Comer, 2010-07-27 Taking a look at the field of abnormal psychology including major theoretical models of abnormality, research directions, clinical experiences, therapies, and controversies, this book covers personality disorders, the psychodynamic perspective, neuroscience, the empirically based treatment movement, and more. **Homeless in America** Carol L. M. Caton, 1990-02-22 The 1980s have witnessed a dramatic increase in homelessness among impoverished and dependent persons, particularly in major metropolitan areas. In this in-depth study, Carol L. M. Caton and her colleagues synthesize the available information on this alarming trend, providing a comprehensive discussion of the causes and historical antecedents of homelessness and answering such questions as: Who are the homeless and what are their day-to-day lives like? What can be done to help the homeless and ensure that society meets its responsibility to them? How many homeless are there and why are their numbers increasing? In addressing these questions, *Homeless in America* describes various public and private shelter programs and, utilizing a unique scientific approach, discusses social and economic policy innovations aimed at independent living. The result is an invaluable resource for students in the social sciences, medicine, law, public policy, and social work, as well as for mental health professionals. **The Vietnam Veteran in Contemporary Society** United States.
