Mayon-White,Wendy Yorke,2025-06-12 A guide to exploring and enjoying the river Thames and its tributaries through the 50 best riverside walks The River Thames is a beautifully rich and diverse 215 mile stretch of water that so many of us enjoy walking along for half an hour half a day or days on end courtesy of the wonderful Thames Path Explore further and you discover the Thames tributaries the rivers and streams that flow into the Thames from miles in all directions This natural network has an enormous catchment area right across Southern England into the Thames Estuary From a small source stream in Gloucestershire across varied and historic countryside through London and into the wide estuary entering the North Sea the Thames and its tributaries are a plentiful area for exploration and enjoyment Exploring the Thames Rivers and Streams helps you do just that The book presents the 33 primary rivers that flow from the Thames and within these chapters describes 50 wonderful walks that best explore the beauty these tributaries have to offer The walks vary between 4 and 12 miles long and explore a variety of chalk streams wet woodlands lakes reedbeds flood meadows and canals where you can pause observe the wildlife read about the interesting and historical places featured or enjoy the waterside with a wild swim picnic or paddle Each chapter also features beautiful photography and informative maps *The Rough Guide to Walks in London and Southeast England* Judith Bamber,Helena Smith,2003 This book contains 35 walks all with detailed Ordnance

Survey based maps clear route directions and full descriptions of the sights passed en route as well as stimulating background on local history and wildlife The walks range from short strolls in inner London to extended rural hikes throughout southeast England covering areas as far afield as the New forest the South Downs and the fens A number of the routes can be combined into tow day walks if you want to make a weekend of it All the walks are designed to be accessible using public transport and all feature recommended lunch stops The proposal for a national policy statement on ports Great Britain: Parliament: House of Commons: Transport Committee,2010-03-17 National Policy Statements NPS are a key component of the new planning system for nationally significant infrastructure projects introduced by the Planning Act 2008 The Act stipulates that a proposal for a National Policy Statement will be subject to public consultation and allows for

parliamentary scrutiny before designation as national policy by the Secretary of State The draft Ports National Policy Statement Department for Transport 2009 has been welcomed by many organisations as a good start which can be built upon The Committee has recommended a number of modifications and expects the Department will improve the draft as a result of the consultation and scrutiny processes The Committee has reservations regarding the Government's 2007 policy for ports and the lack of guidance on location for port development in the NPS but this of itself does not make the NPS unfit for purpose But the Committee cannot recommend designation at this stage on two counts Firstly a key related policy statement the National Networks NPS has yet to be published Secondly the organisation likely to be one of the principal decision makers for port development the Marine Management Organisation has yet to be established and so has been unable to comment on guidance that will be of great importance to its role These are fundamental flaws in the consultation process and the Ports NPS should not be designated until they are rectified
