The Visions of the Pylons J. Daniel Gunther, 2018-06-18 Here is a modern grimoire and record of a vision quest utilizing Aleister Crowley's instructions for astral exploration as given in Notes on the Astral Plane published in *Magick in Theory and Practice* Daniel Gunther provides a detailed account and interpretation of a series of visions exploring the Pylons of the Duat or Starry Abode To the ancient Egyptians the Duat was the place where the sun god Ra made his 12 hour nocturnal journey through the underworld The Visions of the Pylons describes a perilous journey where the gate of each hour is protected by a fearful guardian or watcher In modern Jungian psychology terms the Duat is a representation of the unconscious of mankind inhabited by gods and daemons the living symbols called primordial images or archetypes The author's study of the ancient texts led him to suspect that these Pylons were also hidden gateways to the higher planes of the Tree of Life possibly including secret entrances to the thirty Aethyrs as described by Elizabethan magician John Dee *The Monist* Paul
