Erskine Caldwell Harvey L. Klevor, 1993 Since the 1930s Erskine Caldwell's writings have provoked laughter and pathos curiosity and disbelief His perplexing characters comically motivated only by their instincts for survival allowed Caldwell to illustrate the duality of human nature as he explored the social issues of his times in such celebrated novels as *Tobacco Road* and *God's Little Acre* Behind Caldwell's social protest and his comic characters lay a man whose life imitated art A rural southerner who later moved among the movie industry's famous and powerful Caldwell led a life as compelling as any of his fiction As Harvey Klevor weaves the threads of this life into the cultural tapestry of the times he explores the myriad of personal forces and world events that contributed in the 1930s to Caldwell's popular acclaim and later to his descent from literary grace A recluse in both his personal life and in his public writing Caldwell offered little direction to those seeking clues to his literary intentions Klevor argues that Caldwell should have shared more in the accolades heaped upon his contemporaries Faulkner Hemingway and Steinbeck but ultimately his personal idiosyncrasies encouraged his underestimation by the literary establishment Proving that a careful reappraisal of Caldwell's life lends critical insight into his writings and career Klevor's work unveils an inventive artist who skillfully combined social phenomena with personal experience to offer unique insights into the telling of the human story

Reading Erskine Caldwell Robert L.

McDonald, 2006-01-24 Erskine Caldwell has been compared to literary giants like Faulkner and Hemingway yet he has also been reviled as peddler of pop trash Was he a genius or just a shooting star whose brilliance faded long before he stopped writing Caldwell began his career in the late 1920s and gained fame for revealing the gritty backwoods South in novels such as his seminal *Tobacco Road* He wrote prolifically sometimes as much as a book a year As the editor of this book maintains perhaps anyone who wrote so much would inevitably stumble These 12 essays explore a variety of issues They discuss Caldwell as humorist social commentator modernist and revolutionary novelist They examine his themes and tropes political images social injustice the environment ideological struggles and his use of artistic devices short stories cubist strategies repetition A generous bibliography includes not only books on Caldwell but also chapters and forewords journal articles essays news items and obituaries The reader is encouraged to look at Caldwell with fresh eyes to press beyond his controversial image and to compare his works especially his early ones to those of any of the top names in literature

The Stories of Erskine Caldwell Erskine Caldwell, 1996 This collection of ninety six stories was first published in 1953 and presents the best of Erskine Caldwell's short fiction from his most productive period of work Included is *Crown Fire* which James Dickey praised as the best story in the language and such personal favorites of Caldwell as *Country Full of Swedes* *The Windfall* *Horse Thief* *Yellow Girl* and *Kneel to the Rising Sun*

The People's Writer Wayne Mixon, 1995 Most critics have considered Caldwell to be only a minor southern writer often associating him with his worst writing Yet Saul Bellow

suggested he deserved the Nobel Prize and William Faulkner once characterized him as one of the five best writers of his time alongside himself Thomas Wolfe Ernest Hemingway and John Dos Passos

American Naturalistic and Realistic Novelists Edd C. Applegate, 2001-11-30 Realistic writers seek to render accurate representations of the world and their novels contain authentic details and descriptions of their characters and settings Like Realistic authors Naturalistic ones similarly try to portray the world accurately but they tend to depict the darker side of life Realism was born in Europe in the nineteenth century and soon became popular in the United States while Naturalism became prominent at the beginning of the twentieth century Both traditions have continued in one form or another to the present day and Realistic and Naturalistic novelists include some of America's most significant authors such as Sherwood Anderson Saul Bellow Ambrose Bierce Willa Cather Theodore Dreiser Ralph Ellison and Jack London This reference includes biographical and critical entries for more than 120 American Naturalistic and Realistic novelists An introductory essay discusses the history of the Realistic and Naturalistic traditions points to the difficulty of defining them and surveys the many authors who have been associated with the two movements The entries that follow are arranged alphabetically to facilitate use Each includes basic biographical information and a narrative overview of the writer's educational background professional career and published works The writer's works are briefly discussed in relation to the Realistic and Naturalistic traditions Entries include primary and secondary bibliographies and the volume closes with a list of works for further reading

