Resisting Austerity Cristina Flesher Fominaya, Graeme Hayes, 2019-10-23 Following the subprime lending crisis and the financial market crash of 2008 9 governments throughout Europe implemented a series of debt reduction measures collectively known as austerity Across the continent citizens and social movements mobilized dramatically against these measures calling strikes occupying public squares and developing new forms of political action These movements challenged the political and economic elite consensus that there was no alternative to cutting spending and protecting the financial industry at the expense of the public sector they also challenged the political systems that gave rise to these measures and assumptions demanding democratic renewal and imagining new modes of citizenship and political participation In order to better understand this wave of protest its common themes its local contexts its ideas and its actions this collection brings together leading scholars in the field to provide a series of theoretically grounded empirically rich analyses of Europe s anti austerity mobilizations This book was originally published as a special issue of *Social Movement Studies*

A Passion for Egypt Julie Hankey, 2001-09-27 The biography of Arthur Weigall the British Egyptologist who was involved in the exploration and conservation of the monuments and antiquities of a region stretching from Luxor to the Sudan border At a time when Egypt was being ransacked by private collectors and the agents of Western museums it was said that without Weigall much more would have been lost altogether most notably the wall paintings in the Tombs of the Nobles The enthusiasm and energy of the man and of the books and articles he wrote played a large part in popularising Egypt and Egyptology and in promoting the then radical view that Egypt s antiquities belonged to the Egyptians When in 1922 Tutankhamun s tomb was discovered by his old colleague Howard Carter Weigall came into open conflict with Carter s patron Lord Carnarvon for his handling of the question of rights in the tomb and for his sale of information from it to the

London Times Following Carnarvon s premature death in Egypt it was Weigall s remarks to the press that led to the notorious story of the Curse of the Pharaohs a myth that persists to this day Weigall had many talents he also designed theatre scenery made films and wrote novels But his real legacy derives from his passion for Egypt both ancient and modern a passion that informs the whole of his compelling story Frances Willard Ruth Bordin,2014-07-01 Frances Willard 1839-98 national president of the WCTU headed the first mass organization of American women and through the work of this group women were able to move into public life by 1900 Willard inspired this process by her skillful leadership her broad social vision and her traditional womanly virtues Although a political maverick she won the support of the white middle class because she did not appear to challenge society s accepted ideals
