This is evolutionary strategy iterative innovation and rapid prototyping all at once Culturematics are fast cheap and out of control Perhaps as important they fail early and often They are the perfect antidote to a world where we cannot guess what's coming next In Culturematic anthropologist Grant McCracken describes these little machines and helps the reader master them Examples are drawn from NFL Films Twitter the Apple Genius Bar Starbucks Ford SNL Digital Shorts Restoration Hardware UNICEF J Crew Pie Lab USA Network and the GEICO gecko For the traditional producers of culture the creators of movies design advertising publishing magazines newspapers and corporate R D this book will inspire new innovation and creativity For the emerging producers of culture the digital players this book will serve as a practical handbook Culturematic our app for creating the world anew
