Haen, Pieter Vermeulen, 2006 This volume seeks to ascertain the relationship obtaining between the specific form postmodernism assumes in a given culture and the national narrative in which that culture traditionally recognizes itself Theo D haen provides a general introduction to the issue of cultural identity and postmodern writing Jos Joosten and Thomas Vaessens take a look at Dutch literature and particular Dutch poetry in relation to postmodernism Robert Haak and Andrea Kunne do the same with regard to respectively German and Austrian literature while Roel Daamen turns to Scottish literature Patricia Krus discusses postmodernism in relation to Caribbean literature and Kristian van Haesendonck and Nanne Timmer turn their attention to Puerto Rican and Cuban literature while Adriana Churampi deals with Peruvian literature Finally Markha Valenta investigates the roots of the postmodernism debate in the United States **The German Patient** Jennifer M. Kapczynski, 2010-02-11 The German Patient takes an original look at fascist constructions of health and illness arguing that the idea of a healthy national body propagated by the Nazis as justification for the brutal elimination of various unwanted populations continued to shape post 1945 discussions about the state of national culture Through an examination of literature film and popular media of the era Jennifer M Kapczynski demonstrates the ways in which postwar German thinkers inverted the illness metaphor portraying fascism as a national malady and the nation as a body struggling to recover Yet in working to heal the German wounds of war and restore national vigor through the excising of sick elements artists and writers often betrayed a troubling affinity for the very biopolitical rhetoric they were struggling against Through its exploration of the discourse of collective illness The German Patient tells a larger story about ideological continuities in pre and post 1945 German culture Jennifer M Kapczynski is Assistant Professor of Germanic Languages and Literatures at Washington University in St Louis She is the coeditor of the anthology A New History of German Cinema Cover art From The Murderers Are Among Us 1946 Reprinted courtesy of the Deutsche Kinemathek A highly evocative work of meticulous

scholarship Kapczynski s deftly argued German Patient advances the current revaluation of Germany s postwar reconstruction in wholly original and even exciting ways its insights into discussions of collective sickness and health resonate well beyond postwar Germany Jaimey Fischer University of California Davis The German Patient provides an important historical backdrop and a richly specific cultural context for thinking about German guilt and responsibility after Hitler An eminently readable and engaging text Johannes von Moltke University of Michigan This is a polished eloquently written and highly informative study speaking to the most pressing debates in contemporary Germany The German Patient will be essential reading for anyone interested in mass death genocide and memory Paul Lerner University of Southern California

Peter Handke Rolf G. Renner,2023-03-13 The volume presents Handke s works from Hornissen 1966 to Das zweite Schwert 2020 in individual analyses and at the same time opens up overarching orientations of Handke s writing The autoreflexive traces that characterise the author s experimental early work are perpetuated in a middle phase by a return to traditional forms of epic narrative and literary models that is philosophically influenced In the late work these approaches give rise to a comprehensive poetology of narrative that links all the texts together In the process previously developed motifs are condensed into overarching thematic complexes Alongside the reality of war the relationship between image and writing text and film social and media developments of modernity come to the fore The reference of Handke s texts to images of the painterly tradition and visual strategies of his writing are given special weight This book is a translation of the original German 1st edition Peter Handke by Rolf G Renner published by Springer Verlag GmbH Germany part of Springer Nature in 2020 The translation was done with the help of artificial intelligence machine translation by the service DeepL com A subsequent human revision was done primarily in terms of content so that the book will read stylistically differently from a conventional translation Springer Nature works continuously to further the development of tools for the production of books and on the related technologies to support the authors
