[Followed by "A Discourse on the Sanctity and Divine Obligation of the Christian Sabbath" and "The Christian Ministry, and the obligation of churches to its support."] Rev. Southern Baptist Theological Seminary, 1859-2009 Gregory Wills, 2009-07-27 With 16 3 million members and 44 000 churches the Southern Baptist Convention is the largest Baptist group in the world and the largest Protestant denomination in the United States Unlike the so called mainstream Protestant denominations Southern Baptists have remained stubbornly conservative refusing to adapt their beliefs and practices to modernity's individualist and populist values Instead they have held fast to traditional orthodoxy in such fundamental areas as biblical inspiration creation conversion and miracles Gregory Wills argues that Southern Baptist Theological Seminary has played a fundamental role in the persistence of conservatism not entirely intentionally Tracing the history of the seminary from the beginning to the present Wills shows how its foundational commitment to preserving orthodoxy was implanted in denominational memory in ways that strengthened the denomination's conservatism and limited the seminary's ability to stray from it In a set of circumstances in which the seminary played a central part Southern Baptists' populist values bolstered traditional orthodoxy rather than diminishing it In the end says Wills their populism privileged orthodoxy over individualism The story of Southern Seminary is fundamental to understanding Southern Baptist controversy and identity Wills's study sheds important new light on the denomination that has played and continues to play such a central role in our national history *The Theological Review*, 1864 **A Digest of Theology** Henry Robert Percival, 1893 *Christian Examiner and Theological Review*, 1849 Cyclopaedia of Biblical, Theological, and Ecclesiastical Literature: C, D John McClintock, 1868 **Fessenden & Co.'s Encyclopedia of Religious Knowledge: Or, Dictionary of the Bible, Theology, Religious Biography, All Religions, Ecclesiastical History, and Missions ... Maxwell, 2017-02-13 Focused on The Holocaust in an Age of Genocide Remembering for the Future brings together the work of nearly 200 scholars from more than 30 countries

and features cutting edge scholarship across a range of disciplines amounting to the most extensive and powerful reassessment of the Holocaust ever undertaken In addition to its international scope the project emphasizes that varied disciplinary perspectives are needed to analyze and to check the genocidal forces that have made the Twentieth century so deadly Historians and ethicists psychologists and literary scholars political scientists and theologians sociologists and philosophers all of these and more bring their expertise to bear on the Holocaust and genocide Their contributions show the new discoveries that are being made and the distinctive approaches that are being developed in the study of genocide focusing both on archival and oral evidence and on the religious and cultural representation of the Holocaust

Dialectic and Theology in the Eleventh Century Holopainen,2021-11-01 The study provides a reappraisal of the controversy over the value of logic in theology in the eleventh century which has for a long time been a theme central to the historiography of early medieval thought In the four chapters of the work the author gives close exegesis of the central texts by Peter Damian Lanfranc of Bec Berengar of Tours and Anselm of Canterbury respectively and argues that the familiar ways of describing the theme are thoroughly misleading Damian s anti dialectical attitude is less extreme than often claimed Lanfranc s reputation as a dialectician is largely based on misunderstanding whereas Berengar is a sophisticated thinker and a forerunner of scholasticism Of particular interest is the author s discussion of Anselm s ontological argument against the background of the Boethian theory of argument
