Ernest Renan And His French Catholic Critics:

Ernest Renan and His French Catholic Critics Vytas V. Gaigalas, 1972 *Conservative Echoes in Fin-de-Siècle Parisian Art Criticism* Michael Marlais, 2010-11-01 While the painting of the 1880s and 1890s in Paris has been studied in great depth the concurrent art criticism has not been given the attention it deserves *Conservative Echoes* examines previously unexplored aspects of the symbolist criticism of art revealing its conservative nature and thus providing a new view of the art criticism of one of the most significant periods in the development of modern art Art historians tend to focus on a small body of criticism written by authors who championed one or more of the artists recognized today as leaders of the avant garde In essence it is the art that directs most studies of criticism rather than the criticism itself Michael Marlais has studied late nineteenth century criticism on all levels from popular press to esoteric review in order to understand the context in which avant garde art criticism appeared He focuses on the critics Félix Fénéon Albert Aurier Alphonse Germain Camille Mauclair and Maurice Denis noting both conservative and modernist features of their writing while attempting to situate them within the antinaturalist intellectual trends of the period Marlais emphasizes the relationship of avant garde critics to the broader cultural milieu thus providing both a valuable corrective in the study of fin de siècle art history and another way of understanding the cultural climate in Paris during that time *Protestant Theology and the Making of the Modern German University* Thomas Albert Howard, 2006-02-23 In shaping the modern academy and in setting the agenda of modern Christian theology few institutions have been as influential as the German universities of the nineteenth century This book examines the rise of the modern German university from the standpoint of the Protestant theological faculty focusing especially on the University of Berlin 1810 Prussia's flagship university in the nineteenth century In contradistinction to historians of modern higher education who often overlook theology and to theologians who are frequently inattentive to the social and institutional contexts of religious thought Thomas Albert Howard argues that modern university development and the trajectory of modern Protestant theology in Germany should be understood as interrelated phenomena *The Gospel According to Renan* Robert Daniel Priest, 2015 A new and holistic interpretation of one of the non fiction sensations of the nineteenth century Ernest Renan's *Life of Jesus* this volume demonstrates how Renan's controversial work intervened in a remarkable range of debates in nineteenth century French cultural life not merely religious but also social intellectual and cultural *Orthodoxy, Modernity, and Authenticity* Heather Bailey, 2020-10-21 Ernest Renan was one of the most renowned European intellectuals of the second half of the nineteenth century Yet the impact of his most popular work *Life of Jesus* has been underestimated when not altogether ignored While commonplace now the idea that Jesus was merely human was at one time a novelty with significant socio political cultural and religious implications A case study in the Russian encounter with modernity *Orthodoxy, Modernity, and Authenticity* The Reception of Ernest Renan's *Life of Jesus* in Russia demonstrates that Renan's book has had long lasting and broad appeal in Russia because it presents an alternative to a strictly materialist

worldview on the one hand and an Orthodox worldview on the other Renan offered his readers the possibility to accept the tenets of modernity while still retaining both an admiration for the importance of religion in history and a sense of religious feeling or even belief in a higher religious ideal Assessments of Renan's alternative belief system whether positive negative or mixed were often simultaneously evaluations of the moral socio political and spiritual condition of European society in general and Russian society in particular The interpretive history of Renan's *Life of Jesus in Russia* reveals a persistent disillusionment with a strictly materialist interpretation of history and of life

Historical Perspectives on Erklären and Verstehen Uljana Feest, 2009-12-15 twentieth century literature about the distinction between explanation and understanding Second can we do justice to a particular writer's notion of that category by taking at face value what he writes about his own motivation for adopting it In response to both types of questions there is by now a consensus amongst many historians of science and of philosophy that an intellectual history like other kinds of history has to be careful not to uncritically adopt actors categories and b more generally even the actors own thinking about a particular issue has to be contextualized vis vis their other intellectual commitments and interests as well as the complex conditions that make the totality of their commitments possible Such conditions include cognitive as well as practical institutional and cultural factors The articles in this volume respond to these challenges in several ways For example one author Christopher Pincock seeks to read some of the nineteenth century philosophical writings about Erklären and Verstehen as standing for a more fundamental problem which he terms the problem of the unity of experience

