Equity, Efficiency, and the U.S. Corporation Income Tax

J. Gregory Ballentine

Equity Efficiency And The U S Corporation Income Tax

John Tiley, Glen Loutzenhiser

Equity Efficiency And The U S Corporation Income Tax:

Equity, Efficiency, and the U.S. Corporation Income Tax J. Gregory Ballentine, 1980 This book examines the little understood effects of the corporation income tax a mainstay of the US federal revenue system Although the tax legally falls on the incomes of those who own corporate stock the actual burden is shared by everyone in the economy Given the diffusion of the burden shown in this study it is difficult to argue that the corporation income tax meets any well defined goals of equity Its effect on economic efficiency is also shown to be undesirable It distorts the allocation of capital in our economy away from its most productive uses causing a waste of capital by reducing investment below an efficient level it causes a capital shortage Although all taxes induce some inefficiency in the economy the corporate tax is shown to be the most inefficient of the major taxes The value of the efficiency lost may in fact be equivalent to as much as half the revenue raised by the tax *Reforming the US Corporate Tax* Gary Clyde Hufbauer, 2005 *The Changing Distribution of Federal Taxes, 1975-1990* Richard Kasten, United States. Congressional Budget Office, 1987 I Introduction II Overview of federal revenues and federal tax legislation 1975 1990 III Who pays the taxes IV Measuring family income V Distribution of federal taxes in 1977 1984 and 1988 VI Effect of tax law changes on the distribution of federal taxes Appendix A Additional detail on the distribution of income Appendix B Additional detail on the distribution of federal taxes Appendix C Gini coefficients and Suits indexes

Tax Aspects of the President's Economic Program United States. Congress. House. Committee on Ways and Means, 1981 *U.S. Corporate Income Tax Reform and its Spillovers* Kimberly Clausing, Edward Kleinbard, Ms. Thornton Matheson, 2016-07-05 This paper examines the main distortions of the U S corporate income tax CIT focusing on its international aspects and proposes a set of reforms to alleviate them A bold reform to replace the CIT with a corporate level rent tax could induce efficiency enhancing reform of the international tax system Since fundamental reform is politically difficult this paper also proposes an incremental reform that would reduce tax expenditures reduce the CIT rate to 25 28 percent and impose a minimum rent tax on foreign earnings Finally this paper analyzes empirically the likely impact of the incremental on corporate revenues outside the U S Though a U S rate cut would likely lower revenues elsewhere implementation of a strong minimum tax could more than offset that effect for most countries with effective tax rates above 15 percent

International and Comparative Taxation: Essays in Honour of Klaus Vogel Klaus Vogel, Moris Lehner, Arndt Raupach, Michael Rodi, 2002-09-03 Compilation of the 16 English language contributions of Staaten und Steuern States and Taxes the original festschrift to honour Klaus Vogel *Advanced Topics in Revenue Law* John Tiley, Glen Loutzenhiser, 2013-01-07 The last several years have seen fundamental changes to the UK tax system Nearly the entirety of the UK corporation tax and international tax rules have been rewritten by three new statutes the Corporation Tax Acts 2009 and 2010 and the Taxation International and Other Provisions Act 2010 The UK has also implemented major new policies affecting the taxation of pensions charities savings vehicles non doms and the foreign profits of UK companies In addition

European Union law and especially the case law of the Court of Justice of the European Union has had an increasingly important impact on UK corporation tax and international tax law in particular This new book on advanced topics in UK tax law is derived from material previously found in John Tiley s major text on Revenue Law that has been expanded and comprehensively updated to take account of these developments The book deals with Corporation Tax International and European Tax Savings and Charities in a manageable and portable volume for law students and practitioners It complements the material on UK Income Tax Capital Gains Tax and Inheritance Tax found in Revenue Law 7th edition Unlike other tax law books this text explains the new rules found in CTA 2009 CTA 2010 and TIOPA 2010 in light of its legislative predecessors The book contains extensive references to the new legislation and also to the former enactments in ICTA 1988 and elsewhere Those familiar with the old law but wanting to find their way round the new will find this work particularly valuable The book is designed for law students taking advanced tax courses in the final year of their law degree course and for graduate students but is intended to be of interest to all who enjoy tax law Its purpose is not only to provide an account of the rules but to include citation of the relevant literature from legal periodicals and some discussion of or reference to the background material in terms of policy history or other countries tax systems *Revising the Corporate Income Tax* Robert Lucke,1985

