Historical Dictionary of Surrealism Keith Aspley, 2010-10-16 Surrealism was a broad movement which attracted many adherents. It was organized and quite strictly disciplined at least until the death of its leader André Breton in 1966. As a consequence its membership was in a constant state of flux: persons were constantly being admitted and excluded and often the latter continued to regard themselves as Surrealists. The wide-ranging nature of the Surrealist movement was spread over many countries and many different art forms including painting, sculpture, cinema, photography, music, theater, and literature, most notably poetry. The Historical Dictionary of Surrealism relates the history of this movement through a chronology, an introductory essay, a bibliography, and over 600 cross-referenced dictionary entries on persons, circles, and groups who participated in the movement; a global entry on some of the journals and reviews they produced; and a sampling of major works of art, cinema, and literature.

Love, Desire and Transcendence in French Literature Paul Gifford, 2016-12-05 European literature and theory of the twentieth century have been intensely preoccupied with questions of Desire, whereas love has increasingly represented a fractured and strange, if not actually suspect, proposal. This is a prime symptom of an age of deep cultural mutation and uncertainty. Paul Gifford's book allows this considerable contemporary phenomenon to be observed steadily and whole with strategic understanding of its origins, nature, and meaning. Gifford paints a clear and coherent picture of the evolution of erotic ideas and their imaginary and formal expressions in modern French writing. He first retraces the formative matrix of French tradition by engaging with five classic sources: Plato's Symposium, the Song of Songs, the myth of Genesis, the tension between Greek Eros and Christian Agape, and the repercussions of Nietzsche's declaration of the death of God. Modern variations on these perennial problematics are then pursued in ten chapters devoted to Proust, Valéry, Claudel, Breton, Bataille, Duras, Barthes, Irigaray, Emmanuel, Kristeva. Literary and theoretical perspectives are perfectly blended in his study of these attempts at deciphering Eros. The book will appeal not only to students of French literature but to all those interested in the cultural upheavals of the twentieth century.

Les surréalistes Anne Egger, 2003 En partant d'idées reçues qui figent pour la plupart le surréalisme en un mouvement monolithique, A. Egger s'attache à montrer la diversité stylistique et technique des modes d'expressions surréalistes et l'éclectisme des artistes de ce courant, l'un des plus importants du XX^e siècle.

The Beribboned Bomb Robert James Belton, 1995 Surrealism was ostensibly directed at the emancipation of the human spirit but it represented only male aspirations and fantasies until a number of women artists began to redefine its agenda in the later 1930s. This book addresses the former using a thick description of the historically specific circumstances which required the male Surrealists to manufacture a sexual reputation of narcissism and misogyny. These circumstances were determined by hegemonic

masculinity an ideological construct which had little to do with individual masculinities In male Surrealism the beribboned bomb signified something both attractive and volatile a specific instance of the Surrealist principle of convulsive beauty In hegemonic masculinity similar devices served as metaphors of the sexuality all men were supposed to possess The intersection of these two axes produced an imagery of unrepentant violence Images de guerres au xxe siècle, du cubisme au surréalisme Sous la direction de Hiromi Matsui, 2017-11-15 Malgr le titre du pr sent livre Images de guerres au xxe si cle les uvres et les ouvrages que nous abordons ne sont pas forc ment des images qui d crivent ou documentent la guerre Notre objectif est de consid rer comment ils impliquent pr figurent et parfois critiquent la guerre tout en abordant des questions universelles de l humanit En outre ce livre n a rien voir avec l attitude de confondre le front artistique d avant garde et le front militaire de la guerre Ce livre tentera plut t de d celer non pas sur le plan r el de la guerre mais sur le plan de la repr sentation de la guerre les relations entre la description et l abstraction la subjectivit et l objectivit l individualit et la collectivit l art et la politique *Le surréalisme* Gérard de Cortanze, 1985 Le surr alisme s tend toutes les formes du v cu V ritable palais des merveilles d un Mus e Gr vin revisit ce livre est un voyage au coeur d une activit mentale qui r volutionna son temps et dont les le ons sont toujours d actualit On y rencontre Desnos Elsa et Aragon Lacan Drieu On y parle d Amour et d Am rique de D calcomanie sans objet et d Hyst rie d Occultisme et de R volution **André Breton** Clifford Browder, 1967
