

Effective Parenting

James & Claire Dunham

Effective Parenting:

Family Building John Rosemond, 2009-01-01 The truth is child rearing is not complicated Therefore it is not hard There will be difficult moments of course but if a parent is experiencing the rearing of a child or children as generally difficult as emotionally intellectually and even physically exhausting then the parent is doing something wrong John Rosemond Family Building Trusted family psychologist John Rosemond has a revolutionary message for today's parents Your grandparents generation knew a lot more about raising children than all of today's experts The experts have turned child rearing into a complicated exhausting chore rather than the simple straightforward task it should be In Family Building The Five Fundamentals of Effective Parenting Rosemond outlines the five key principles of traditional parenting that are crucial to raising well behaved children today It's about the family not the children Where discipline is concerned it's about communication not consequences leadership not relationship It's about respecting others not high self esteem It's about manners and morals not skills It's about responsibility not high achievement Each chapter includes questions from real parents faced with real life parenting challenges and in his typical no nonsense style Rosemond provides practical solutions Family Building restores common sense to parenting and puts the parents back in charge Once again John Rosemond delivers child rearing wisdom that no parent should miss

Principles of Effective Parenting Joan E. Grusec, 2019-08-13 Grounded in pioneering research this text examines the parenting strategies that help children and adolescents develop into productive happy members of society Rather than advocating one best style of parent child interaction the author identifies five domains of socialization and shows that different ways of responding to children are appropriate for each one Chapters on each domain combine theory empirical findings cross cultural considerations and real world applications Personal recollections from diverse young adults illustrate how parents helped impart important life lessons Learning exercises present examples of children's behavior and invite the reader to select the most effective parenting action from several possible options From publisher's description

7 Traits of Effective Parenting Daniel P. Huerta, 2020-08-18 What does it look like to parent well in today's world In today's complex world parenting is a tough job regardless of whether your child is a baby or a teenager Beyond the difficulties of navigating the changing world we live in there are also the daily frictions of imperfect people sharing a home together In 7 Traits of Effective Parenting Daniel P Huerta offers hope and parenting guidance for you to become a thriving parent Based on extensive research Huerta presents a collection of seven powerful character traits designed to help parents grow and thrive as they take on the task of nurturing and raising kids Parents will be encouraged to navigate family life with grace and love so that their kids ultimately see God's transformative power love and influence In this book parents will learn the necessity of adaptability the foundational nature of respect the importance of intentionality why parenting requires steadfast love and connection to set healthy boundaries how to keep imperfections from hurting your relationship with your kids

The Ten Basic Principles of Good Parenting Laurence Steinberg,2017-03-28 Most parents do a pretty good job of raising kids says psychologist Laurence Steinberg but truly effective parenting means not just relying on natural instincts but also on knowing what works and why In The Ten Basic Principles of Good Parenting Dr Steinberg distills decades of research into a parenting book that explains the fundamentals of raising happy healthy children giving readers an invaluable map to help them navigate parenthood from infancy to adolescence Dr Steinberg found that the basic principles for effective parenting are simple and universal and apply to all parents and children regardless of background He explains each principle and shows how to put it into action using anecdotes and examples from What You Do Matters parents make an enormous difference children are not simply the product of their genes to Establish Rules and Limits how to provide structure in your child s life and how to handle conflicts over rules and Help Foster Your Child s Independence help your child think through decisions instead of making them for him or her Concise and authoritative written with warmth and compassion The Ten Basic Principles of Good Parenting is an intelligent guide to raising a happy healthy child and to becoming a happier more confident parent in the process

Creating Effective Parenting Plans John Hartson,Brenda Payne,2006 According to these pediatric psychologists the best interest of the child calls for a developmentally appropriate parenting plan that is custody that accurately reflects the child s physical and psychological development Even now this concept often faces courtroom challenges as it can conflict with the traditional lawyer client relationship This book explores developing alternate parenting schedules or custody with the child s best interest and developmental needs considered first

The Joy of Parenting Lisa W. Coyne,Amy R. Murrell,2009 In The Joy of Parenting two acceptance and commitment therapy ACT experts provide parents with the tools they need to cope with disruptive and oppositional behavior acknowledge that they don t have to be perfect learn to recognize normal childhood transitions and alleviate their own anxieties to become more responsive flexible effective and compassionate parents

Positive Effective Parenting Carol Lynne,2012-03-20 Positive Effecting Parenting is designed to give parents and others involved with the care and well being of children the understanding and skills that will enable them to raise happy successful self regulating adults It will help them make changes in their childrens attitudes behaviors decrease conflicts stimulate communication and cooperation raise self esteem and enhance what is already working It will also teach parents how to change the quality of adult child relationships Positive Effective Parenting is easy to read and offers some fun as you get to take simple quizzes and answer questions about themselves and other members of the family

