range of writings about lives or parts of lives or which provide materials out of which lives or parts of lives are composed These writings include not only memoir autobiography biography diaries autobiographical fiction and biographical fiction but letters wills written anecdotes depositions marginalia lyric poems scientific and historical writings and digital forms including blogs tweets Facebook entries On Life Writing offers a sampling of approaches to the study of life writing introducing readers to something of the range of forms the term encompasses their changing fortunes and features the notions of life self and story which help to explain these changing fortunes and features recent attempts to group forms the permeability of the boundaries between forms the moral problems raised by life writing in all forms but particularly in fictional forms and the relations between life writing and history life writing and psychoanalysis life writing and philosophy The essays mostly focus on individual instances rather than fields whether historical theoretical or generic Generalizations are grounded in particulars For example the role of the life changing encounter a frequent trope in literary life writing is pondered by Hermione Lee through an account of a much storied first meeting between the philosopher Isaiah Berlin and the Russian poet Anna Akhmatova James Shapiro examines the history of the cradle to grave life narrative as well as the potential distortions it breeds by focusing on Shakespeare biography in particular attempts to explain Shakespeare's so called lost years

Solitary Pleasures Paula Bennett, Vernon Rosario, 2020-04-23 Solitary Pleasures is the first anthology to address masturbation exploring both the history and artistic representation of autoeroticism Masturbation today enjoys a highly equivocal and contradictory status among cultural discourses relating to sexuality On the one hand it is the subject of much popular treatment especially in sexual self help books advice columns and in pop culture for example Madonna's Like a Virgin performance a recent Roseanne episode and David Russell's movie Spanking the Monkey On the other hand masturbation is still a taboo subject for most people in everyday conversation Perhaps more surprising it has been largely dismissed by academics as a trivial humorous topic and the history of a delusion It was not until the eighteenth century that onanism was portrayed as a morbid act of epidemic proportions that produced pox hair loss blindness insanity impotence and a horrible Its prevention and treatment warranted diverse and often cruel measures surveillance diets drugs corsets electrical alarms urethral cauterization clitoridectomy and labial sewing This literature's apocalyptic warnings about the personal and social morbidity of pollution by the hand are largely unknown to most people today but the ghostly echoes of these admonitions still inform and preserve the present taboo of the subject Why did this apparently innocuous activity become so overpoweringly stigmatized Why was the eradication of masturbation one of the most important goals of 19th century public hygiene Why even after the sexual revolution is masturbation still shrouded in shame
