Equality Of The Human Races:

The Equality of the Human Races Joseph-Anténor Firmin, 2002 Rediscovering an early scientific challenge to racism This is the first paperback edition of the only English language translation of the Haitian scholar Ant nor Firmin s The Equality of the Human Races a foundational text in critical anthropology first published in 1885 when anthropology was just emerging as a specialized field of study Marginalized for its radical position that the human races were equal Firmin s lucid and persuasive treatise was decades ahead of its time Arguing that the equality of the races could be demonstrated through a positivist scientific approach Firmin challenged racist writings and the dominant views of the day Translated by Asselin Charles and framed by Carolyn Fluehr Lobban s substantial introduction this rediscovered text is an important contribution to contemporary scholarship in anthropology pan African studies and colonial and postcolonial studies

Revolutionary Change and Democratic Religion Celucien L. Joseph, 2020-04-15 In Revolutionary Change and Democratic Religion Celucien Joseph provides a fresh and careful reexamination of Haiti s intellectual history by focusing on the ideas and writings of five prominent thinkers and public intellectuals Toussaint Louverture Joseph Antenor Firmin Jacques Roumain Dantes Bellegarde and Jean Price Mars The book articulates a twofold argument First of all Haiti has produced a strong intellectual tradition from the revolutionary era to the postcolonial present and that Haitian thought is not homogeneous and monolithic Joseph puts forth the idea that the general interweaving themes of rhetoric the race concept race vindication universal emancipation religious pluralism secular humanism the particular and the universal and cosmopolitanism are representative of Haiti s intellectual tradition Secondly the book also contends that Haitian intellectuals have produced a religious discourse in the twentieth century that could be phrased religious metissage The religious ideas of these thinkers have been shaped by various forces ideologies religious traditions and philosophical schools In the same way the religious experience of the Haitian people should be understood in terms of conflicting heterodox and pluralistic manifestations of religious piety as the people in Haiti reacted to the crisis of slavery Western colonialism and imperialism and the arrogance of race in modernity in their striving to reposition themselves within the framework of universal and human metanarratives The book departs from the dominant contemporary Vodou scholarship that is often characteristic of North American and Western studies on the religious life of the Haitian people and Haitian thinkers

Critical Philosophy of Race Robert Bernasconi, 2023 The fifteen essays by distinguished philosopher of race Robert Bernasconi that are collected here demonstrate why the critical philosophy of race needs to take a historical turn Genealogies of the concepts of both race and racism clarify why some of the dominant strategies for combatting racism tend to be ineffective For example the Boasian UNESCO strategy that highlights biology s rejection of race neglects cultural racism Drawing on the work of Frantz Fanon the late Sartre and Michel Foucault Robert Bernasconi argues for a holistic approach that integrates the concrete experience of racism faced by individuals into the study of institutional structural and systemic racism His philosophical studies of such

Black philosophers as Ottobah Cugoana Antenor Firmin and W E B Du Bois contribute to challenging the dominant philosophical canon This volume will be an essential resource for scholars and students interested in this resurgent topic

The Inequality of Human Races Arthur comte de Gobineau,1915 Haiti in the British Imagination Jack Daniel Webb,2020 Haiti in the British Imagination is the first book to focus on the diplomatic relations and cultural interactions between Haiti and Britain in the second half of the nineteenth century Through acts of dialogue Britons and Haitians impacted on the worldviews of one another and with that changed the political and cultural landscapes of the Atlantic World

Creolizing Rousseau Jane Anna Gordon,Neil Roberts,2014-12-17 In 1967 C L R James the much celebrated Afro Trinidadian Marxist stated that he knew of no figure in history who had such tremendous influence on such widely separated spheres of humanity within a few years of his death as the eighteenth century philosopher Jean Jacques Rousseau While this impact was most pronounced in revolutionary politics inspired by political theories that rejected basing political authority in monarchy aristocracy and the Church it extended to European literature to philosophies of education and the articulation of the social sciences But what particularly struck James about Rousseau was the strong resonance of his work in Caribbean thought and politics This volume illuminates these resonances by advancing a creolizing method of reading Rousseau that couples figures not typically engaged together to create conversations among people of seemingly divided worlds in fact entangled by colonizing projects and histories Doing this enables us to grapple with the meaning of creolization and the full range of Rousseau s legacies not only in contemporary Western Europe and the United States but in the Francophone colonies territories and larger Global South Myth of Universal Human Rights David N. Stamos,2015-11-17 In this groundbreaking and provocative new book philosopher of science David N Stamos challenges the current conceptions of human rights and argues that the existence of universal human rights is a modern myth Using an evolutionary analysis to support his claims Stamos traces the origin of the myth from the English Levellers of 1640s London to our modern day Theoretical defenses of the belief in human rights are critically examined including defenses of nonconsensus concepts In the final chapter Stamos develops a method of naturalized normative ethics which he then applies to topics routinely dealt with in terms of human rights In all of this Stamos hopes to show that there is a better way of dealing with matters of ethics and justice a way that involves applying the whole of our evolved moral being rather than only parts of it and that is fiction free

Another white Man's Burden Tommy J. Curry,2018-11-27 Winner of the 2020 Josiah Royce Prize in American Idealist Thought presented by the Josiah Royce Society Another white Man s Burden performs a case study of Josiah Royce s philosophy of racial difference In an effort to lay bare the ethnological racial heritage of American philosophy Tommy J Curry challenges the common notion that the cultural racism of the twentieth century was more progressive and less racist than the biological determinism of the 1800s Like many white thinkers of his time Royce believed in the superiority of the white races Unlike today however whiteness did not represent only one racial designation but many Contrary to the view of the British

born Germanophile philosopher Houston S Chamberlain for example who insisted upon the superiority of the Teutonic races Royce believed it was the Anglo Saxon lineage that possessed the key to Western civilization It was the birthright of white America he believed to join the imperial ventures of Britain to take up the white man s burden To this end he advocated the domestic colonization of Blacks in the American South suggested that America s xenophobia was natural and necessary to protecting the culture of white America and demanded the assimilation and elimination of cultural difference for the stability of America s communities Another white Man s Burden reminds philosophers that racism has been part of the building blocks of American thought for centuries and that this must be recognized and addressed in order for its proclamations of democracy community and social problems to have real meaning