Prelude to the Modernist Crisis Alfred Loisy, 2010-12-23 Alfred Firmin Loisy 1857-1940 was a French theologian biblical scholar and Roman Catholic priest Loisy's articles that appeared in the *Revue de clergé français* from 1898 to 1900 under the name A Firmin represent one of the earliest modernist attempts to develop a history of Christianity This book provides new translations of the five theoretical articles from the *Revue de clergé français* which form a theoretical introduction to Loisy's thought and to the more historical concerns of his later writings

Jewish Conscience of the Church Norman C. Tobias, 2017-04-06 This book presents the backstory of how the Catholic Church came to clarify and embrace the role of Israel in salvation history at the behest of an unlikely personality Jules Isaac This embrace put to an end the tradition more than fifteen centuries old of anti Jewish rhetoric that had served as taproot to racial varieties of anti Semitism Prior to Isaac's thought and activism this contemptuous tradition had never been denounced in so compelling a manner that the Church was forced to address it It is a story of loss and triumph and ultimately unlikely partnership Isaac devoted his years after World War II to a crusade for scriptural truth and rectification of Christian teaching regarding Jews and Judaism Isaac's crusade culminated in an unpublicized audience with Pope John XXIII a meeting that moved the pope to make a last minute addition to the Second Vatican Council agenda and set in motion the events leading to a revolution in Catholic teaching about Jews

A Social History of French Catholicism 1789-1914 Ralph Gibson, 2025-06-02 First published in 1989 *A Social History of French Catholicism 1789-1914* is a clear survey of over a

Renan's Life of Jesus and the Orthodox Struggle Against the De-christianization of Christ in Russia, 1863-1917

Heather Leigh Bailey,2001 The Disappearing Christ Phil Maciak,2019-08-27 At the turn of the twentieth century American popular culture was booming with opportunities to see Jesus Christ From the modernized eyewitness gospel of Ben Hur to the widely circulated passion play films of Edison Lumi re and Path from D W Griffith s conjuration of a spectral white savior in Birth of a Nation to W E B Du Bois s Black Christ story cycle Jesus was constantly and inventively visualized across media and especially in the new medium of film Why in an era traditionally defined by the triumph of secular ideologies and institutions were so many artists rushing to film Christ s miracles and use his story and image to contextualize their experiences of modernity In The Disappearing Christ Phillip Maciak examines filmic depictions of Jesus to argue that cinema developed as a model technology of secularism training viewers for belief in a secular age Negotiating between the magic trick and the documentary image the conflicting impulses of faith and skepticism the emerging aesthetic of film in this period visualized the fraught process of secularization Cinematic depictions of an appearing and disappearing Christ became a powerful vehicle for Americans to navigate a rapidly modernizing society Studying these films alongside a multimedia interdisciplinary archive of novels photographs illustrations and works of theology travel writing and historiography The Disappearing Christ offers a new narrative of American cultural history at the intersection of cinema studies and religious studies **The American Monthly Review of Reviews** ,1897 *Modernism and Authority* Charles Palermo,2015-10-13 *Modernism and Authority* presents a provocative new take on the early paintings of Pablo Picasso and the writings of Guillaume Apollinaire Charles Palermo argues that references to theology and traditional Christian iconography in the works of Picasso and Apollinaire are not mere symbolic gestures rather they are complex responses to the symbolist art and poetry of figures important to them including Paul Gauguin Charles Morice and Santiago Rusi ol The young Picasso and his contemporaries experienced the challenges of modernity as an attempt to reflect on the lost relation to authority For the symbolists art held authority by revealing something compelling something to which audiences must respond lest they lose claim to their own moral authority Instead of the total transformation of the reader or viewer that symbolist creators envision Picasso and Apollinaire imagine a divided self responding only partially or ambivalently to the work of art s call Navigating these problems of symbolist art and poetry entails considering the nature of the work of art and of one s response to it the modern subject s place in history and the relevance of historical truth to our methodological choices in the present
