Encyclopedia Robert L. Gale,1995-04-30 Herman Melville is one of the most challenging authors of American literature Known primarily as the author of Moby Dick he wrote several other novels short stories and poems With the rise of interest in Melville in the 20th century critical and biographical studies of Melville continue to be published at an ever increasing rate This encyclopedia is a comprehensive guide to Melville s rich and complex literary career The volume includes several hundred alphabetically arranged entries for all of Melville s works and characters and for his family members friends and acquaintances Entries on the most important topics include bibliographies The encyclopedia is more factual than critical but scholarship from 1990 and beyond is emphasized throughout The book also gives special attention to the 19th century women who influenced Melville for these women have often been overlooked A chronology overviews the principal events in Melville s life and a selected bibliography lists major studies **Emerson as Poet** Hyatt Howe Waggoner,2015-03-08 Since Yvor Winters famous denunciation of Ralph Waldo Emerson and his writings in the 1930s major critics have been silent on the subject and Emerson scholars have generally avoided critical evaluation Hyatt H Waggoner reopens the debate arguing that past criticism of Emerson has been limited by the inevitable but unfortunate influences of cultural relativism and personal taste He suggests that by concentrating on the stabilities on the recognizably similar patterns of response by critics to Emerson as poet one can arrive at a portrait that transcends changing cultures and preferences His book thus combines a full critical re evaluation of Emerson s poetry with a thoughtful commentary on the ways in which critics and readers approach poetry Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These

H. Lawrence Read Herman Melville* Kevin J. Hayes,2021 Details Lawrence s reception of Melville and reveals his underacknowledged role in the Melville Revival while contributing to the history of the book and the study of the creative process The Critical History of Edgar Allan Poe's The Narrative of Arthur Gordon Pym Ronald C. Harvey,2015-12-22 The Critical History of Edgar Allan Poe s The Narrative of Arthur Gordon Pym A Dialogue with Unreason traces the complex scattered criticism of Poe s most anomalous work as it has steadily grown in prominence to a central position in the study of Poe and American literature The winding route the criticism of Pym has charted as convoluted as the narrative itself has been a history of disagreement at almost every level at which critics and scholars read texts including the nature and genre of the work the seriousness or levity of the author s intent and its stature as a work of genius hackwork or something in between The unique set of thematic and narrative problems the work poses has eluded every hermeneutic structure brought against it so far consistently undermining the very reading strategies it seems to invite The only comprehensive critical history and bibliography of Pym this study fills a large hole Poe scholars have long felt as it analyzes the ways in which critics and critical camps have attempted to confront rationalize contain or evade its novel and disturbing features In the process the criticism is correlated with the popular reception and the international response Because literary history has entangled no author with his work more than Poe ultimately this book is as much a study of Poe as of Pym At every point therefore this study embeds the critical response to Pym in the history of Poe studies in general as well as in the larger context of American literary theory and history Includes bibliography and index **Study Guide to Washington Square by Henry James** Intelligent Education,2020-09-12 A comprehensive study guide offering in depth explanation essay and test prep for Henry James Washington Square a simple tragicomedy that is based on a true story As a novel of the nineteenth century illustrates family conflict between a daughter and her unemotional father Moreover Washington Square s omniscient point of view and uncomplicated prose continues to entice readers This Bright Notes Study Guide explores the context and history of Henry James classic work helping students to thoroughly explore the reasons it has stood the literary test of time Each Bright Notes Study Guide contains Introductions to the Author and the Work Character Summaries Plot Guides Section and Chapter Overviews Test Essay and Study Q As The Bright Notes Study Guide series offers an in depth tour of more than 275 classic works of literature exploring characters critical commentary historical background plots and themes This set of study guides encourages readers to dig deeper in their understanding by including essay questions and answers as well as topics for further research