Modern Public Economics Raghbendra Jha,2002-09-11 This wide ranging up to date and detailed account of all aspects of public economics covers topics as varied as classical theorems of welfare economics the theory of public expenditure the effects of taxation on savings labour supply investment and risk taking commodity income and expenditure taxation public sector and cost benefit analysis fiscal federalism Written by Raghbendra Jha an author with an established reputation this book fills the gap in literature on this topic and will be a valuable reference for undergraduates in the fields of economics and public finance Federal Tax Policy Joseph A. Pechman,2001-06-29 One of the major architects of comprehensive tax

reform has revised his widely acclaimed book on tax policy to reflect the changes brought about by the Tax Reform Act of 1986 and all other major changes in tax laws since 1983 Joseph A Pechman s *Federal Tax Policy* is a nontechnical book for general readers and students interested in taxation as an instrument of public policy It emphasizes such current issues as a comprehensive income taxation inflation adjustments in income taxation graduated income taxes versus expenditure taxes the effects of taxation on economic incentives and fiscal relations between the federal and state and local governments Pechman presents and evaluates contrasting views on most forms of taxation personal and corporate income general and selective consumption payroll estate and gift property and state and local and offers a perceptive analysis of the process of tax legislation and the role of taxation in the fiscal policy He also provides a valuable series of statistical table on tax developments and an extensive bibliography on tax theory and practice **General Tax Reform: Taxation of foreign**

income United States. Congress. House. Committee on Ways and Means,1973 *The Governance of Corporate Groups* Janet Dine,2000-06-05 Starting from a discussion of the theoretical underpinning of the place companies occupy in society

this book explores the consequences of adherence to free market contractualist theory including the lack of regulatory control of a sufficiently robust nature Professor Dine comments on the absence of a concept of governance of groups from a comparative perspective and considers the consequences of this absence for the conflict of laws In particular she highlights the tragic consequences of globalization by transnationals including polarization of income and environmental damage and suggests a possible legal framework to prevent future damages

Economic Inequality and Poverty Lars

Osberg,2017-07-28 This title was first published in 1991 This collection focuses on the concepts and measurements of inequality poverty the concentration of wealth and the implications of these issues for social policies A special feature of this work is the international comparisons of the evidence on economic inequality

State Corporation Income Tax: Issues in Worldwide Unitary Combination ,1984 *Taxes, Loans and Inflation* C. Eugene Steuerle,2010-12-01 Income from capital receives uneven treatment in both the tax system and the loan markets This affects almost every investment decision made by the individuals business and government and causes major disruptions in the economy In this book C Eugene Steuerle shows how the misallocation of capital results from the interaction of tax laws the operation of the market for loanable funds and inflation He first analyzes the taxation of capital income focusing on the distortions caused by tax arbitrage and on inflation induced discriminations among both taxpayer and borrowers The author then applies this analysis to several related issues He concludes with a reform agenda that calls for the adoption of a broader based flatter rate income tax

Taxation

Clemens August Andreae,Reinhard Berthold Koester,1987 *Tax Reform Act of 1975* United States. Congress. Senate.

Committee on Finance,1976

Factors Affecting U.S. International Competitiveness

United States. Congress. House.

Committee on Ways and Means,1992

The United States Economy

Mr.Yusuke Horiguchi,1992-01-15 This book by a

staff team headed by Yusuke Horiguchi examines U S economic policy and performance in the 1980s during which the United States enjoyed its longest peacetime expansion Notwithstanding the buoyant growth and declines in inflation the economy experienced low savings current account deficits swings in the dollar exchange rate and structural problems relating to the strength of financial institutions the tax system health care and productivity

The Philosophy of Taxation and Public Finance Robert W. McGee,2003-12-31 Most public finance books are texts which are aimed at undergraduate or graduate students They are overly technical in nature and appeal only to a narrow range of bureaucrats and academics Books on taxation are written for tax practitioners and usually emphasize either what the law is or how to maneuver through the labyrinth of tax law to minimize taxes for clients Philosophy books on taxation or public finance simply do not exist The Philosophy of Taxation and Public Finance is different It is written in nontechnical language and is aimed to appeal to a wide range of readers including practitioners academics and students in the fields of taxation public finance economics law philosophy and political science as well as general readers who are interested in learning why they are being taxed the way they are The author addresses the major issues and topics in taxation and public finance and injects them with philosophical

insights He discusses questions such as What arguments have been used to justify taxation When is tax evasion unethical Are some taxes better than others What are the proper functions of government How much is enough Is the ability to pay concept valid When can punitive taxes be justified

Equity Efficiency And The U S Corporation Income Tax: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Equity Efficiency And The U S Corporation Income Tax : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
