Equipment Leasing:

Equipment Leasing Peter K. Nevitt, Frank J. Fabozzi, 2000-01-15 Equipment Leasing is a practical reference for financial managers who need background information and an understanding of how leasing can be utilized as a cost effective means of equipment financing especially under the new tax law in the United States It explores various types of leases including single investor leases leveraged leases tax requirements for true leases and lease buy economic analysis This invaluable resource includes the background and basics of equipment leasing history of leasing synthetic leases financial reporting of lease transactions by lessees operating a leasing company and much more *Getting the Best Equipment Lease Deal* Richard M. Contino, 2019-12-06 This book is a guidebook for any business small to large considering acquiring equipment through a leasing alternative It explains the pros and cons of leasing equipment as well as how leasing and financing companies operate and the pitfalls to watch out for provides guidance on how to financially evaluate lease offers and compare them to other financing alternatives It also discusses the various business accounting and tax implications Included are practical tips recommendations and strategies for getting the best lease deal a legal and business explanation of all relevant documents and strategies to negotiate the relevant documents to get the best terms Very simply this book is a comprehensive guidebook tailored expressly for the business lessee with up to date suggestions insider tips and observations So if you re thinking about leasing equipment and want to know how to negotiate the best possible lease deal this book is for you Equipment Leasing and Financing Richard M. Contino, 2019-11-08 This book explains how companies that sell equipment and other products can increase product sales and add an additional profit center by establishing their own innovative leasing and financing operation Industry data shows that the need for equipment and other product financing has evolved over the past few decades to where now nine out of ten U S companies use leasing or other forms of third party financing to acquire the equipment or other products they need For market aggressive companies offering products for sale having an available in house customer product leasing and financing program as a product marketing strategy can dramatically increase their ability to close product sales In the past establishing an in house financing activity was difficult and expensive requiring unique and substantial additional business operational and financing components in addition to an extensive learning curve This is no longer the case In recent years there have been wide spread market advances surrounding the financing of equipment and other products that enable forward thinking companies to cost effectively establish their own in house product financing activity using readily available state of the art financing software programs and third party back office services to manage any part of the financing process This book will provide a product vendor with the turnkey know how it needs to assess the viability of establishing an in house equipment financing operation as well as the various considerations needed to set up and run its own cost effective and profitable product financing activity Getting the Best Equipment Lease Deal Richard M. Contino, 2019-12-06 This book is a guidebook for any business small to large considering acquiring

equipment through a leasing alternative It explains the pros and cons of leasing equipment as well as how leasing and financing companies operate and the pitfalls to watch out for provides guidance on how to financially evaluate lease offers and compare them to other financing alternatives It also discusses the various business accounting and tax implications Included are practical tips recommendations and strategies for getting the best lease deal a legal and business explanation of all relevant documents and strategies to negotiate the relevant documents to get the best terms Very simply this book is a comprehensive guidebook tailored expressly for the business lessee with up to date suggestions insider tips and observations So if you re thinking about leasing equipment and want to know how to negotiate the best possible lease deal this book is for you
