give an impression of I know better than them But he goes on to say that strange as it sounds not knowing is actually the point of this book More than anything else not knowing is I believe the key to reading the New Testament in the twenty first century Fredrickson claims that the reduction of a text to its usefulness is something a deconstructive approach seeks to avoid That leads to readings in which practicality enjoys a privilege over mystery knowing wins out over not knowing and control triumphs over hope Ultimately his goal in this book is to give mystery hope and not knowing a chance For Fredrickson the experience of reading is more than coming to know something or receiving

information and the more that he has in mind exists in the shock of encountering some other or something that is not easily assimilated to an already known world a familiar horizon or the repeatability of language What if reading the New Testament meant giving an unexpected other a chance to take place and to change the world you thought was an unchangeable given What if we thought of reading as a way of preparing for what postmodernism calls an event Images of Eternal Beauty in Funerary Verse Inscriptions of the Hellenistic and Greco-Roman Periods Andrzej Wypustek,2012-11-01 In Images of Eternal Beauty in Funerary Verse Inscriptions of the Hellenistic and Greco Roman Periods Andrzej Wypustek provides a study of various forms of poetic heroization that became increasingly widespread in Greek funerary epigram The deceased were presented as eternally young heroes oblivious of old age and death as stars shining with an eternal brightness in heavens or in Ether or as the ones chosen by the gods abducted by them to their home in the heavens or married to them in the other world following the examples of Ganymede Adonis Hylas and Persephone The author demonstrates that for all their diversity the common feature of these verse inscriptions was the praise of beauty of the dead **Perspectives on the Song of Songs** Anselm C. Hagedorn,2005 The collection of essays contains nineteen contributions that aim at locating the Song of Songs in its ancient context as well as addressing problems of interpretation and the reception of this biblical book in later literature In contrast to previous studies this work devotes considerable attention to parallels from the Greek world without neglecting the Ancient Near East or Egypt As far as the reception history is concerned several contributions deal with the use of the Song in Byzantine Medieval German Romantic and modern Greek Literature Due to the interdisciplinary nature of the collection new perspectives and avenues of approach are opened