Respect Your Children Jay Scott Fitter,2010-03-29 Raising a child in todays world is a challenging task Kids dont come with instruction manuals and no test is required to parent So it makes sense that many of us feel unprepared and unready for the task at hand But the job

doesn't have to be quite so difficult. There are strategies and skills that can help the parenting process be more effective and successful for the whole family. At the center of these techniques is one simple idea: Respect Your Children. So what does it mean to Respect Your Children? It's about communicating with our kids, talking to them and listening to their answers. Understanding the difference between discipline and punishment. It's caring for them with love instead of obligation or resentment. Whether it be teaching or simply chatting on the couch, parents need to tackle every situation from a position that starts with this one overriding principle: respect. Throughout the course of this book, you will learn a variety of tools, skills, and strategies that will help you become a better role model and a better parent. *Twelve Principles of Effective Parenting*

David Celio, 2011. This book is a practical guide for parents who are navigating the storms and stresses of raising middle school children in turbulent times. In today's rapidly changing and demanding world, parents are challenged to identify and follow sound ethical and educational principles to produce happy and successful children. This book offers twelve principles which have been field tested by the author and formulated to serve as guidance for parents of middle school children. If parents can put these principles into practice, they will have secured the basic understanding of a psychologically healthy family life. Dr. Celio has provided this basic training to parents for decades, and they have contributed to happier family lives. He has not only applied these principles to his patients; he has also applied them to his own family with good results. Written by an experienced psychologist who has applied the principles he discusses in his own practice, it has wide applicability to raising children of all ages but is aimed at tweens, middle school children, who are increasingly being identified as an important group for intervention. It is clearly and succinctly written with examples in every chapter and a concluding chapter with a set of additional middle school crisis scenarios that parents might encounter. Applicable to charter schools as well as parochial and private schools wherever parents want the best for their children. **Three Virtues of Effective Parenting**

Shirley Yuen, 2012-02-07. This Asian parenting book applies the wisdom of the Chinese sage Confucius to the challenges of modern parenting. Confucius believed that any change we wish to make in our lives must begin from within. Three Virtues of Effective Parenting calls on readers to develop the virtues to help them understand the changes they can make to become a better parent. Benevolence teaches us how to truly love our children, to guide them with discipline and respect, and to be generous with our time and loving care. Wisdom shows us how to take the right action for the right result, to understand our children's problems, and to acknowledge and learn from our mistakes. Courage helps us to preserve when things go wrong, let go of our children when necessary, and dare to make difficult choices. Readers will discover that the power of virtue is twofold. It will help them to become better people as well as influence and change the behavior of the people around them. Using the tools of Confucian philosophy, this book aims for real-life results in parent-child relationships. Readers will come to understand the three roles they play as parents: the good ruler, the inspiring teacher, and the caring friend. **The 10 Principles of**

Effective Parenting James & Claire Dunham, 2021-01-20. Have you said the following about your kids? I feel completely lost.

and I have no idea what to do with my child or My kid is totally out of control and I don't know where to start You may be a desperate parent and you don't know where to start Well we were right where you are now desperate afraid and feeling helpless We get it The 10 Principles of Effective Parenting was written for you It was also written for anyone who is feeling a little lost and needing some help getting on the path of success We found these principles and effectively worked them in our pursuit of turning our fear into a workable plan and a path toward raising awesome kids These are not rules to follow but rather a way of thinking These principles are like doors you can open enter and explore Each family is different just like the answers are different for each family but they are all based in these principles of truth and it is up to you to implement them for your unique and awesome family This journey is a path you get on to start your transformation There are no quick fixes just a new way of thinking that leads you to being an Effective Parent

The Joy of Effective Parenting, 2024-04-02 The Joy of Effective Parenting is a comprehensive guide to modern parenting offering practical advice insights and strategies to help parents navigate the challenges and joys of raising children in today's world Drawing from the latest research in child development psychology and education this book provides evidence based approaches to parenting that promote positive relationships emotional intelligence and resilience in children From understanding different parenting styles to fostering effective communication emotional intelligence and problem solving skills The Joy of Effective Parenting covers a wide range of topics essential for modern parents It explores the importance of building strong parent child bonds setting boundaries and promoting healthy social and cognitive development in children

The Power of Positive Parenting Matthew R. Sanders, Trevor G. Mazzucchelli, 2018 Safe nurturing and positive parent child interactions lay the foundations for healthy child development How children are raised in their early years and beyond affects many different aspects of their lives including brain development language social skills emotional regulation mental and physical health health risk behavior and the capacity to cope with a spectrum of major life events As such parenting is the most important potentially modifiable target of preventive intervention The Power of Positive Parenting provides an in depth description of Triple P one of the most extensively studied parenting programs in the world backed by more than 30 years of ongoing research Triple P has its origins in social learning theory and the principles of behavior cognitive and affective change and its aim is to prevent severe behavioral emotional and developmental problems in children and adolescents by enhancing the knowledge skills and confidence of parents Triple P incorporates five levels of intervention on a tiered continuum of increasing strength for parents of children from birth to age 16 The programs comprising the Triple P system are designed to create a family friendly environment that better supports parents with a range of programs tailored to their differing needs This volume draws on the editors experience of developing Triple P and chapters address every aspect of the system as well as how it can be applied to a diverse range of child and parent problems in different age groups and cultural contexts
