The Modern Library, in less than ten years, has become the most important collection of attractively priced books of the better kind in America, its scope constantly growing, and its popularity spreading to every corner of the world where English books are read.

The reason is obvious. Modern Library books give full value. The titles are selected with rigid care to represent the very best in modern literature and thought. Constant improvement is being effected in the manufacture of the books. Third Series](#) Library of Congress. Copyright Office, 1979      [Women Editing/Editing Women](#) Chanita Goodblatt, Ann Hollinshead Hurley, 2009-01-14 This collection of essays links current research in the writings and editing of early modern women and in those women who were themselves early editors with a new methodology of editing currently titled the new textualism As such the collection seeks to solve two problems The first concerns the difficulty of editing the works of early modern women writers for whom there is little biographical data a challenging task when the standard life and works format is thus inhibited Second related but slightly different occurs because although we know that there were women who edited in the early modern and even later periods we know little about them as well The new textualism approach to editing which focuses on the material properties of the manuscript or book its print or performance history and records of its dissemination and the sociology of texts provides a fruitful solution to both problems by broadening the concept of agency and hence provides a richer context for the production of a given text The collection includes two sets of essays One set has been reprinted from seminal works in the field of new textualism These

include writings by recognized figures like Jerome McGann Leah Marcus and Wendy Wall among others As such that set provides background for the reading of the second a group of six original essays by scholars now working in the field of early modern women writers who directly apply aspects of the new textualism in their research The fusion of the research field of retrieving early modern women writers with the practices of new textualist editing is thus the core of this collection of essays and is illustrative of what can be achieved in the field of editing when this new approach to texts is put into practice

Copyright Office,1949 **Shakespeare's 'Lady Editors'** Molly G. Yarn,2021-12-09 The basic history of the Shakespearean editorial tradition is familiar and well established For nearly three centuries men most of them white and financially privileged ensconced themselves in private and hard to access libraries hammering out their versions of Shakespeare s text They produced enormous learned tomes monuments to their author s greatness and their own reputations What if this is not the whole story A bold revisionist and alternative version of Shakespearean editorial history this book recovers the lives and labours of almost seventy women editors It challenges the received wisdom that when it came to Shakespeare the editorial profession was entirely male dominated until the late twentieth century In doing so it demonstrates that taking these women s work seriously can transform our understanding of the history of editing of the nature of editing as an enterprise and of how we read Shakespeare in history The Collected Letters of Robinson Jeffers, with Selected Letters of Una Jeffers James Karman,2011-10-12 The 1930s marked a turning point for the world Scientific and technological revolutions economic and social upheavals and the outbreak of war changed the course of history The 1930s also marked a turning point for Robinson Jeffers both in his career as a poet and in his private life The letters collected in this second volume of annotated correspondence document Jeffers rising fame as a poet his controversial response to the turmoil of his time his struggles as a writer the growth and maturation of his twin sons and the network of friends and acquaintances that surrounded him The letters also provide an intimate portrait of Jeffers relationship to his wife Una including a full account of the 1938 crisis at Mabel Dodge Luhan s home in Taos New Mexico that nearly destroyed their marriage A Life Disturbed Merrel D. Clubb, Jr.,2011-06-01 An exceptional storyteller with an analytical eye Merrel Clubb has gathered the letters he sent his parents from the Pacific Theater of World War II and his subsequent reflections on that war and on his life into a kind of then and now memoir The letters are a treasure trove of humor anxiety and hope revealing a young man thrust into a war that he does not understand Through this exceptional portal on the past

we learn of the tragic absurdity of war of a soldier trained for naval warfare but sent into land battle with weapons he'd never before fired of command post latrines at which even commanding officers were sitting ducks of the ghoulish trophies and mementos that soldiers collected from the battlefields The letters describe a vivid cast of characters from Clubb's childhood friend who instilled a love of poetry in his comrades to the hillbilly singer and the prostitute with whom the young Clubb had varied amorous adventures But the most compelling figure in this narrative is of course Clubb himself an intellectual who carried Jane Austen and Joseph Conrad along with his tommy gun who used books as a fortification for his foxhole discovering upon waking one morning that Ouspensky stopped a bullet and who in a darkly humorous moment wrote home that Plato is pretty consoling because I can always think that somewhere there is a perfect hell of a navy of which this is but an imitation or representation Returning to these letters years later prompts Clubb to look again at the Second World War and at the atomic bomb that ended it In an analysis as useful to understanding our own historical moment as it is to reconsidering the past Clubb counters the conventional wisdom shared by veterans and civilians alike particularly regarding the concept of a just war For Clubb as for so many veterans the war does not end with the victory over Japan Despite the intervening years Clubb finds that the haunting episodes experienced over half a century ago echo still Even in the solitude of the forest in the hunting parties he meets in the animals he himself kills he hears again the sound of battle sees again the faces of the victims of war Part letters part memoir and part scholarly analysis this volume ranges over a vast colorful and weighted territory From the battles and respites in the Pacific Islands to the night clubs and call girls of mainland San Francisco and San Diego from the relative quiet of his aptly named hometown Stillwater to the similarly quiet Montana backcountry Clubb's narrative explores the psychological terrain of a life disturbed and forever changed by war

Pull Of History. The: Human Understanding Of Magnetism And Gravity Through The Ages Yoshitaka Yamamoto,2017-12-28 This book seeks to understand what bring to pass the birth of modern physics by focusing upon the formation of the concept of force This would be the first book to note the important role magnetism has played in this process Indeed the force between celestial bodies before the introduction of the Isaac Newtonian gravitational force is first introduced by Johannes Kepler by

analogy with the magnetic force Moreover this book by concentrating our attention on the magnetism fully describes the developments and the recognition of the force concept during the Middle Ages The detailed description of the Middle Ages and the Renaissance is a strong point of this book By discussing and emphasizing on the role accomplished by the magnetic force this book makes clear the connection between the natural magic and the modern experimental physics This book will open up a new aspect of the birth of modern physics Annual Report of the President of Smith College (varies Slightly) Smith College,1925 **The 1940 Under the Volcano** Malcolm Lowry,2015-10-22 The 1940 Under the Volcano hidden for too long in the shadows of Lowry s 1947 masterpiece differs from the latter in significant ways It is a bridge between Lowry s 1930s fiction especially In Ballast to the White Sea and the 1947 Under the Volcano itself Joining the recently published Swinging the Maelstrom and In Ballast to the White Sea The 1940 Under the Volcano takes its rightful place as part of Lowry s exciting 1930s early 40s trilogy Scholars have only recently begun to pay systematic attention to convergences and divergences between this earlier work and the 1947 version Miguel Mota and Paul Tiessen s insightful introduction together with extensive annotations by Chris Ackerley and David Large reveal the depth and breadth of Lowry s complex vision for his work This critical edition fleshes out our sense of the enormous achievement by this twentieth century modernist Published in English *Books in Print* ,1959
