Richey, Thomas Edward Frank, 2004 This book explores Methodist episcopacy in the U S and reviews notions of and expectations about episcopal leadership held by United Methodists today

After a careful historical study Richey and Frank give helpful perspectives on a current proposal to the 2004 General Conference by the Council of Bishops to elect a bishop who will serve a four year term as the Council's president. More generally and for the longer term this book examines the need for organizational change and theological reflection on the office of bishop while reviewing the implications of such reorganization of the Council of Bishops including the election process. By examining what Methodists have meant by the words itinerant general superintendent the authors discuss the polity of the Church and explore the constraints, concerns and possibilities for episcopal leadership. The Interruptive Word R. David Nelson, 2013-07-25 While German Lutheran theologian Eberhard Jüngel 1934 has made a number of significant contributions to contemporaneous discussions of sacramental theology this topic has largely been ignored by interpreters of his thought. This study summarizes and evaluates through a close reading of primary and secondary source materials Jüngel's approach to the problem of sacrament. R. David Nelson considers Jüngel's claim that the word of God functions sacramentally as it addresses its hearer and analyses his assertion that Jesus Christ is the unique and preeminent sacrament of God for the world. Progressing to an exploration of Jüngel's ecclesiology Nelson reveals Jüngel's interesting approach to the question of the church's sacramentality. The volume concludes with an investigation into Jüngel's doctrines of baptism and the Lord's Supper. The Interruptive Word demonstrates that Jüngel consistently appeals to the category of interruption for describing God's sacramental relation to the world and its actualities concluding that the hegemony of the category of interruption in Jüngel's theology of sacrament raises important questions concerning its coherence and tenability. **Growing Consensus** Joseph A.
