How to Be an Effective Communicator Dueep Jyot Singh, John Davidson, 2016-03-18 Table of Contents Introduction Good Communication Is a Natural Skill Expressing Your Views Clearly Proper Communication on Professional Levels Coming across As Wishy Washy Body Language Smiles Hand Gestures Continuous Interruptions Eye Contact Anger and Frustration Nervousness Enthusiasm and Readiness Authority and Confidence Indifference and Boredom Suspicion and Doubt Lying Defensiveness Getting Yourself Understood In Good Voice Are You Sure Mrs Doubt Fact Shoulder to Weep on Conclusion Authors Bio Publisher Introduction Proper and effective Communication is the Name of the Game today That is the reason why half of the scriptwriters of boring long winded soap operas have one of the female characters always telling any male character of which she can get hold We have to talk And she cannot understand why he does not want to talk There is a psychological reason for this Most men do not like long acrimonious and recriminating discussions based on emotions and they may find themselves in the middle of a loud and noisy argument This book is going to talk about the world of relationships and how to be an effective communicator in your professional and personal life How many times have you picked up a novel and read about some of the characters wasting about 186 pages being suspicious about their mate They would rather brood and spoil their previously happy life being suspicious and you see them spending half of the time weeping in their pillow the man puts a detective on to follow his woman and here we have a completely soured lemon of a relationship

A little bit of proper communication at the right time could have set all the doubts to rest The woman just enjoyed shopping every day at one particular time She was definitely not indulging in whatever activity the lurid imagination of the writer thought up And you wasted 2 hours reading a silly sob story about a misunderstanding which would have cleared up with just a little effective communication known as talking

How to Become Effective Communicator at All Levels David a Osei,2019-11-27 Effective communication is a very important skill which you must learn if you want to move ahead in your career No matter what you do and what your intentions are but if you cannot communicate effectively then your whole idea of progressing will fail You cannot tell your plans and goals without an effective communication technique If you are confused while explaining something then people will think that will also be confused while attempting that thing This is natural gesture which every normal person will give you You would have seen around that there are some people with a very confident and alert tone and these people always tend to be more successful and managed in their lives than those who lack self confidence and effective communication skills This is not because the second types of people do not have the working capabilities but it is just that they cannot motivate people to work for them and they can never convince people effectively to team up with them There are certain techniques which can help you out in enhancing your effective communication skills and these techniques will tell you exactly what you lack in being a good speaker as well as a very good listener Some people think that just speaking and expressing is communication but you should know that listening is another veryimportant part of the communication When you listen then you can express yourself and these expressions encourage or discourage the speaker to continue his talks In this EBook I will try to demonstrate all the important techniques which can help you in improving your effective communication and making it more and more effective for yourself
