Eight Mummers' Plays Alex Helm, 1971 Renaissance Drama Arthur F. Kinney, 2005-01-24 This pioneering collection of non-Shakespearean Renaissance drama has now been updated to include more early material plus Mary Sidney's *The Tragedy of Antony* John Marston's *The Malcontent* and Ben Jonson's *Masque of Queens* Second edition of this pioneering collection of works of non-Shakespearean Renaissance drama Covers the full sweep of dramatic performances including State progresses and Court masques Contains material useful for courses on women playwrights or women in Renaissance drama including Middleton's *Chaste Maid in Cheapside* Webster's *The Duchess of Malfi* and Thomas Middleton and William Rowley's *The Changeling* Includes plays and pageants not anthologised elsewhere such as the coronation entries of Elizabeth I and Queen Anne and Thomas Heywood's *A Woman Killed with Kindness* For the second edition more early material has been added such as Noah and *The Second Shepherd's Play* The anthology now also includes Mary Sidney's *The Tragedy of Antony* John Marston's *The Malcontent* and Ben Jonson's *The Masque of Queens* *The Sons of Molly Maguire* Mark Bulik, 2015-01-01 An incisive and original history of the 19th century Irish secret society that instigated America's first labor wars in Pennsylvania Coal Country Peter Quinn author of *Looking for Jimmy* A secret society of Irish peasant assassins the Molly Maguires reemerged in Pennsylvania's hard coal region organizing strikes murdering mine bosses and fighting the Civil War draft Their shadowy twelve year battle with coal companies marked the beginning of class warfare in America But little has been written about the origins of this struggle or the peculiar rites traditions and culture of the Mollies *The Sons of Molly Maguire* delves into the lost world of peasant Ireland to uncover the links between the folk justice of the Mollies and the folk drama of the Mummers a group known in America today for their annual New Year's parade in Philadelphia The historic link not only explains much about Ireland's Mollies why the killers wore women's clothing why they struck around holidays but also sheds new light on the Mollies' re-emergence in Pennsylvania When the Irish arrived in the anthracite coal region they brought along their ethnic religious and political conflicts Just before the Civil War a secret society emerged as did an especially political form of Mummery Resurrected amid wartime strikes and conscription the American Mollies would become a bastion of labor activism **Play Index** Estelle A. Fidell, 1973 *The English Mumming Play* Eddie Cass, Michael James Preston, Paul Smith, 2000 **A Critical Edition of John Fletcher's Comedy, Monsieur Thomas, or, Father's Own Son** John Fletcher, 2019-03-07 Published in 1987 This thesis presents an edition of the author's play *Monsieur Thomas* with a substantial introduction in several sections and a sizeable apparatus **Medieval English Drama** Sidney E. Berger, 2019-07-05 Originally published in 1990 *Medieval English Drama* is an exhaustive bibliography of scholarship on medieval English drama Each item has been annotated in the bibliography with considerable care these annotations are descriptive rather than critical and give a clear synopsis of the content of each reference the texts with which it deals and a brief indication of its critical position The bibliography is divided into two sections editions and collections of plays and

critical works The bibliography is exhaustive rather than selective and provides English annotations for foreign language works as well as a list of reviews for most books The book covers liturgical and folk drama other forms of entertainment and related material useful to researchers in the field The book provides an update of sources not listed in Carl J Stratman s comprehensive Bibliography of Medieval Drama published in 1972 Staging Conventions in Medieval English Theatre Philip Butterworth,2014-06-26 How was medieval English theatre performed Many of the modern theatrical concepts and terms used today to discuss the nature of medieval English theatre were never used in medieval times Concepts and terms such as character characterisation truth and belief costume acting style amateur professional stage directions effects and special effects are all examples of post medieval terms that have been applied to the English theatre Little has been written about staging conventions in the performance of medieval English theatre and the identity and value of these conventions has often been overlooked In this book Philip Butterworth analyses dormant evidence of theatrical processes such as casting doubling of parts rehearsing memorising cueing entering exiting playing expounding prompting delivering effects timing hearing seeing and responding All these concerns point to a very different kind of theatre to the naturalistic theatre produced today **The Routledge Companion to English Folk Performance** Peter Harrop,Steve Roud,2021-07-12 This broad based collection of essays is an introduction both to the concerns of contemporary folklore scholarship and to the variety of forms that folk performance has taken throughout English history Combining case studies of specific folk practices with discussion of the various different lenses through which they have been viewed since becoming the subject of concerted study in Victorian times this book builds on the latest work in an ever growing body of contemporary folklore scholarship Many of the contributing scholars are also practicing performers and bring experience and understanding of performance to their analyses and critiques Chapters range across the spectrum of folk song music drama and dance but maintain a focus on the key defining characteristics of folk performance custom and tradition in a full range of performances from carol singing and sword dancing to playground rhymes and mummers plays As well as being an essential reference for folklorists and scholars of traditional performance and local history this is a valuable resource for readers in all disciplines of dance drama song and music whose work coincides with English folk traditions **A Dictionary of English Folklore** ,2003-10-09 Are there any legends about cats Is Cinderella an English story What is a Mumming Play The subject of folklore covers an extremely wide field with connections to virtually every aspect of life It ranges from the bizarre to the seemingly mundane Similarly folklore is as much a feature of the modern technological age as the ancient world of every part of the country both urban and rural and of every age group and occupation Containing 1 250 entries from dragons to Mother Goose May Day to Michaelmas this reference work is an absorbing and entertaining guide to English folklore Aimed at a broad general readership the dictionary provides an authoritative reference source on such legendary characters as The Sandman Jack the Giant Killer and Robin Hood and gives entertaining and informative explanations of a wide range of subjects in folklore from

