Equality And Economy The Global Challenge

İsmail Şiriner, Marcel Mečiar

Equality And Economy The Global Challenge:

Equality and Economy Michael Blim, 2004-12-01 Anthropologist Michael Blim identifies equality as the key global issue of our time the value above all others that will improve human well being Using it as a measure for policy he demonstrates how equality can be operationalized and change how our economies function both in the United States and worldwide The author argues for the development of universal welfare remedies believing that such fundamental problems of human existence can only be solved by utilizing the full resources of the planet He analyzes successful attempts by regions communities and social movements around the world to improve the human condition Equality and Economy creates a foundation for social science inquiry and critical thinking particularly about global justice and transnational issues It is valuable for instructors in anthropology development and labor studies sociology and political science *Global Challenges in Public Finance and International Relations* Şahin Duran, Deniz, Temür, Yusuf, Bozdoğan, Doğan, 2019-03-29 Although the concept of international public goods has been established new international public needs arise by the day For example while there are many taxation problems and debates that have not yet been resolved internationally many new tax related problems like international transfer pricing taxation of virtual profits and taxation of electronic commerce are being added These issues require studies that will discuss a new agenda and propose solutions for these dilemmas and problems Global Challenges in Public Finance and International Relations provides an innovative and systematic examination of the present international financial events and institutions international financial relations and fiscal difficulties and dilemmas in order to discuss solutions for potential problems in the postmodern world Highlighting topics such as international aid public debt and corporate governance this publication is designed for executives academicians researchers and students of public finance Social Inequality as a Global Challenge Medani P. Bhandari, Shvindina Hanna, 2022-09-01 This book discusses the factors behind the inequalities embedded within our social economic and political systems Social inequalities are especially seen in the service sectors in the differences of access to healthcare education social protection housing systems childcare elderly care etc Cultural inequality which segregates people from the mainstream based on recognition problems with a specific groups social status language religion customs and norms is another widespread issue This book tries to present an accurate picture of these issues with cases studies from various countries Mostly when we talk about inequality the focus is on economic inequality however much inequality persists especially discrimination due to gender age origin ethnicity disability sexual orientation class and religion To end this situation there is a need for social economic and political reform Until or unless the marginalized groups are empowered the inequality issue cannot be solved or even minimized On the basis of various case studies this book encourages us to rethink societal development through the lens of growing inequalities and disparities The book presents new insights for evaluating the progress on social development The book highlights the current challenges of social inequality In combination this collection of edited papers gives an integrated understanding of the

question of why is society unequal This book is aimed at those stakeholders who want to make or contribute to change and build an undivided socially inclusive society and to those who want to contribute to empowering society in the Twenty First century Global Challenges: Peace and War Yih-Jye Hwang, Lucie Cerna, 2013-07-04 What is the idea of peace Is peace merely the absence of war or can it also mean something else Is peace a condition of emancipation the status quo or is it a system of hegemonic stability How can peace be acquired whatever it may mean And above all what is the relationship between peace and war This textbook aims to offer a comprehensive and up to date introduction to studies of peace and war from both theoretical and empirical perspectives Rather than providing students the answer of what the idea of peace means this volume is designed to make and assist students to contemplate how peace can be thought by investigating its opposite war broadly defined *The Palgrave Handbook of Global Sustainability* Robert Brinkmann, 2023-04-04 The field of sustainability continues to evolve as a discipline The world is facing multiple sustainability challenges such as climate change water depletion ecosystem loss and environmental racism The Handbook of Sustainability will provide a comprehensive reference for the field that examines in depth the major themes within what are known as the three E s of sustainability environment equity and economics These three themes will serve as the main organizing body of the work In addition the work will include sections on history and sustainability major figures in the development of sustainability as a discipline and important organizations that contributed or that continue to contribute to sustainability as a field The work is explicitly global in scope as it considers the very different issues associated with sustainability in the global north and south

Addressing Global Challenges - Exploring Socio-Cultural Dynamics and Sustainable Solutions in a Changing World Parfait M. Eloundou-Enyegue, 2024-07-04 The International Symposium on Humanities and Social Sciences Addressing Global Challenges Exploring Socio Cultural Dynamics and Sustainable Solutions in a Changing World ISHSS 2023 unfolds as a crucial academic undertaking centred around the overarching theme of intellectual synergy and inquiry This conference serves as a vibrant forum facilitating discussions on a wide array of subjects within the realms of humanities and social sciences The curated collection of proceedings encapsulates an expansive spectrum of subject areas transcending disciplinary boundaries to encapsulate sociology anthropology history and beyond The significance of this compilation lies not only in the wealth of knowledge it imparts but also in its potential to resonate with a diverse audience From academicians to practitioners the discourse transcends traditional boundaries offering insights that cater to the intellectual curiosity of a broad audience The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license **India and the Future of G20** Iqbal Singh Sevea, Amitendu Palit, Vinod Rai, 2023-11-18 As the G20 the world s largest economic and strategic grouping addresses issues such as climate change that are of immediate concern this book provides insights on India s presidency and its potential to deliver sustainable solutions in a fractured world order Visionary contributions from G20 member Sherpas

