## **Eros And Psyche Strindberg And Munch In The 1890s:**

Eros and Psyche Reidar Dittmann,1982      **Eros and Psyche** Reidar Dittmann,1982      **An International Annotated Bibliography of Strindberg Studies 1870-2005: Autobiographies, novels, poetry, letters, historical works, natural history and science, linguistics, painting and the other arts, politics, psychopathology, biography, miscellaneous, dissertations** Michael Robinson,2008 This copiously annotated bibliography documents and examines the whole range of commentary on Strindberg's works and activity in many fields besides the plays for which he is internationally best known. These include his prose fiction and poetry his work as an historian and natural historian and his relationship to the other arts most notably his painting. It is concerned with both lasting works of literary and dramatic criticism as well as reviews of his books and plays in the theatre and some more ephemeral material all of this in several languages. Organised generically and by subject and individual work the bibliography enables the reader to trace the changing impact of Strindberg and his works in various countries and during different periods. It is thus very much a study in reception as well as a bibliographical record of published material. It traces the developing image of Strindberg and his writing both during his lifetime and in subsequent years and with frequent cross reference offers a comprehensive overview of a literary and existential project that has rarely been matched for its multifaceted diversity. The bibliography is published in three parts. Volume 1 General Studies 978 0 947623 81 4 and Volume 2 The Plays 978 0 947623 82 1 are also now available. Michael Robinson is Emeritus Professor of Drama and Scandinavian Studies at the University of East Anglia Norwich.

**Dagny** Mary Kay Norseng,2018-03-23 A love goddess who was imprisoned and betrayed by love a wife who returned again and again to her childhood home a mother who left her children a writer who preferred silence Dagny Juel Przybyszewska existed in a borderland between myth and reality. Born into an upper class Norwegian family in 1867 she died at the age of thirty three estranged from everyone and everything she had known shot by a neurotic young man in a hotel room in Tiflis near the Black Sea. He wrote She was not of this world she was far too ethereal for anyone to understand her true nature. Dagny Juel was one of four beautiful and talented daughters of a prominent doctor who was attendant physician to the king of Sweden. In 1893 she went to Berlin to study piano and soon she became the central figure in an avant garde group of writers painters and patrons of the arts known as Zum schwarzen Ferkel The Black Piglet. She was painted by Edvard Munch and was the model for the destructive woman of many of Strindberg's writings. In the Berlin circle she met and married the brilliant mercurial Polish writer Stanislaw Przybyszewski. But Dagny was more than the mysterious and provocative muse of two of the major European cultural centers Berlin and Krakow. She herself wrote revolutionary plays and poetry and acted as cultural agent for Scandinavian artists on the Continent. During her lifetime her plays and poems were published in Norwegian Polish and Czech and a collection of her plays came out in Norway as recently as 1978. At once an engrossing elegantly narrated biography and a work of meticulous scholarship Mary Kay Norseng's book is the first full length study in English to examine

Dagny's writings and to explore her relationships. Attempting to sort fact from the sensationalized fiction that has grown up around this remarkable woman, Norseng has consulted all available letters and memoirs of Dagny, her husband, her family, and her acquaintances, as well as Dagny's own writings and the wealth of material written about her. The book resulting from this intensive study will change the way the world has viewed Dagny Przybyszewska while it provides new insights into the literary and artistic environment of fin de siècle Europe.

*Edvard Munch* Louise Lippincott, 1989-03-23 The Norwegian artist Edvard Munch painted his *Starry Night* in 1893 and a century later it continues to intrigue and even mystify viewers. The subject and emotional content of the painting are powerfully felt and yet difficult to define with precision and its style seems strangely far removed from the Impressionist and Realist paintings of the artist's contemporaries. In her fascinating study, Louise Lippincott explores the genesis of this great painting, placing it in the context of Scandinavian art of the late nineteenth century and Munch's own development as an artist. Her generously illustrated and detailed analysis provides a clear understanding of this haunting masterpiece, which is one of the most popular paintings in the J. Paul Getty Museum.

**Avant Garde Theatre** Christopher Innes, 2003-09-02 Innes has produced a brilliant, sensitive, articulate statement. It deserves serious study by all those whose practice and commitment is toward an understanding and expression of this century's theatre.

**Edvard Munch and the Physiology of Symbolism** Shelley Wood Cordulack, Edvard Munch, 2002 This book explores how and why the influential Norwegian artist Edvard Munch exploited late nineteenth-century physiology as a means to express the Symbolist soul. Munch's series of paintings through the 1890s, known collectively as the Frieze of Life, looked to the physiologically functioning and malfunctioning living organism for both its visual and organized metaphors.

ISBN 1 887149 01 5 Denne boken ble utgitt samtidig med utstillingen av en maleriutstilling av Edvard Munchs og Harald Solbergs bilder i National Academy of Design. Munchs arbeid er velkjent, men Solbergs arbeid har aldri tidligere vært vist utenfor Norge. Derfor var det viktig å presentere Solberg sammen med Munch for det amerikanske publikum. Boken gir derfor en fyldig presentasjon av Solbergs liv og arbeid. Den presenterer også de to kunstneres holdning til norske kunstnerkretser, for deretter vise samtlige av utstillingens bilder først i tekst og så i bilder.

Munch and Women Patricia G. Berman, Jane Van Nimmen (ed.), Art Services International, 1997 This volume accompanies an exhibition organized and circulated by Art Services International. The Norwegian artist Edvard Munch has had the misfortune of being labeled a woman hater. Tempering that myth is the mission of this catalogue, and the

accompanying exhibition The book provides extensive evidence of Munch's varied relationships with women who were members of his family friends lovers patrons and subjects of his work Some of these alliances were loving some were social and at least one passion ended in bitter tragedy Munch and Women Image and Myth places the artist's friendships into a unified perspective belying the myth that Munch was a misogynist In all 71 prints and drawings are part of this exhibition