nosebleeds and wishbones to cats and hot cross buns From an exemplary clear and concise introduction to an admirably comprehensive yet selective bibliography but above all from more than 1 250 A Z entries in between it is good to know that Oxford University Press can still commission and publish new standard reference titles A welcome degree of scholarly rigour coverage is excellent the quality of the entries is also outstanding It is all very readable concise and clear throughout another one of those reference works one can wish to read from cover to cover a huge amount of fascinating material in this clearly and attractively designed deceptively concise and reasonably priced volume It becomes at once a new standard reference book in its field As such it belongs in any reference collection in or about England and any collection dealing with folklore Library Review *The Globalization of Rural Plays in the Twenty-First Century* Alin Rus,2022-11-14 The

Globalization of Rural Plays in the Twenty First Century excavates the neglected ideological substratum of peasant folk plays By focusing on northeastern Romania and southwest Ukraine two of the most ruralized regions in Europe this work reveals the complex landscape of peasant plays and the essential role they perform in shaping local culture economy and social life The rapid demise of these practices and the creation of preservation programs is analyzed in the context of the corrosive effects of global capitalism and the processes of globalization urbanization mass mediatization and heritagization Just like peasants in search of better resources rural plays migrate from their villages of origin into the urban modern and more dynamic world where they become more visible and are both appreciated and exploited as forms of transnational intangible cultural heritage *Magic on the Early English Stage* Philip Butterworth,2005-10-06 An original investigation into conjuring tricks and stage magic on the medieval stage *The Oxford Handbook of Tudor Drama* Thomas Betteridge,Greg Walker,2012-07-19 This is the first comprehensive study of Tudor drama that sees the long 16th century from the accession of Henry Tudor to the death of Elizabeth as a whole taking in the numinous drama of the Mystery Plays and the early work of Shakespeare It is an invaluable account of current scholarship and an introduction to the complexity of Tudor drama

Stations of the Sun Ronald Hutton,2001-02-15 Comprehensive and engaging this colourful study covers the whole sweep of ritual history from the earliest written records to the present day From May Day revels and Midsummer fires to Harvest Home and Hallowe en to the twelve days of Christmas Ronald Hutton takes us on a fascinating journey through the ritual year in Britain He challenges many common assumptions about the customs of the past and debunks many myths surrounding festivals of the present to illuminate the history of the calendar year we live by today *Drama Magazine* Charles Hubbard Sergei,William Norman Guthrie,Theodore Ballou Hinckley,1927 *The Drama Magazine* ,1927 *Notes and Queries* ,1906 *European Theatre Performance Practice, 1400-1580* Philip Butterworth,2017-03-02 This volume brings together important records of medieval theatre practice between 1400 and 1580 The records are drawn from a wide range of spheres including civic ecclesiastical trade and guild records and consist of payments for materials techniques and services also included are some eye witness accounts Alongside these records is a selection of the best contemporary research

conducted into medieval performance practice which features ground breaking analysis and challenges current understanding knowledge and authority in this field These contributions of rigorous scholarship complement and support the work of the well known Records of Early English Drama project and help to further illuminate contemporary fifteenth and early sixteenth century theatre performance practice **Renaissance Drama Supplement** ,1976 The Illustrated London News ,1866
