W. E. B. Du Bois, Ethiopianism, and Black Internationalism Ras Wayne A. Rose, 2023-11-15

Scholarship on Black internationalism has experienced a revival Whilst this scholarship has increasingly turned towards examining Du Bois's thoughts on the color line in a global rather than national context none do so by centering his Ethiopian centered perspective This book provides an examination of Du Bois's efforts to link African Americans Afro Caribbean and the Pan African project to Ethiopia as a response to the emerging question of Black historical identity For Du Bois Ethiopia Ethiopian history and its monarchical leadership were essential to resolving the global problem of the color line He believed that Africans in the Diaspora especially in the United States and Africans across Ethiopia should build reciprocal relations with Ethiopia for the benefit of the Black Race and their mutual development Du Bois also made multiple attempts to engage and establish relations with Ethiopia and worked through official and unofficial channels to develop those relations By revisiting and reevaluating Du Bois's engagement strategies with Ethiopia the book suggests ways in which his evolving Pan Africanism might be understood differently to how it has been deployed in scholarship on Black internationalism The book provides new perspectives on Du Bois's famous invocation of the global color line by uncovering his conceptual and practical reasons for specifically connecting Ethiopia to African Americans and the issues of global social and economic justice

The Defining the Crossword of Sovereignty and Security Bo Long, 2023-06-05 In general summary on the basis of the perspective of realism this book has thoroughly and critically assessed the international legal topic of the application of the UNCSS in territorial disputes Firstly from the discussion of the initial two chapters it can be learnt that territorial disputes and the UNCSS are mutually important to each

other Meanwhile as the corresponding background there is a lack of relevant legal studies on the present research topic Secondly from the discussion of the middle two chapters it can be learnt that both territorial disputes and the UNCSS have their specific nature and characters As the result it also can be recognized that although the general environment of the international community is pursuing peace and security but the engagement between territorial dispute and the UNCSS is still inevitable Thirdly from the discussion of the final two chapters it can be learnt that due to their diversified advantages and shortages the various measures of the UNCSS can exert different effect on territorial disputes Nevertheless there are well directed ways for the reform of the UNCSS in this field and thereupon an applicable reform scheme can be drafted

Were there any missed chances to build a more peaceful world than the present one after the Cold War Were there any attempts at working out a more comprehensive and more cooperative way to overcome it What was precisely at stake during the Cold War What was really at stake for the losers and what stakes did the winners gain if there are any winners at all Those questions were raised during a seminar where some outstanding scholars were invited to discuss them plainly before an audience of young students in an ancient yet peripheral Italian university The result may be seen as a readable concentration of basic and meaningful insights that often defy a noticeable amount of conventional wisdom on the ground of careful and authoritative scholarly research *Encyclopedia of Human Rights* Edward H. Shinn,2004-03-29 An easily accessible reference guide for Ethiopian historical events important persons geographical locations ethnic groups key issues and common ephemera containing numerous cross references for related items and those known by more than one name **Post-Conflict Referendums and Peace Processes** Kentaro Fujikawa,2024-12-10 This book provides a comparative study of the impact of referendums on conflict resolution and peacebuilding in post conflict societies Post conflict referendums have increasingly been held as part of peace processes While policy makers are hopeful that these referendums serve peace and democracy the burgeoning literature on them has expressed significant reservations about their use particularly on territorial issues because referendums do not have mechanisms for compromise To gauge the actual impact of these referendums on peace processes the book systematically compares three post conflict referendums on self determination held with their respective central governments consent in Eritrea East Timor and Southern Sudan Relying on more than 70 elite interviews it examines 1 the rationales behind the decision to hold referendums 2 the referendums impact on resolving the original self determination conflicts and 3 their impact on post conflict peacebuilding inside the newly independent states The three case studies reveal various rationales behind such referendums and show that referendums play a limited albeit positive role in settling the original conflicts Furthermore holding referendums after civil wars has various positive negative and often unexpected impacts on domestic and international peacebuilding efforts inside newly independent states This book provides careful thorough and well balanced accounts of these referendums impact on peace processes This book will be of much interest to students of peace and conflict studies African and South East Asian politics and International Relations Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Historical Dictionary of Ethiopia David H. Shinn,Thomas P. Ofcansky,2013-04-11 Ethiopia is clearly one of the most important countries in Africa First of all with about 75 million people it is the third most populous country in Africa Second it is very strategically located in the Horn of Africa and bordering Eritrea Sudan Kenya and Somalia with some of whom it has touchy and sometimes worse relations Yet its capital Addis Ababa is the headquarters of the African Union the prime meeting place for Africa's leaders So if things went poorly in Ethiopia this would not be good for Africa and for a long time this was the case with internal disruption rife until it

was literally suppressed under the strong rule of the recently deceased Meles Zenawi. The Historical Dictionary of Ethiopia Second Edition covers the history of Ethiopia through a chronology, an introductory essay, appendixes and an extensive bibliography. The dictionary section has several hundred cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about Ethiopia.

The Horn of Africa Paul B. Henze, 2016-07-27 There are many books on individual countries of the Horn, but this one is unique in treating the region as a whole, stressing interactions among as well as within Sudan, Ethiopia, and Somalia, and in turn their relations with neighbouring regions of Africa and the Middle East. The author summarizes the history of the region from earliest times to the 19th century and then concentrates on Russian and American involvements.

African International Relations Mark W. DeLancey, 2019-03-13 African International Relations is a thoroughly revised and updated bibliography that contains annotated entries for international books and journal articles in the field of African international relations.

The Horn Engaging the Gulf Aleksi Ylönen, 2023-12-28 This book discusses theoretical perspectives of analyzing the relations between the states and non-state actors in the Horn of Africa and their counterparts in the Persian Gulf and the Middle East. Crucially, these relations are examined primarily from the perspective of the diplomatic, economic, and strategic agency of the African states and societal actors. Here, domestic political dynamics and local power play a significant role. Aleksi Ylönen provides a historically informed investigation of recent relations that involve the Gulf States and Türkiye's resurgent interest in the Horn of Africa. The analysis focuses on the post-Arab Spring period following the Iran nuclear deal and the war in Yemen. Featuring case studies from Ethiopia, Somalia, and Eritrea, which highlight engagements of the Horn state and societal actors primarily with the Gulf States and Türkiye, the study provides an empirical analysis of the interactions and connections between the two regions.

The Horn of Africa Kidane Mengisteab, 2013-12-17 The Horn of Africa is a deeply troubled region engulfed in three interlocking crises. The first is a security crisis characterized by a range of devastating inter-state and inter-communal conflicts, including civil wars. The second is an economic crisis evidenced by widespread debilitating poverty, chronic food insecurity, and frequent cycles of famines. The effects of the third environmental crisis are all too visible in the droughts, deforestation, and desertification ravaging the region. What is more, these three crises are mutually reinforcing, locking the region into a cycle of disaster. Conflicts contribute to poverty, which in turn intensifies environmental degradation, leading to scarcities which fuel further conflicts. In this clear and authoritative guide, Kidane Mengisteab explores the key drivers of instability in the Horn of Africa, suggesting structural and institutional changes that, if implemented, could help lift the region out of crisis. The Horn's complex crises must be tackled in a comprehensive manner. But he contends this can only be achieved if the causes of conflict are addressed head-on. Without peace, the region cannot resolve its economic problems and nor can it develop the capabilities required to cope with environmental change. The Horn of Africa will be essential reading for students and scholars in conflict

and security studies as well as anyone with an interest in learning more about the dynamics of this troubled region