Comparing Communism, Capitalism, Socialism, and Democracy Raghav Pillai, 2025-02-20 Comparing Communism Capitalism Socialism and Democracy navigates the intricate tapestry of global governance and economic systems This enlightening book dissects four fundamental ideologies that have shaped human history Going beyond surface level definitions it delves into the historical evolution key principles and distinctions that define each ideology Whether you are a seasoned scholar curious student or an individual seeking a profound understanding of the world's socio political landscape this book provides a roadmap to unravel communism capitalism socialism and democracy Uncover the roots of each ideology tracing their origins from pivotal historical moments Explore the economic paradigms understanding how they shape wealth distribution production and resource allocation Examine governance models from centralized planning to democratic governance and their impact on citizen participation and political stability Delve into societal dimensions evaluating how these ideologies foster inclusivity address disparities and preserve cultural identity Analyze the contemporary relevance of each ideology considering their adaptability to global challenges and their impact on international relations Comparing Communism Capitalism Socialism and Democracy serves as an indispensable guide for anyone seeking clarity in political and economic ideologies It offers a reader friendly yet comprehensive exploration equipping individuals with knowledge to critically engage with diverse ideologies shaping our global society

EU External Relations and the

Power of Law Kenneth A Armstrong, Joanne Scott, Anne Thies, 2024-08-22 The breadth and depth of the scholarship of Marise Cremona is honoured in this collection of essays written by her colleagues and friends Taking Cremona's field defining

research as a point of reference this collection of research articles examines the power of law in EU external relations Echoing the expansive scope of Cremona's intellectual enquiries across the growing and diversifying field of external relations law this volume offers new insights into the principles and procedures that underlie this area of law the role and responsibilities of the EU as an international actor and the strategies and instruments through which the Union pursues its external agenda Spanning the analysis of foundational concepts and more contemporary interventions in respect of the environment human rights foreign direct investment and even Brexit what emerges from this collection is a richly conceptualised and clear examination of the multiple ways in which the power of law captures or eludes the EU's construction of a domain of external relations a domain in which the EU interacts not only with its Member States but also other subjects of the international legal order

Education for All 2000-2015: Achievements and challenges

UNESCO,2015-04-08 Literaturverz S 414 459 *The Palgrave Handbook of the International Political Economy of Energy*

Thijs Van de Graaf,Benjamin K. Sovacool,Arunabha Ghosh,Florian Kern,Michael T. Klare,2016-08-05 This Handbook is the first volume to analyse the International Political Economy the who gets what when and how of global energy Divided into five sections it features 28 contributions that deal with energy institutions trade transitions conflict and justice The chapters span a wide range of energy technologies and markets including oil and gas biofuels carbon capture and storage nuclear and electricity and it cuts across the domestic international divide Long standing issues in the IPE of energy such as the role of OPEC and the resource curse are combined with emerging issues such as fossil fuel subsidies and carbon markets IPE perspectives are interwoven with insights from studies on governance transitions security and political ecology The Handbook serves as a potent reminder that energy systems are as inherently political and economic as they are technical or technological and demonstrates that the field of IPE has much to offer to studies of the changing world of energy **Global**

Challenges in Development, Finance and Education İsmail Şiriner,Marcel Mečiar,2019-02-14 This book Global Challenges in Development Finance and Education already the 5th volume in the Global Studies Series of IJOPEC has been organized around current research interests of the participating authors from Turkish universities who study various aspects of global processes intersecting with social development and human rights education financing technologies for sustainable environment and financial markets and public investments amidst the anti globalisation backlash in the post 2008 era Besides globalization's impact on societies social institutions and people the unifying theme of this volume radiates a message of necessity to find an alternative economic model that promotes equality of chances social stability and justice instead of growing inequality double standards and unfair competition under coercion of hegemonic interest groups The Global Gender Gap Report 2008 Ricardo Hausmann,2008 The Index benchmarks national gender gaps on economic political education and health based criteria and provides country rankings that allow for effective comparisons across regions and income groups over time Page 3 **Competition Law and Economic Inequality** Jan Broulík,Katalin Cseres,2022-12-15

