Wiesner-Hanks, Mathew Kuefler, 2024-04-30 Volume I offers historiographical surveys and general overviews of central topics in the history of world sexualities Split across twenty two chapters this volume places the history of sexuality in dialogue with anthropology women s history LGBTQ history queer theory and public history as well as examining the impact Freud and Foucault have had on the history of sexuality The volume continues by providing overviews on the sexual body family and marriage the intersections of sexuality with race and class male and female homoerotic relations trans and gender variant sexuality the sale of sex sexual violence sexual science sexuality and emotion erotic art and literature and the material culture of sexuality

The First Love Story Bruce Feiler, 2018-03-20 An exploration of the way Adam and Eve introduced the idea of love into the world and how they continue to shape our deepest feelings about relationships family and togetherness Since antiquity Adam and Eve have stood at the center of every conversation about men and women Yet instead of celebrating them history has blamed them for bringing sin deceit and death into the world In this fresh retelling of their story Bruce Feiler travels from the Garden of Eden in Iraq to the Sistine Chapel in Rome discovering how Adam and Eve should be hailed as exemplars of a long term healthy resilient relationship At a time of discord and fear over the strength of our social fabric Feiler shows how history s first couple can again be role models for unity forgiveness and love

A Philosophical History of Love Wayne Cristaudo, 2017-07-28 A Philosophical History of Love explores the importance and development of love in the Western world Wayne Cristaudo argues that love is a materializing force a force consisting of various distinctive qualities or spirits He argues that we cannot understand Western civilization unless we realize that within its philosophical and religious heritage there is a deep and profound recognition of love s creative and redemptive power Cristaudo explores philosophical love the love of wisdom and the love of God and neighbor The history of the West is equally a history of phantasmic versions of love and the thwarting of love Thus the history of our hells may be seen as the history of love s distortions and the repeated pseudo victories of our preferences for the phantasms of love Cristaudo argues that the catastrophes from our phantasmic loves threaten to extinguish us forcing us repeatedly to open ourselves to new possibilities of love to new spirits Fusing philosophy literature theology psychology and anthropology the volume reviews major thinkers in the field from Plato and Freud to Pierce Shakespeare and Flaubert Cristaudo explores the major themes of love of the Church romantic love and the return of the feminine the conflict between familial and romantic love love in a meaningless world and the love of evil and the evolutionary idea of love With Cristaudo the reader embarks on a journey not just through time but also through the different kinds origins and spirits of love

Gardens explores the defining moments in garden design Through profiles of 100 of the most influential gardens Linda Chisholm explores how social political and economic influences shaped garden design principles The book is organized chronologically and by theme starting with the medieval garden Alhambra and ending with the modern naturalism of the Lurie Garden Sumptuously illustrated The History of Landscape Design in 100 Gardens is a comprehensive resource for garden designers and landscape architects design students and garden history enthusiasts

Anatomy of Love: A Natural History of Mating, Marriage, and Why We Stray (Completely Revised and Updated with a New Introduction) Helen Fisher,2016-02-01 A contemporary classic about love now completely revised and updated From love at first sight and infidelity to hook up culture and slow love Dr Helen Fisher the biological anthropologist and renowned expert on the science of love Scientific American explains it all in this thoroughly revised classic on the evolution and future of human sex romance and partnership Examining marriage and divorce in 58 societies and adultery in 42 cultures she argues that we are returning to patterns of business sex and love that echo our ancient past and she is optimistic about our future

[A Natural History of Love](#) Diane Ackerman,2011-06-01 The bestselling author of A Natural History of the Senses now explores the allure of adultery the appeal of aphrodisiacs and the cult of the kiss Enchantingly written and stunningly informed this audaciously brilliant romp through the world of romantic love Washington Post Book World is the next best thing to love itself

[Love in Contemporary British Drama](#) Korbinian Stöckl,2021-01-18 Despite the recent turn to affects and emotions in the humanities and despite the unceasing popularity of romantic and erotic love as a motif in fictional works of all genres the subject has received surprisingly little attention in academic studies of contemporary drama Love in Contemporary British Drama reflects the appeal of love as a topic and driving force in dramatic works with in depth analyses of eight pivotal plays from the past three decades Following an interdisciplinary and historical approach the study collects and condenses theories of love from philosophy and sociology to derive persisting discourses and to examine their reoccurrence and transformation in contemporary plays Special emphasis is put on narratives of love s compensatory function and precariousness and on how modifications of these narratives epitomise the peculiarities of emotional life in the social and cultural context of the present Based on the assumption that drama is especially inclined to draw on shared narratives for representations of love the book demonstrates that love is both a window to remnants of the past in the present and a proper subject matter for drama in times in which the suitability of the dramatic form has been questioned

A History of the Heart Ole Martin Høystad,2009-05-01 A fascinating investigation into the heart the locus of grief joy and power through human culture history myth and science

