Erotique Legs Carlton Books Staff, 2002-10-28 In the series Objects of Desire the leg is celebrated with exquisite erotic photos accompanied and complemented by poignant provocative quotes This sumptuous picture book features some of the leading international photographers of the 20th century 120 photos Strolls with Pushkin Andrei Sinyavsky, 2016-12-06 Andrei Sinyavsky wrote Strolls with Pushkin while confined to Dubrovlag a Soviet labor camp smuggling the pages out a few at a time to his wife His irreverent portrait of Pushkin outraged migr's and Soviet scholars alike yet his disrespect was meant only to rescue Pushkin from the stifling cult of personality that had risen up around him Anglophone readers who question the longstanding adoration for Pushkin felt by generations of Russians will enjoy tagging along on Sinyavsky's strolls with the great poet discussing his life fiction and famously untranslatable poems This new edition of Strolls with Pushkin also includes a later essay Sinyavsky wrote on the artist Journey to the River Black Libertinage in Russian Culture and Literature Alexei Lalo, 2011-09-09 Much of the previous scholarship on Russia's literary discourses of sexuality and eroticism in the Silver Age was built on applying European theoretical models from psychoanalysis to feminist theory to Russia s modernization This book argues that at the turn into the twentieth century Russian popular culture for the first time found itself in direct confrontation with the traditional high cultures of the upper classes and intelligentsia producing modernized representations of sexuality This Russian tradition of conflicted representations heretofore misassessed by literary history emerges as what Foucault would call a full blown bio Picasso, 2001 The career of the greatest painter of the twentieth century was played out in the shadow of Eros and of Thanatos At the age of eight Picasso's first drawings already displayed a precocious interest in the female form and in the days leading up to his death he was still working obsessively on sketches of the female sex At the turn of the century the young Picasso created drawings and watercolors inspired by the bordellos of Barcelona which he frequented These works mix desire fascination but also comedy and the grotesque alongside the ever present fear of disease They would result seven years later in his masterpiece Les Demoiselles d Avignon The works in this ground breaking book include erotic drawings formal and informal sketches in notebooks hidden in drawers and private collections and occasionally paintings and sculptures Through all these works the essays by an international team of scholars analyse the primeval notion of desire in Picasso s work as well as his relation to voyeurism and exhibitionism to artist and model Whether through playful or hallucinatory forms Picasso's representation of the desiring and desired body has become a pivotal moment in the history of twentieth century art Produced to accompany a major exhibition in Paris Montreal and Barcelona Picasso Erotique is a unique examination of the central theme in Picasso s work
