the strategic role the Cabinet Office plays in delivering government policy The report goes on to consider the approach taken to changes to the machinery of government and the change in the role and function of the Lord Chancellor which took place during Tony Blair s time as Prime Minister The Committee states that the process of change involved wholly inadequate consultation both within government and with the senior judiciary and further states that there was no justification for failure to consult on these important reforms The Committee recommends that in future the Cabinet Office should play a formal role in investigating any machinery of government changes particularly those with constitutional implications Hearings United States.