The gap between the rich and poor is widening across the globe This book explores whether this major societal challenge of our time can be addressed by the means of competition law The primary goal of today s competition law is to ensure that market power does not lead to an inefficient production of goods and services Nevertheless even such efficiency oriented curbing of market power may arguably contribute to the reduction of differences in how much people own and earn Furthermore many competition law regimes do take into account distributive considerations too The chapters investigate the relationship between competition law and economic in equality from philosophical historical and economic perspectives Their inquiries concern the conceptual foundations of competition law and doctrinal frameworks of individual jurisdictions as well as specific problems and markets As such the book provides a novel and comprehensive overview of whether and how competition law can contribute to more equality in both developed and developing countries The book is a must read for researchers public officials judges and practitioners within the competition law community It will also appeal to anyone more broadly interested in issues of inequality and economic policy

Global Challenges for a Sustainable Society José Alberto Benítez-Andrades, Paula García-Llamas, Ángela Taboada, Laura Estévez-Mauriz, Roberto Baelo, 2023-06-11 EURECA PRO is the global educational core hub and interdisciplinary research and innovation leader in qualitative environmental and social framework development for responsible consumption and production Through its novel approach on the one hand it holistically contributes to the highly topical issue of Sustainable Consumption and Production under the umbrella of Sustainable Development Goal 12 and on the other hand it effectively contributes to the development of the European Higher Education Area complimentary to Sustainable Development Goal 4 In this book readers will find the discussion results among professionals academics and scientists on responsible consumption and production regarding the latest advances to achieve a sustainable society This book contents 5 chapters focused on Smart and healthy societies Recycling reused and longer lasting products fresh air clean water healthy soil and biodiversity cleaner energy and cutting edge clean technological innovation and industry 4 0 This book also intends to show the current and future challenges and innovative solutions considering the technological humanistic educational economic social and environmental dimensions of sustainability

Global Challenges Todd Sandler, 1997-06-13 Using simple economic reasoning this book analyzes a broad range of global challenges including global warming ozone shield depletion acid rain nuclear waste disposal revolution dispersion international terrorism disease eradication population growth tropical deforestation and peacemaking These challenges are put into perspective in terms of scientific economic and political considerations This book is intended for a wide audience drawn from the social sciences It should also interest the general reader who wants to learn about global challenges

Spirituality and Social Justice: Spirit in the Political Quest for a Just World Cyndy Baskin, Norma Jean Proffitt , 2019-11-20 Spirituality and Social Justice explores how critically informed spirituality can serve as an inspiration and a political force in the quest for social and ecological justice Writing from various spiritual and religious worldviews including Indigenous Islamic Wicca Witchcraft

Jewish Buddhist and Christian the authors practitioners and academics of social work draw on lived experience research and literature to illuminate how relationship with spirit can orient ways of being and acting to build a more just society In Part One the authors foreground Indigenous spirituality as resistance and decolonization Part Two examines the complex ethical and political dimensions of spirituality including the ecological destruction of the Earth and the influence of contemporary neoliberalism Lastly Part Three explores spirituality in teaching and learning contexts both inside and beyond the classroom Engaging and well written Spirituality and Social Justice challenges the notion that practitioners must put aside their critical spirituality in teaching learning healing and practice Students practitioners and academics of social work and other helping professions will benefit from the unique insights into spirituality and religion and how they inform social justice activism

Global Challenges of Climate Change, Vol.2 Tessaleno Campos Devezas, João Carlos Correia Leitão, Yuri

Yegorov, Dmitry Chistilin, 2022-11-16 This two volume book offers a broad range of discussions on the immense challenge of climate change one confronting every country on the planet and forcing them to find a path towards a sustainable future that will not have disastrous consequences in relation to our chances of survival It also presents a snapshot of the status quo which reflects all the decisions and measures taken to date Analyzing the consequences of the steps that will shape our future the two volumes also reflect on important decisions at a global level that have already been taken This second volume on risks assessment and the political and social dimension of the green energy transition is structured into 14 chapters International renowned scholars discuss the inherent risks that arise in consequence of the transition to the intensive use of low carbon energy sources and global warming risks related to food and water security as well as risks of social and political conflicts They further examine the dependence on individual countries industrial structures and on their socio economic development level as challenges to climate change solutions and to the global energy policy agenda This book is a must read for scholars researchers and students as well as policymakers interested in a better understanding of climate change present scenarios and alternative solutions and measures

Solutions For Sustainability Challenges Wulf-Peter
