## **Ernest Hemingway Seven Decades Of Criticism:**

**Ernest Hemingway**, 1987     The Critics and Hemingway, 1924-2014 Laurence W. Mazzeno, 2015 Traces Hemingway's critical fortunes over the ninety years of his prominence telling us something about what we value in literature and why scholarly reputations rise and fall Hemingway burst on the literary scene in the 1920s with spare penetrating short stories and brilliant novels Soon he was held as a standard for modern writers Meanwhile he used his celebrity to create a persona like the stoic macho heroes of his fiction After a decline during the 1930s and 1940s he came roaring back with *The Old Man and the Sea* in 1952 Two years later he received the Nobel Prize While his popularity waxed and waned during his lifetime Hemingway's reputation among scholars remained strong as long as traditional scholarship dominated New approaches beginning in the 1960s brought a sea change however finding grave fault with his work and making him a figure ripe for vilification Yet during this time scholarship on him continued to appear His works still sell well and several are staples on high school and college syllabi A new scholarly edition of his letters is drawing prominent attention and there is a resurgence in scholarly attention to and approbation for his work Tracing Hemingway's critical fortunes tells us something about what we value in literature and why reputations rise and fall as scholars find new ways to examine and interpret creative work Laurence W Mazzeno is President Emeritus of Alvernia University Among other books he has written volumes on Austen Dickens Tennyson Updike and Matthew Arnold for Camden House's Literary Criticism in Perspective series     **The Critical Reception of Hemingway's *The Sun Also Rises*** Peter L. Hays, 2011 This History of the criticism of *The Sun Also Rises* shows not only how Hemingway's first major novel was received over the decades but also how different critical modes have dominated different decades and what besides tenure critics of different eras looked for in it As such it shows what has interested critics how they have reinterpreted the novel and how they have seen the characters playing different roles Thus the novel becomes a mirror reflecting not only Paris and Spain in 1925 but us     **A Historical Guide to Ernest Hemingway** Linda Wagner-Martin, 2000-01-27 The 1999 Hemingway centennial marks the perfect time for the reevaluation of his position as America's premier modernist writer These essays all written specially for this collection plumb unexplored historical details of Hemingway's life to illuminate new and often unexpected dimensions of the force of his literary accomplishment Discussing biographical details of his personal and professional life along with the subtleties of his character the text includes a number of fascinating photos and images     *A Cognitive Approach to Ernest Hemingway's Short Fiction* Gabriela Tucan, 2021-04-09 How do readers make sense of Hemingway's short stories How is it possible that the camera like quality of his narrative can appeal to our senses and arouse our emotions How does it capture us With reserved narrators and protagonists engaged in laconic dialogs his texts do not seem to say much This book consciously revisits our responses to the Hemingway story a belated response to his invitation to discover what lies beneath the surface of his iceberg What this pioneering critical endeavor seeks to understand is the thinking required in reading Hemingway's short fiction It proposes a

cognitively informed model of reading which questions the resources of the reader's imaginative powers The cognitive demonstrations here are designed to have potentially larger implications for the short story's general mode of knowing Drawing from both cognitively oriented poetics and narratology in equal measure this book explains what structures our interaction with literary texts     **John Steinbeck and His Contemporaries** Stephen K. George, Barbara A.

Heavilin, 2007-10-02 In March of 2006 scholars from around the world gathered in Sun Valley Idaho for a conference devoted to not only John Steinbeck but also to the authors whose work influenced or illuminates his writings This volume represents the many unique papers delivered at that conference by scholars from around the world This collection includes studies on authors who influenced Steinbeck's work discussions of writers whose work is in dialogue with Steinbeck and examinations of Steinbeck's contemporaries whose individual works invite comparisons with those of the Nobel prize winning author Revealing Steinbeck's penchant for culling all old books the first section focuses on Steinbeck's European forebears particularly Sir Thomas Malory's retelling of the legend of King Arthur *Le Morte d'Arthur* and Henry Fielding's novel *Tom Jones* This section also includes articles on his American forebears Walt Whitman and Sarah Orne Jewett The second part Steinbeck Hemingway Faulkner and Cather includes a personal reminiscence by Ernest Hemingway's daughter in law Valerie as well as comparisons of Steinbeck with other great American authors of the 20th century The third section includes an essay by National Book Award winner Charles Johnson *Middle Passage* as well as articles that compare Steinbeck's work with Zora Neale Hurston Alice Walker and Toni Morrison Further articles are concerned with Steinbeck's moral philosophy and strong sense of social justice eliciting comparisons with Sinclair Lewis Tom Kristensen and Charles Johnson The fourth section Steinbeck the Arts and the World includes articles on the film adaptation of *The Moon Is Down* on Steinbeck and Mexican Modernism on the American experience as portrayed in *The Grapes of Wrath* and Raymond Chandler's *The Big Sleep* and on Steinbeck and ecocriticism The book fittingly concludes with John Ditsky's keynote address *In Search of a Language Steinbeck and Others* which was delivered     Readings of Trauma, Madness, and the Body S.

Anderson, 2012-09-14 In *Readings of Trauma Madness and the Body* Anderson explores how Modernist fiction narratives by Hemingway the Fitzgeralds and H D represent trauma specifically addressing the conflict between speaking about and repressing traumatic memories while also considering how authors' understandings of gender influence their depictions

The Cambridge History of American Modernism Mark Whalan, 2023-07-20 *The Cambridge History of American Modernism* examines one of the most innovative periods of American literary history It offers a comprehensive account of the forms genres and media that characterized US modernism coverage ranges from the traditional such as short stories novels and poetry to the new media that shaped the period's literary culture such as jazz cinema the skyscraper and radio This volume charts how recent methodologies such as ecocriticism geomodernism and print culture studies have refashioned understandings of the field and attends to the contestations and inequities of race sovereignty gender sexuality and ethnicity

*A Companion to Hemingway's Death in the Afternoon* Miriam B. Mandel, 2009 New carefully focused essays providing a thorough examination of Hemingway's groundbreaking non-fictional work Published in 1932 *Death in the Afternoon* reveals its author at the height of his intellectual and stylistic powers By that time Hemingway had already won critical and popular acclaim for his short stories and novels of the late twenties A mature and self-confident artist he now risked his career by switching from fiction to nonfiction from American characters to Spanish bullfighters from exotic and romantic settings to the tough world of the Spanish bullring a world that might seem frightening and even repellant to those who do not understand it Hemingway's nonfiction has been denied the attention that his novels and short stories have enjoyed a state of affairs this Companion seeks to remedy breaking new ground by applying theoretical and critical approaches to a work of nonfiction It does so in original essays that offer a thorough balanced examination of a complex boundary-breaking and hitherto neglected text The volume is broken into sections dealing with the composition reception and sources of *Death in the Afternoon* cultural translation cultural criticism semiotics and paratextual matters and the issues of art authorship audience and the literary legacy of *Death in the Afternoon* The contributors to the volume four men and seven women lay to rest the stereotype of Hemingway as a macho writer whom women do not read and their nationalities British Spanish American and Israeli indicate that *Death in the Afternoon* even as it focuses on a particular national art discusses matters of universal concern Contributors Miriam B.
