

DIVINE EDUCATION: WHY IS A REVISION TO CATHOLIC SCHOOL FUNDING NECESSARY IN SASKATCHEWAN?

RESEARCH QUESTION

When it comes to education policy, why is a revision of Catholic school public funding necessary in Saskatchewan? Three policy alternatives are presented to contest this problem, concluding with our policy recommendation.

Figure 1: Status of Faith-Based Funding Across Canada

POLICY ALTERNATIVE 1

Maintain the status quo. Continue to publicly fund the Catholic school system and public school system.

- Limit monopoly forming. School boards operate independently.
- Increased competition among school districts. Competition has a modest positive effect on student achievement [2].
- Maintenance of Canada's historical value.
- Money saved. It's cost effective to keep the school system the way it is.

POLICY ALTERNATIVE 2

Against public funding for Catholic schools. One public school system in Saskatchewan.

- Increased efficiency. The elimination of separate schools and the creation of one school system would eradicate duplicate costs from overlapping school boards and schools operating below enrolment capacity.
- The Ontario public (offers full funding of Catholic schools, similar to SK) has never actually been in favour of public funding for Catholic schools.
- Reduced compliance and administration costs. One federal tax would be collected and one provincial curriculum created per province.
- Horizontal equity. All children would attend the same publicly funded system regardless of their parent's earnings, where they live, etc.
- Political viability. Yes there are some issues but it is possible. Newfoundland adopted a non-denominational, single, secular school system in 1997 [3].

POLICY ALTERNATIVE 3

Nominal funding for all religions who can make a case for their school.

- The existing system is not horizontally equitable.
- Creation of viability. If two systems are good, wouldn't three systems be better?
- Increased choice. Within a school district, people would be able to cast their votes on their choice of education. If you're in a predominantly Catholic area and have 80% of votes towards Catholic education, Catholic funding would remain.
- Inclusivity. We know partially funded schools can exist. We want to be inclusive of all religions, not just Catholic.
- Expensive allocation period. Adding a step to the system.

POLICY RECOMMENDATION

Policy Alternative 2: One public school system in Saskatchewan.

We believe that public schools have an important integrating function encouraging interaction of children from all socio-economic backgrounds and of all religious beliefs. Public tax dollars should not support faith-based education. This encourages segregation of the liberal-democratic nature of Saskatchewan. Funding numerous religious educations in addition to a standard public school system across is inefficient and expensive, therefore we recommend one public school system in Saskatchewan [4].