Literary Obscenities Erik M. Bachman, 2018-03-22 This comparative historical study explores the broad sociocultural factors at play in the relationships among U.S. obscenity laws and literary modernism and naturalism in the early twentieth century Putting obscenity case law's crisis of legitimation and modernism's crisis of representation into dialogue Erik Bachman shows how obscenity trials and other attempts to suppress allegedly vulgar writing in the United States affected a wide-ranging debate about the power of the printed word to incite emotion and shape behavior Far from seeking simply to transgress cultural norms or sexual boundaries Bachman argues proscribed authors such as Wyndham Lewis Erskine Caldwell Lillian Smith and James T. Farrell refigured the capacity of writing to evoke the obscene so that readers might become aware of the social processes by which they were being turned into mass consumers voyeurs and racialized subjects Through such efforts these writers participated in debates about the libidinal efficacy of language with a range of contemporaries from behavioral psychologists and advertising executives to book cover illustrators magazine publishers civil rights activists and judges Focusing on case law and the social circumstances informing it *Literary Obscenities* provides an alternative conceptual framework for understanding obscenity's subjugation of human bodies desires and identities to abstract social forces It will appeal especially to scholars of American literature American studies and U.S. legal history

The Critical Response to Erskine Caldwell Robert McDonald, 1997-08-26 Author of such classics of 20th century popular American literature as *Tobacco Road* 1932 and *God's Little Acre* 1933 Erskine Caldwell was something of a celebrity nearly all his life But he was also a serious

writer one whose merits are as considerable as they remain underexplored In the 1930s he startled the literary world with his frank portrayals of the poor whites of the South Beginning in the early 1940s critics grew suspicious that he had exhausted his originality and his talent In the late 1960s some scholars began an effort which continues intermittently today to reconsider Caldwell s achievement This collection of reviews critical essays and book excerpts provides a chronological portrait of the often contradictory and unfailingly colorful critical response to Caldwell from 1931 to the present The 57 pieces collected in this volume were chosen to represent all sides and perspectives in the evolving critical opinion of Caldwell s work The items are grouped in sections representing three chronological periods that encompass the prevailing critical moods concerning his writings the 1930s when readers of many persuasions found him promising and held out great hopes for his development 1940 to 1968 when increasing critical scrutiny led to his dismissal as a writer of significance and 1969 to the present when there have been several substantial efforts to reconsider Caldwell s achievement An introductory essay argues that Caldwell remains largely absent from our critical consciousness today because of a prevailing willingness among academics to rely on largely negative received opinions about his books in place of primary experience with them The introduction is followed by a chronology and the volume concludes with an extensive selected bibliography

Marginalized Casey Kayser, 2021-08-23

Winner of the 2021 Eudora Welty Prize In contrast to other literary genres drama has received little attention in southern studies and women playwrights in general receive less recognition than their male counterparts In *Marginalized Southern Women Playwrights Confront Race Region and Gender* author Casey Kayser addresses these gaps by examining the work of southern women playwrights making the argument that representations of the American South on stage are complicated by difficulties of identity genre and region Through analysis of the dramatic texts the rhetoric of reviews of productions as well as what the playwrights themselves have said about their plays and productions Kayser delineates these challenges and argues that playwrights draw on various conscious strategies in response These strategies evident in the work of such playwrights as Pearl Cleage Sandra Deer Lillian Hellman Beth Henley Marsha Norman and Shay Youngblood provide them with the opportunity to lead audiences to reconsider monolithic understandings of northern and southern regions and ultimately create new visions of the South

Reconsidering Flannery O'Connor Alison Arant, Jordan Cofer, 2020-11-24
Contributions by Lindsay Alexander Alison Arant Alicia Matheny Beeson Eric Bennett Gina Caison Jordan Cofer Doug Davis Doreen Fowler Marshall Bruce Gentry Bruce Henderson Monica C Miller William Murray Carol Shloss Alison Staudinger and Rachel Watson The National Endowment for the Humanities has funded two Summer Institutes titled *Reconsidering Flannery O'Connor* which invited scholars to rethink approaches to Flannery O'Connor's work Drawing largely on research that started as part of the 2014 NEH Institute this collection shares its title and its mission Featuring fourteen

new essays *Reconsidering Flannery O'Connor* disrupts a few commonplace assumptions of O'Connor studies while also circling back to some old questions that are due for new attention. The volume opens with *New Methodologies* which features theoretical approaches not typically associated with O'Connor's fiction in order to gain new insights into her work. The second section *New Contexts* stretches expectations on literary genre on popular archetypes in her stories and on how we should interpret her work. The third section lovingly called *Strange Bedfellows* puts O'Connor in dialogue with overlooked or neglected conversation partners while the final section *O'Connor's Legacy* reconsiders her personal views on creative writing and her wishes regarding the handling of her estate upon death. With these final essays the collection comes full circle attesting to the hazards that come from overly relying on O'Connor's interpretation of her own work but also from ignoring her views and desires. Through these reconsiderations some of which draw on previously unpublished archival material the collection attests to and promotes the vitality of scholarship on Flannery O'Connor.
