

BUKOWSKI

Charles Bukowski, born 8/16/20, Albersbach, Germany, brought to America at the age of two. Eighteen or 20 books of prose and poetry. Bukowski, after publishing prose in *Story and Portfolio* stopped writing for ten years. He arrived in the charity ward of a Los Angeles County General Hospital, hemorrhaging as a climax to a ten-year drinking bout. Some say he didn't die. After leaving the hospital he got a typewriter and began writing again — this time, poetry. He later returned to prose and gained some fame with his column, *Notes of a Dirty Old Man*, which he wrote mainly for the paper, *Open City*. After 14 years in the Post Office he resigned at age 50, he says, to keep from going insane. He now claims to be unemployed and with typewriter ribbons. Once married, once divorced, many times shocked, he has a seven-year-old daughter.

These dirty and immortal stories appeared mainly in Underground newspapers, with *Open City* and *Nude Express* leading in the publication of them. Others have appeared in *Evergreen Review*, *Knight*, *Pix*, *Berkeley Barb*, *Adam*, and *Adam Reader*.

With Bukowski, the votes are still coming in. There seems to be no middle ground — people seem either to love him or hate him. Tales of his own life and doings are as wild and weird as the very stories he writes. In a sense, Bukowski is a legend in his time . . . a madman, a rebel, a lover . . . tender, vicious . . . never the same . . . these are exceptional stories that come pounding out of his violent and depressed life . . . horrible and holy . . . you cannot read them and ever come away the same again.

Forth and Back Cintia Santana, 2013-06-27 Forth and Back broadens the scope of Hispanic trans Atlantic studies by shifting its focus to Spain's trans literary exchange with the United States at the end of the twentieth century Santana analyzes the translation boom of U S literature that marked literary production in Spain after Franco's death and the central position that U S writing came to occupy within the Spanish literary system Santana examines the economic and literary motives that underlay the phenomenon as well as the particular socio cultural appeal that U S dirty realist writers which in Spain included authors as diverse as Charles Bukowski Raymond Carver and Bret Easton Ellis held for Spaniards in the 1980s Santana also studies the subsequent appropriation of this writing by a polemic group of young Spanish writers in the 1990s who self consciously and insistently associated themselves with the U S Forth and Back illustrates that literary movements do not unilaterally spread rather those that flourish take root in fertile soil and are transformed in their travel by the desires creative choices and practical constraints of their differing producers and consumers It is precisely in the crossing of these currents that plots thicken The translation of dirty realism its reception in Spain and its cultural legacy as appropriated by the young Spanish writers serve to interrogate a perceived U S hegemony If Spanish realismo sucio has been

said to be symptomatic of the globalization of literature Forth and Back argues that the Spanish works in question posed a subtle reaffirmation of Spanish literature's strong ties to realist fiction a gesture of continuity in a decade that seemed to presence the undoing of much of Spain's Spanish-ness Ultimately this project asks an ambitious pair of questions at the heart of human culture how do we read each other quite literally across geography and language How do we construct others and ourselves vis-à-vis those readings

Branding Books Across the Ages Helleke van den Braber, Jeroen Dera, Jos Joosten, Maarten Steenmeijer, 2021-04-20 As marketing specialists know all too well our experience of products is prefigured by brands trademarks that identify a product and differentiate it from its competitors This process of branding has hitherto gained little academic discussion in the field of literary studies Literary authors and the texts they produce though are constantly branded from the early modern period onwards they have been both the object and the initiator of a complex marketing process This book analyzes this branding process throughout the centuries focusing on the case of the Netherlands To what extent is our experience of Dutch literature prefigured by brands and what role does branding play when introducing European authors in the Dutch literary field or vice versa By answering these questions the volume seeks to show how literary scholars can account for the phenomenon of branding