A Cultural History of the Senses in Antiquity Jerry Toner,2014-10-23 The ancient world used the senses to express an enormous range of cultural meanings Indeed the senses were functionally significant in all aspects of ancient life often in ways that were complex and interconnected Antiquity was also a period where the senses were experienced vividly cities stank statues were brightly painted and literature made full use of sensory imagery to create its

effects In a steeply hierarchical world with vast differences between the landed wealthy the poor and the slaves the senses played a key role in establishing and maintaining boundaries between social groups but the use of the senses in the ancient world was not static New religions such as Christianity developed their own way of using the senses acquiring unique forms of sensory related symbolism in processes which were slow and often contested The aim of this volume is to provide an overview of these structures and developments and to show how their study can yield a more nuanced understanding of the ancient world A Cultural History of the Senses in Antiquity presents essays on the following topics the social life of the senses urban sensations the senses in the marketplace the senses in religion the senses in philosophy and science medicine and the senses the senses in literature art and the senses and sensory media

A History of the Mind and Mental Health in Classical Greek Medical Thought Chiara Thumiger, 2017-06-09 The Hippocratic texts and other contemporary medical sources have often been overlooked in discussions of ancient psychology They have been considered to be more mechanical and less detailed than poetic and philosophical representations as well as later medical texts such as those of Galen This book does justice to these early medical accounts by demonstrating their richness and sophistication their many connections with other contemporary cultural products and the indebtedness of later medicine to their observations In addition it reads these sources not only as archaeological documents but also in the light of methodological discussions that are fundamental to the histories of psychiatry and psychology As a result of this approach the book will be important for scholars of these disciplines as well as those of Greek literature and philosophy strongly advocating the relevance of ancient ideas to modern debates

A New History of French Literature Denis Hollier, 1998-08-19 This splendid introduction to French literature from 842 A D to the present decade is the most imaginative single volume guide to the French literary tradition available in English

A Short History of the Middle Ages, Volume II Barbara H. Rosenwein, 2014-02-14 Barbara H Rosenwein s bestselling survey text continues to stand out by integrating the history of three medieval civilizations European Byzantine and Islamic in a lively narrative that is complemented beautifully by full color plates maps and genealogies The fourth edition begins with an essay entitled Why the Middle Ages Matter Today and the book now covers East Central Europe in some depth New plates and maps have been added along with a new Seeing the Middle Ages feature The sections for further reading have been updated and ancillary materials including study questions can be found on the History Matters website www.utphistorymatters.com

A Short History of the Middle Ages Barbara H. Rosenwein, 2014-01-16 Inleiding in de geschiedenis van de Middeleeuwen

What is the History of Emotions? Barbara H. Rosenwein, Riccardo Cristiani, 2017-12-08 What Is the History of Emotions offers an accessible path through the thicket of approaches debates and past and current trends in the history of emotions Although historians have always talked about how people felt in the past it is only in the last two decades that they have found systematic and well grounded ways to treat the topic Rosenwein and Cristiani begin with the science of emotion explaining what contemporary psychologists and neuropsychologists think

emotions are They continue with the major early foundational approaches to the history of emotions and they treat in depth new work that emphasizes the role of the body and its gestures Along the way they discuss how ideas about emotions and their history have been incorporated into modern literature and technology from children s books to videogames Students teachers and anyone else interested in emotions and how to think about them historically will find this book to be an indispensable and fascinating guide not only to the past but to what may lie ahead *Social Hygiene* ,1916 Journal of Social Hygiene ,1916 **Emotion and the History of Rhetoric in the Middle Ages** Rita Copeland,2021 Presents a history of the ways in which authors of the Middle Ages mobilized the force of emotion in their rhetorical writings and explores the changes that the role of emotion in rhetorical theory underwent during this period in relation to means of textual transmission and conditions of rhetorical teaching A Cultural History of the Emotions in the Medieval Age Juanita Ruys,Clare Monagle,2020-08-20 Our period opens at the end of the Roman Empire when intellectual currents are indebted to the Greek philosophical inheritance of Plato and Aristotle as well as to a Romanized Stoicism Into this mix entered the new and from 313CE imperially sanctioned religion of Christianity In art literature music and drama we find an increasing emphasis on the arousal of individual emotions and their acceptance as a means towards devotion In religion we see a move from the ascetic regulation of emotions to the affective piety of the later medieval period that valued the believer s identification with the Passion of Christ and the sorrow of Mary In science and medicine the nature and causes of emotions their role in constituting the human person and their impact on the same became a subject of academic inquiry Emotions also played an increasingly important public role evidenced in populace wide events such as conversion and the strategies of rulership Between 350 and 1300 emotions were transformed from something to be transcended into a location for meditation upon what it means to be human **Erotic Love Through the Ages** SARDI AUTOR,Sardi,1992

The Top Books of the Year Erotic Love Through The Ages History The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
